Edgely CIDER & JELLY MILL

Will run on custom work during September three days only, namely:— Tuesday, Sept. 20 and Monday and Tuesday, 26 and 27 of the last week, and will run first four days of each week during October and November up to and including Nov. 17, 1904. As is well known we make raw cider, boiled cider, apple butter and jelly all from your own apples while you wait. Cider can be boiled to any thickness. Jelly apples should be well ripened and two-thirds sweet. Parties wishing apple butter should keep their peeling apples separate from the cider apples. We expect to buy a quantity of cider apples (from customers only.) As we have now, after many improvements, a capacity of about 3,000 gals. of cider boiled into jelly and apple butter, per day, we hope to give our customers quicker work and better satisfaction than ever. Customers are respectfully requested to do business on the above mentioned days as we live a distance from the factory and customers coming any other day would find it very inconvenient. As will be noticed, the business has changed hands, however, we still intend to take the best of care to please every customer, as the senior member of the present firm is H. Winger, formerly of Winger Bros. So we hope to see all our old customers back again this season as usual, with as many more as possible. Thanking the general public for past favors, we solicit a continuance of the same in the future.

H. Winger & Son.
