

RICHMOND HILL, August 31, 1905

Owing to some work in the printing office which requires our immediate attention we have decided not to publish THE LIBERAL next week. Many county papers have a rule to suspend publication one week every year. It is several years since THE LIBERAL has missed an issue. Correspondents will please bear in mind not to send in news items next week, but to forward in good time for the week following.

Let every one rejoice that the war is over. Let no one say that Japan has conceded too much. Let the world say that Japan has been magnanimous in her hour of victory. Russia has suffered humiliation in the eyes of the world. Japan emerges from the awful conflict stronger than when the struggle began. She can afford to be generous towards her once powerful enemy. All credit to President Roosevelt and those who did what they could for the cause of humanity, in the interests of peace.

Hon. Nelson Monteth, Minister of Agriculture, has expressed his belief that the present would prove to be a banner year for the farmer, crops being good and the prices high. The Minister said:—"Wheat is better than last year; fruit is good; apples fairly plentiful in some districts, though poor in others. The great problem was getting the crop moved. The United States railways afford greater facilities than the Canadian. They really try to move the crop. Though they charge lower rates, they get a much larger freightage and are thus recompensed."

The following editorial paragraph taken from the Era last week is applicable to some other Canadian towns as well as Newmarket: "Don't get the idea into your head that because some Newmarket merchants are not advertising, they have quit business. It's hot weather you know, and it is just possible that they do not care to do much business during the hot weather. If you will notice the City papers, however, you will see that it is just the season of the year when the City merchants are making a push for trade."

Charles Gow, who confessed that he fired the shot that killed young Hill, twelve years of age, near the village of Norwood, was exonerated by a coroner's jury. The verdict is the cause of much surprise, and an investigation will surely take place before the proper authorities. Gow claims that he fired at random, though he knew well that the house was inhabited. In the face of the clearest evidence the jury contended that the shooting was accidental. It would seem that the jury allowed their good judgment to be carried away by public opinion in the neighborhood. There must be something wrong in a community that looks so lightly upon taking the life of an innocent youth.

RACING AT FALL FAIRS

Provincial Superintendent of Agricultural Societies H. B. Cowan has been gathering information in regard to a number of fairs which hold horse races at their fall exhibitions.

As a result of a series of questions sent out to societies it has been found that 144 societies are in favor of horse racing, and 126 against it. Many of the societies in favor of horse racing believe that the value of the purses should be limited. One hundred and forty societies report that they believe horse racing to be necessary for the success of their exhibitions, while 130 are not of this opinion.

In reply to a question asked the so-

cieties as to whether they would consider horse racing necessary were there fewer exhibitions in their vicinity, 118 societies replied that they would, while 152 stated that they would not. The value of the purses offered at the exhibitions last year amounted to considerably over \$25,000. One hundred and twenty-five societies are in favor of restricting the races to horses owned by men living within 20 miles of the fair, while 142 societies stated that they would not be in favor of such a restriction.

Quite a number of the societies are in favor of restricting the value of the purses for horse races to a sum not to exceed one-third of the value of the total amount paid in prizes for all agricultural purposes.

Address and Presentation

The Reeve and Councillors of Vaughan Township, and their wives, met at the home of Mr. and Mrs. J. B. MacLean, Maple, Tuesday evening, when a very pleasant time was spent together. The best of feeling has long existed between Mr. MacLean, as clerk and treasurer of the township, and the various members of the Council, and the latter chose Tuesday evening as a suitable time for expressing their appreciation of his valuable services by presenting Mr. and Mrs. MacLean with a handsome piece of furniture in the form of a couch. The presentation was accompanied by the following address, which was read by Reeve J. N. Boyle:—

Maple, August 20th, 1905.

Mr. and Mrs. J. B. MacLean:

DEAR FRIENDS,—We, the members of Vaughan Township Council, which you, Mr. MacLean, in the capacity of Clerk and Treasurer, have served well and faithfully for a number of years, have met together this evening to wish you and your wife all happiness and prosperity in the career which you are starting together. Our wishes are that our relations with you and yours with the Township which you are serving shall prove as smooth and as pleasant in the future as it has in the past.

We therefore ask you to accept, not as any recognition of your services, but as a small token of our esteem, this couch, accompanied by the very best wishes of the Reeve and Councillors of Vaughan Township.

(Signed),
JOHN N. BOYLE, Reeve;
D. C. LONGHOUSE, Councillor;
ISAAC DEVINS, "
J. S. McNAIR, "
JAS. A. CAMERON, "

The Reeve and members of the Council referred to the efficient services of Mr. MacLean, who had done his work with the greatest satisfaction to all concerned from the date of his appointment to the present time. Mr. MacLean replied in appropriate terms, thanking the Council in behalf of himself and his wife for the gift and the kind words of the Reeve and Councillors, and assuring them that he appreciated the kindness and courtesy shown him by the members. Supper was served during the evening, Mrs. MacLean being assisted by her sister-in-law, Mrs. A. L. McNeil, of Vellore. The hope was expressed that the cordial relations between the Council and the Clerk would long exist.

Best fruit jars in half-gallon, quart and pint sizes, jar rubbers, whole mixed pickling spice, turmeric, curry powder, cloves, mustard seed, celery seed—everything needed for pickling purposes, at Atkinson & Switzer's.

Markham, Oct. 4-6.
Bradford, Oct. 17-18.
Woodbridge, Oct. 18-19.

VOTERS' LIST, 1905.

Municipality of the Village of
RICHMOND HILL
County of York.

Notice is hereby given that I have transmitted or delivered to the persons mentioned in Sections Eight and Nine of "The Ontario Voters' List Act" the copies required by said sections to be so transmitted or delivered of the List made pursuant to said Act of all persons appearing by the last Revised Assessment Roll of the said municipality to be entitled to vote in the said municipality at Elections for Members of the Legislative Assembly, and at Municipal Elections; and that the said List was first posted up at my office at the Village of Richmond Hill on the 21st day of August, 1905, and remains there for inspection.

Electors are called upon to examine the said List, and if any omissions or any other errors are found therein to take immediate proceedings to have the said errors corrected according to law.

A. J. HUME,
Clerk of the said Municipality.
Dated this 21st day of August, 1905. 8-9

Are Your Lungs Worth 25c?

Then why do you cough all day? White Pine and Tar will relieve you the first day. It will stop that cough in a few days more.

We know all about it because we have sold it for years, and we know just what is in it. It is not a cure-all; it's just a Cough Cure, and a good one at that. It's made to cure. That is why we sell so much of it. It's not a patent medicine either. We keep patent medicines, but we do not recommend them. We do recommend White Pine and Tar, and we believe in it so much that we say

"Your Money Back if You Want It."

After you use it once you will believe in it too. It will cost you 25 cents to try it. Are your lungs worth 25 cents?
