P. Patterson, Esq., who is spending a few months at his summer home at Patterson, suffered an accident yesterday afternoon. A ladder on which he was standing in the driving shed fell and Mr. Patterson came to the floor. Some of the ligaments in his leg below the knee received a bad wrench, and it was feared at first a bone was fractured. An examination by a doctor, however, disclosed no fracture.

SIX FOOT TIMOTHY.

This is a year for remarkable growth. Last week one of the city dailies gave the length of some timothy grown in Scarborough township which was considered wonderful growth, but yesterday we saw a stalk of timothy grown on the farm of Mr. Joseph Comisky, which measured 5 ft. 11 inches. This farm some years ago was awarded the silver medal in a provincial contest, and the present owner is keeping it in as good shape as it ever was.

S. S. PICNIC.

The Methodist Sabbath School have completed arrangements for their annual excursion over the Metropolitan and city cars, and picnic at Munro Park next Wednesday. Special cars will leave opposite the church at 8 o'clock, and returning will leave the Park at 7 in the evening. Tickets to the Park, including privileges of tea, milk, etc., will be 50 cents; Children 25 cents. The officers and teachers of the school depend upon the people to make the excursion and picnic a success.

THE LATE ANDREW BOYLE.

Mr. Andrew Boyle, brother of Mr. David Boyle of this place, and father of Mr. David M. Boyle and Mrs. Robert Chipman, Langstaff, died last Sunday at Waldemar, Dufferin County, aged 79 years. Deceased came to this country from Scotland some time in the forties, and was one of the first blacksmiths in Wellington county, where he remained for twenty-five years. While there he lost a wife who had borne him six children. In 1868 he married again, and six children were born to his second wife. He afterwards took up farming and spent ten years in the county of York. Of the 12 children born 7 are still living, and besides his brother in this place, Mr. James Boyle of Sarnia, another brother, survives him. The remains were interred in Greenwood cemetery, Orangeville, on Tuesday, and several of the relatives from this village and Langstaff attended.

STRUCK BY LIGHTNING.

A drive through the country discloses the fact that a large number of trees have recently been struck by lightning. This being the case people should studiously avoid seeking shelter under trees during thunder storms, even at the sacrifice of getting wet. Evidently the tree forms a conductor for lightning. Keep away from it during a storm of thunder and lightning.

MOVING SOUTH.

The company of surveyors who have been surveying for the James Bay Railway and whose headquarters have been at the Dominion House for the past month left Tuesday morning as their work was getting too far south. They have removed to the York Mills hotel where they will make headquarters until the balance of the survey to Toronto is made, probably three weeks.

CANADA'S OLDEST POSTMASTER

Last Saturday's Illustrated Globe contains an excellent likeness of our esteemed postmaster, M. Teefy, Esq. He is introduced as a gentleman "who has handled the Royal Mails for fifty-four years; now in the 83rd year of his age and still serving the public." The Globe gives a short sketch of Mr. Teefy as follows:—"He was appointed to office in December, 1850, having first come from Ireland in 1824. At the time of the rebellion in 1837 he was a printer in the old Patriot office in Toronto. When Mr. Teefy was first appointed postmaster there was no Postmaster-General in Canada, the work of the department then being under the control of the Imperial authorities, with a deputy officer residing in Canada. Those were the days of high postage rates. To send a letter from Richmond Hill to Toronto or fifty miles beyond cost 4 1/2 pence, or 7 1/2c; to Montreal 23 cents; to Halifax, 64 cents. Mr. Teefy has lived to see wonderful changes in the postal system, not least of which is the immense increase in the volume of mail matter transmitted. Mr. Teefy is still in vigor of mind and body, despite his fourscore years and two, and besides his duties as postmaster he is Clerk and Treasurer of the Village of Richmond Hill. Rev. Father Teefy of St. Michael's College is a son."

BARNS BURNED.

About 8 o'clock yesterday forenoon a fire broke out in the hay mow of Mr. George Robinson, just outside the corporation on the Markham side, and made a clean sweep of all his barns, stables and other farm buildings. A messenger was speedily sent to ring the "fire alarm," and our fire engine and all fire appliances started at once for the scene of the fire. No attempt was made to save the farm buildings, but by hard and judicious work of the fire brigade and neighbors the house was saved, though less than thirty yards from the burning buildings. The roof of the house was on fire in many places, but the flames were finally subdued, though the house was considerably damaged. Fortunately all the live stock in the stables was got out unharmed with the exception of the blood stallion Monotony which it is feared was badly scorched. Most of the implements were also saved. As it was hardly expected that the house could be saved much of the furniture was moved out, and this will be more or less damaged. Although the buildings were insured the loss will be heavy. The barns were on stone or concrete foundation and could not now be replaced for twice the money they cost when first erected. Much sympathy is felt for Mr. Robinson in the unfortunate occurrence. The cause of the fire seems a mystery.

Misses Kathleen and Laura Imes returned Monday evening after spending a week with relatives and friends in Toronto.

"POLITICS IN CANADA."

"Politics in Canada as they are and as they should be" was the subject of an address given by Rev. S. D. Chown, D. D., in the Methodist church Monday evening. Dr. Chown is the representative of Temperance and Moral Reform of the General Conference of the Church. Rev. T. Campbell occupied the chair. The speaker pleaded for Christian citizenship and purity in politics, saying that the eyes of the heathen are watching closely the doings in Christian lands. He had no doubt the Gamey scandal had been heard of in Japan. He had reason to think there were many clean men in public life, and believed four-fifths of them were opposed to crookedness. Some men say "the end justifies the means," and are bound hand and foot to their party. The speaker gave several examples as to how Grits and Tories corrupted the electors. He also condemned party newspapers for their unfair treatment to opponents. The Globe, he said, sat up at night hunting up epithets to hurl at the Conservative party for alleged corruption, but that paper was loath to admit corruption in its own party. The editor, Rev. Mr. McDonald, did acknowledge some time ago that there were baronets on the ship of state and this was made use of politically by the Mail and Empire. His idea was to vote for Christian men in politics and municipal matters. The chairman, in tendering a vote of thanks, said he would not vote for a man of his own party if he did not consider him a good man.
