is a truthful book of facts and instructive information that is invaluable to the student of intensive farming. It tells how others pick up hundreds of dollars on their places more by forethought and care than by work, and gives names and letters of parties who have found a little breeze to be a good money-maker. Back to Bicycles...

The good old summer time promises to make an early visit this year, so it's back to bicycles again before very

many moons.

There's room in this space to remind you of how good bicycling really is for you and what good bicycles really mean to you.

Bicycling is the best of exercise. It saves time, saves horses, saves leather, nerves and sore limbs. It puts a mile of road within a few minutes' pleasant ride and does lots of other particular things of which you know.

A good bicycle is one which has steadily developed as the automobile has developed until it reached the highest state of perfection in design, finish, stability and comfort. That's the

Cleveland Cushman Frame BICYCLE

It's among the world's best wheels, built by experts, with the accurate aid of automatic machinery and from tested materials. It has all the new features—Hygienic Cushion Frame—Sills Hygienic Handle Bars—Morrow Coaster Brake.

Remember, that unless your bicycle is stamped Hygienic on the rear cushion, and has the flat three-plate spring at the bottom bracket, it is not the genuine Hygienic Cushion Frame.
