THE EXHIBITION A SUCCESS.

The officers and directors of the Canadian National Exhibition are to be congratulated on the success of the great fair which closed Saturday night. Fortunately, the weather was favorable during the greater part of the two weeks the exhibition was in progress, and it is safe to say that the thousands of visitors who came from other countries returned home well satisfied with what they saw and heard. A number of years ago pessimists pretended to prophesy that the Toronto Exhibition would not maintain its interest. The exhibition just closed has been more successful than any of its predecessors. Hundreds of Americans were heard to say while at the fair that no state in the Union could present as great an exhibition as that held in Toronto last week.

Indications point strongly to an early dissolution of Parliament, and it is probable that the General Election for the Dominion will take place this fall, not later than November.

Owing to the death of one of the petitioners against the return of E. A. Dunlop, M. P. P. for North Renfrew, the protest proceedings against him are stayed, and the trial will not likely come off on the 27th inst.

Mr. T. Herbert Lennox, Aurora, the petitioner in the protest against the election of Hon. E. J. Davis, M. P. P., North York, is recovering from a dangerous illness of typhoid fever. The election trial is down for September 25, but Mr. Lennox's ill-health may necessitate a postponement.

One of the favorite Tory cries is that, being a French Canadian, Sir Wilfrid Laurier takes no sort of interest in the Canadian militia, but would starve it to death if he could. The figures in the case do not warrant this unfair imputation on the Premier.—From 1868 to 1896 the total expenditure of all kinds on the militia was \$43,750,000. This included the cost of repelling the second Fenian attack and suppressing the half breed insurrection in the North-West.—From 1897 to 1904 the expenditure was \$23,865,000. There were no extra outlays during this period.—To compare the last seven years of Tory rule, 1889 to 1896, with the seven years of Liberal rule from 1897 to 1904, the figures are:—

Tory seven years	..\$12,352,000
Liberal seven years	..23,865,000
	\$11,513,000

This may be cited as evidence of Liberal extravagance, if you like, but it completely disproves the charge that Sir Wilfrid Laurier has purposefully neglected the militia.

Vellore

The long harvest being at last brought to a close, the farmers of this neighborhood are busy these days threshing grain either for themselves or their neighbors. It is not an uncommon thing to see three or four steam threshers at work in the mile-and-a-quarter block. With the exception of wheat, grain is turning out well.

The trustees have made repairs to the school house and fence, and that public institution now presents a creditable appearance.

The municipal council have also made repairs at their Township Hall. Many of the old weather boards had to be replaced by a new one, and a new and substantial platform has been erected at the front. Mr. Levi Kaiser of Woodbridge, who painted the school house, has also the contract for repainting the hall. The hall was erected in 1845 and is in a good state of repair.

Vaughan Council met here Tuesday

afternoon and got through their business shortly after 8 o'clock. Their next meeting will be held on the 11th of October.

MEN'S DISEASES

There is seldom a day that we are not consulted in regard to a condition that, if we were to have seen it in its early stages, the sufferer would have been relieved, cured and saved considerable expense. This we consider is due to lack of knowledge on the part of the doctor who has previously treated the case; therefore, we say to you, if you are suffering from any disease or condition peculiar to men, or if you have been a victim and been disappointed in not getting a permanent cure elsewhere, we would ask that you come to our office for personal examination or write us for a Question Blank for Home Treatment. We will explain to you OUR SYSTEM OF TREATMENT, which we have originated and developed after our whole life's experience in the treatment of special diseases of men. We will give you, FREE OF CHARGE, an honest and scientific opinion of your case. If we find you are incurable we will honestly tell you so. If we find your case curable we will give you a written guarantee to cure you or refund you your money.

—YOU CAN PAY WHEN CURED—

We cure NERVOUS DEBILITY, VARICOCELE, STRICTURES, BLOOD and SKIN diseases, PROSTATIC troubles, BLADDER, KIDNEY and URINARY diseases.
