### RESCUED BY YOUNG LADIES.

Saturday's World reports the plucky action of Miss Annie McLean, daughter of Dr. McLean of Woodbridge, and Miss Grace Ayer of Montreal. Those young ladies, who are companions at Moulton College, were visiting Mr. Elder at Elders Mills, and while preparing for fishing on the shore of the Humber river observed the young son of Mr. Elder slip and fall into about 16 feet of water. The current carried the boy out about 100 yards. The two girls plunged into the water, and caught the lad who was sinking for the third time. Between the two girls they succeeded in swimming with him to shore and resuscitating him. The act was commendable in every way showing not only pluck but a great deal of skill, swimming as they did, with their wearing apparel on. Naturally the young ladies are receiving many hearty congratulations.

THE LIBERAL and The Weekly Sun, the latter being an excellent farm and market paper, will be sent to the end of the year for 60 cents. This is an offer that should be snapped up by scores of people who do not take the above papers.

### CLUBBING RATE.
