**York W. C. T. U.**  
 The York County W.C.T.U. School of Methods held a successful meeting here last Thursday. Delegates were present from Toronto, Toronto Junction, Weston and other places. Sessions were held in the morning and in the afternoon, and a public meeting in the evening. Mrs. E. Cane, owing to ill-health, tendered her resignation as President, and Mrs. Switzer was appointed in her place.

After devotional exercises at 11 a.m. by Mrs. Pauline, Miss Sheppard of Weston gave a bible reading. The session closed with noontide prayer. In the afternoon Mrs. Pauline gave a bible reading, "Decision," and a paper prepared by Mrs. McCordick, who was unable to be present, was read by the secretary, Miss Wiley. Papers were also read by Mrs. McFaul and Mrs. H. E. Irwin, and the Question Drawer was taken by Mrs. Bascom. Solos were sung in the afternoon by Miss Lorine Wright and Miss Janet McDonald.

In the evening the Temperance Hall was fairly well filled when Mr. Mills, of the law firm of Raney & Mills, gave an address. After prayer by Rev. T. Campbell and a selection by the choir, the chairman, Mr. J. H. Sanderson, made a few appropriate remarks. The secretary next read a telegram just received from the late President, wishing that God's blessing may attend the work her sisters are engaged in.

The speaker of the evening explained in his opening remarks that he was a substitute, the gentleman advertised being unavoidably absent. The speaker's remarks were along the line of prohibition and local option. He charged the license commissioners in North York with cutting off a certain license in Sutton in 1902 for political reasons, and condemned the commissioners in West York for granting a license for a hotel near the Canada Foundry. Hon. G. W. Ross was defeated at the recent election by the temperance vote. He expressed regret that Ross had not introduced a strong temperance measure. He would have retired with honor. Mr. Mills eulogized the W.C.T.U. as the best temperance organization in existence, but cautioned the members not to criticize other temperance organizations even if they saw reason for criticism. The people carried the referendum by about 2 to 1, but the late Government made nothing out of it. As for the Whitney Government he did not know anything about it, but he believed the Provincial Secretary would do his duty. He advocated local option which may lead to the closing of the bars and prohibition.

The chairman endorsed the remarks of the speaker whom he thanked on behalf of the W.C.T.U., as well as thanking the musicians and others who had assisted them. Good music was furnished by the choir, and solos were sung by Miss Ida Glass and Miss Ethel Switzer.

**Headford**  
 The Headford Post Office is to be closed on the 15th of this month. The present proprietor, Mr. G. A. McBride, feels that the limited business in the store does not justify him in spending his time inside, therefore he has sold his stock to Mr. McCallum of King City. The goods will be removed to Buttonville where Mr. McCallum will carry on the business recently purchased from Mr. Lunan. Many people in the neighborhood will regret to learn the Post Office is to be closed as after Saturday they will be obliged to go for their mail matter either to Richmond Hill, Victoria Square or Buttonville.

**W. M. S. ENTERTAINMENT.**  
 The annual entertainment of the Richmond Hill Auxiliary of the W.M.S. on Tuesday evening was as enjoyable as it was unique. The chair was ably filled by the President, Mrs. A. Newton, and a good programme of solos, choruses, readings and addresses was rendered by members of the Society. The president in her address thanked the many willing workers in the missionary cause, saying that the members were always kindly and courteously received whenever they appealed to the citizens for help. Mrs. Switzer read a missionary paper, and asked the various members of the Society to give reasons why they objected to send men and money out of the country for the missionary cause. Many of the answers, coined for the occasion, were those often heard, and were amusing. Another novel feature of the entertainment was the experience related by the ladies, telling how they each made an extra dollar for the extension fund. The following numbers were given during the evening:  
 Chorus, members of the W.M.S.  
 Solo, Miss Switzer.  
 Reading, Mrs. Sloan.  
 Solo, Miss Morton.  
 Solo, Miss Switzer.  
 Solo, Miss Morton.  
 Mrs. Hume acted as organist.  
 Rev. T. Campbell spoke of the pleasant entertainment, and moved a vote of thanks, seconded by Mr. Casely, which was unanimously carried. Refreshments were then served to all. The president stated before closing that the amount handed in by the members was \$37.50, and the collection at the door was 10.50.

**CARRVILLE.**  
 Mr. J. Baker, tenant on what was formerly known as the Leaf farm, is a man who appears to be at peace with everybody, yet strange to say for some unaccountable reason his house has been set on fire three times within the past few weeks. On the first occasion when the family was away on a Sunday fire was started both inside and outside. Inside it was found that the wall paper had been burned to the ceiling in one room, but the fire had evidently gone out, of itself. Afterwards Mr. Baker found that during the night boards near the house outside had been saturated with coal oil and set on fire, but which did no damage. On the last occasion the corner of the house was fired in the night, and damaged to the extent of \$30. The buildings, which are owned by Mrs. S. Ritter of Chicago, were insured in the British American, and the contents in the Gore. Much sympathy is felt for Mr. Baker and family as the villainous work is undoubtedly incendiary. Had Mr. Baker not awakened when he did the members of the family would have been burned in their beds. The occurrence places both the owner and the tenant in an awkward position as insurance companies will hesitate to take risks on property when there is incendiarism in the neighborhood.

The best disinfectant of all is sunlight. It destroys by its very brightness all sorts of germs and at the same time helps the growth of plants and animal life. Doubtless all have noticed that mould grows during the night and in dark, damp cellars. Bright sunlight quickly destroys germs, mould or other organisms. That is why it is best to let the sunlight into your houses for its purifying influence.

At the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., Dr. Pierce, chief consulting surgeon, started experiments, some three years ago, with the Finson light in conjunction with the X-ray in the treatment of diseases. He got excellent results therefrom, and was among the first to adapt this remarkable cure to many cases which it was formerly supposed must of necessity be treated by the knife.  
 Not only is Dr. R. V. Pierce notable for his surgical achievements at his hospital in Buffalo, but nearly a third of a century ago he discovered certain roots and herbs which were nature's remedies, and succeeded in putting them up in a form that would be easily procured and ready to use. This he called Dr. Pierce's Golden Medical Discovery. It maintains the patient's nutrition by enabling him to eat, retain, digest and assimilate nutritious food. It overcomes gastric irritability and symptoms of indigestion, and in this way fever, night-sweats, headaches, etc., are done away with. It fortifies the body against the germs of consumption, grip and malaria, it builds up the tissues and puts on healthy flesh.  
 Those desiring to know something about the body in health and disease, also medicine and surgery, without technicalities, should read the "Common Sense Medical Adviser," which can be had for 50 cents in one-cent stamps for the cloth-bound book. Address Dr. R. V. Pierce, Buffalo, N. Y.
