NOTES OF PROCEEDINGS IN THE HOUSE OF COMMONS.

AUTONOMY BILLS.

After months of discussion both of Commons on Wednesday passed Transcontinental and Intercolonial 78c to 80c. Manitoba-No. 1 norththe Alberta and Saskatchewan autonomy bills. The last day was marked chiefly by the formality presenting some dozen amendments, the mere reading of which generally \$561,549 in excess. sufficed to bring them before the House. There was a short general talk on clause 16, but Mr. Borden's amendment eventually was defeated by a majority of 68.

ELECTION ACT AMENDMENT.

Mr. R. L. Borden introduced a bill to amend the Dominion elections act by adding a couple of sub-sections. One provides a penalty of \$200 on any person who circulates a false statement of the withdrawal of a candidate, and the other requires all bills, posters and circulars issued in promotion of a candidate's interest to bear the name and address of the printer and publisher thereof. latter, Mr. Borden explained, was taken from the English election act. CHANGES IN THE TARIFF.

The following changes were announced in the tariff by Mr. Fielding:-Rolled oats, duty of 60 cents per hundred pounds; dry white lead, raised from 5 to 30 per cent.; white lead ground in oil, increased from 25 to 35 per cent.; cement, 25 per cent. ad valorem imposed on bags containing cement; wines from South A rica, 25 cents per gallon, to meet the duty on French light wines.

The settlers' effects enactment was made more strict to exclude goods for sale or manufacturing plants. Beet sugar and alluvial gold mining machinery will be continued on the free list till July 1, 1906. Molasses importations from the British West Indies, via Newfoundland, are to be

treated as direct importations. The general condition of Canada's finances, as described by Mr. Fielding, reflected the growth of the expenditure to meet the large needs of the Dominion's development and the outside. failure of revenue to quite keep pace. There was a surplus of \$9.000,000 of ordinary revenue over ordinary expenditure during the year just closed, tut, counting the capital expenditure, the Minister of Finance estimated an addition of \$1,250,000 to the debt on the year's transactions. Fielding emphasized the necessity for caution in expenditure, but repeated the familiar doctrine that "wise expenditure is true economy." The new Transcontinental Railway would involve large expenditures for the next few years, but he believed the House and the country would expect the road to be pushed with all possible
