LATE AND EARLY CAR.

The Metropolitan management advertise on another page a late Saturday night car and an early Monday morning car. The former will leave Toronto at 11 p.m., and the latter will leave Newmarket every Monday morning at 6.15. The service is gradually improving.

A FAVORABLE OPPORTUNITY.

Our advertising columns of this week announce the sale of that well-known cottage a little south of Richmond Hill. It can be made a very comfortable home at very little expense, and will be sold on favorable terms to close an estate. Mr. Alex. Moodie will be pleased to give the desired information to any persons interested.

VERY MEAN.

As a southbound excursion car was passing along opposite the post office about 9 o'clock Saturday evening some ignorant person dashed a pail of water through the open windows, drenching several ladies' dresses and wetting the seats. Motorman Bone stopped the car at once, and he and the conductor endeavored to find the culprit, but the coward fled and could not be found. If the party can be discovered such meanness should not go unpunished.

THEY ALL PASSED.

Mr. T. A. Lamou, Principal of our Public School, and his pupils are to be congratulated on the excellent showing at the recent Entrance Examination. Eleven candidates presented themselves and all passed creditably. The following is the list:—Marjory Boyle, Alice Startup, Harry Naughton, Eva Hill, Wilfrid Redditt, Beverley Walker, Clarkson McDonald, Irene Marsh, Cassie Hill, Mabel Vanderburgh, Percy Hill.

The sad death of Norman Musselman, aged 20 years, by drowning in the Humber has deeply impressed a great circle of acquaintances and friends. The burial took place at the old burying ground at Churchill, Whitchurch, near Musselman's Lake, near which the young man was born. With his family he had for some years lived at Parkdale. His teacher, Dr. Sparrow, and six of his companions accompanied the corpse to its last resting place. The cortege was met at the Union Station by Rev. A. P. Brace, B. D., of Newton Brook, a former pastor, who preached the sermon at Churchill. Revs. J. R. Aikenhead and Geo. Washington also took part in the service.

BROKE LOOSE.

Last Thursday morning Mr. P. Basingwaite's driving mare, hitched to a cart and tied in front of Eyer's hardware store, being frightened by a newspaper blown by the wind, pulled her bridle off and dashed down the street at a lively pace. She took to the sidewalk opposite the Palmer House, where the cart caught the post, and the mare freed herself from the vehicle. A young lady going to the post office barely escaped being run over. The mare was caught and stopped a little south of the Standard Bank, and was led back as cool as if nothing had happened. No doubt Mr. Trench will get a \$5 bill for the repair of the cart.

THE LATE GEO. WARREN.

Geo. Warren, formerly of this place, died at his home in Markham Village on Wednesday of last week. He had been in delicate health for several years past, but his sudden death was unexpected, he having chatted with friends the evening before as he sat outside his shop door. Mr. Warren for the past ten years carried on the business of a jeweller, and for five years was librarian of the Public Library. He was a member of the Methodist church and a Freemason. The funeral took place on Friday and was conducted by the Masonic lodge. He leaves a widow and two children. Deceased, who was 50 years of age, was a cousin of Mr. Warren Hewison and Mrs. A. J. Hume.

YOUNG TORONTOS WON.

A clean and fast lacrosse match was played in the Park Saturday afternoon, and though the visitors won by a score of 9 to 4 the game was exciting from beginning to end, the home men never giving up the struggle till the whistle blew at the end of the match. Unfortunately the Hill team were disappointed in a couple of players who did not come, and as their places had to be filled by others who had no certificates the league match was called off, and only an exhibition game was played. Without individualizing, the home men put up a fine game, but their imperfect catching in combination play plainly showed that some of the players had not had enough practice. Mr. Alex. Sims of Weston, made a strict and capable referee, never flinching in sending players to the fence when they transgressed.

THE DELINEATOR FOR AUGUST.

From the standpoint of fashion the August Delineator is a most attractive number, portraying the midsummer styles in all their charm and variety. And it contains, besides the fashions, many features of interest to the general reader and practical householder. The first chapters of a new serial story by Helen M. Winslow is an item of note; it is called "At Spinster Farm" and relates the actual experience of a woman who forsook the busy city for the countryside and found there real peace and happiness. "The Lucky Piece" is continued, and there are also short stories, by Cyrus Townsend Brady and Lynn Roby Meekins. Of general interest are articles on "Old-Fashioned Timepieces," and "Old-Time Summer Resorts," and Dr. Martin Luther's famous hymn, "A Mighty Fortress Is Our God." Mothers will find Dr. Murray's paper on "Feeding the Child" well worth reading, and for the children themselves there are entertaining stories and pastimes, including an "Animal Fairy Tale" by L. Frank Baum, and a "Son Riley Rabbit" story. House plans and house-furnishing ideas and suggestions in cookery and other housewifely matters complete the number, which is of much interest throughout.

Married.

MORTSON—DOBSON—At the parsonage, Aurora, by Rev. J. H. Stonehouse, on Tuesday, July 11, Jane H. Dobson of Temperanceville to Matthew H. Mortson.

County Constable Tomlinson of North Toronto will make the first claim on the county for the reward of \$25 if he can secure a conviction against an automobilist who did some swift travelling on Sunday along Yonge street. A record of the machine between Eglinton and Aurora, as gauged by Constable Tomlinson and a confederate, showed the time to be 35 minutes. The distance covered was about 20 miles, or at the rate of 35 miles an hour.

A Practical Store

One cannot exist solely on cake. A store cannot be widely useful if it lacks in the practical.

We blend the artistic and the useful—make the useful as artistic as possible, but never slight usefulness for art.

Our organization sees to it that we keep closely in touch with the fountain-head of style.

The needs of the home are varied, and to-day along with beauty, display, we put forward much of homely usefulness.

Is n't it worth while to be known far and near as the practical store?
