"How to Make Dollars out of Wind"

is a truthful book of facts and instructive information that is invaluable to the student of intensive farming. It tells how others pick up hundreds of dollars on their places more by forethought and care than by work, and gives names and letters of parties who have found a little breeze to be a good money-maker. It tells further how you can secure a Chatham Fanning Mill, use it to your profit, and pay for it later on. Write for this book to-day, without fail. It will come back by return mail.
