

The Liberal.

RICHMOND HILL, September 28, 1905

ILLUSTRATION FAIRS.

All the agricultural societies in the Province, including those in this county have been written to by Mr. H. B. Cowan, Provincial Superintendent of Agricultural Societies and urged to appoint delegates to attend either the Beachburg exhibition in North Renfrew, on October 5 and 6, or the Simcoe exhibition in Norfolk County, October 18th and 19th.

These are two of the very best agricultural societies in the Province. They have both splendid grounds and buildings, the equal of any in the Province, and the grounds and buildings are practically all paid for. The annual report of the North Renfrew society for 1904 showed that its buildings are worth \$13,000, its lands \$3,000, total \$16,900, with liabilities of only \$400. The report of the Norfolk Union Society showed that its lands are worth \$3,000, its buildings \$6,500, total \$9,500, with a mortgage of only \$600. The Ontario Department of Agriculture is arranging for a convention of representatives from the other agricultural societies in the Province at each of the exhibitions. Reduced rates are being secured over the railroads, particulars of which will be mailed your society later. It is expected that delegates will be able to attend at half rates.

The Department believes that the time is coming when there will be a material reduction in the number of societies in the Province and that instead of holding so many small exhibitions, fewer and larger exhibitions will be held. This will make it possible to arrange the exhibitions into circuits and for the various educational institutions of the country to prepare special exhibits to take from one exhibition to another. To illustrate what can be done in this direction the Department is arranging to have a number of educational features at both of these exhibitions. Delegates who attend will be able to gain full information as to the cost of introducing these features and as to the best methods of conducting them at their exhibitions. On the evening of the first day a meeting of the delegates will be held, when an opportunity will be given them to discuss the various features of the exhibition and other matters relating to the management of fairs.

Tuesday's Mail and Empire blames Quebec for the Separate School clauses recently passed for the Western Provinces, and insinuates that the Quebec members voted for them on the understanding that their sessional allowances would be increased. The Mail says:—"The machine majority (from Quebec) would have endorsed any amount of coercion at the price that was paid—\$1,000 extra."

The Mail could have truthfully added:—"And Mr. Borden, the leader of the Opposition, and every Conservative member in the House voted for the extra \$1,000." But with The Mail 'twas ever thus: "The Tories can do no wrong."

Mr. H. B. Cowan, Provincial Superintendent of Agricultural Societies, has received letters suggesting that an effort should be made to close the bars of all hotels within five miles of the place where an exhibition is being held on the day of the exhibition with the intention of getting drunk, and that the scenes around hotels the day of the exhibition, particularly in the evening, are often of the most disgusting nature. It is contended that if the hotels were closed on the day of the exhibition a great blow

would be struck for the purification of the Agricultural Societies. It is probable that the matter will be discussed at the next convention of the Ontario Association of Fairs and Exhibitions.

The Man Who Always Tries

(Ernest Neal Lyon in "Success Magazine.")

Whatever your ambition, lad,
However high the prize,
Its mastery may yet be had
By him who always tries.

Does Fortune—with a roseal view,—
Foretoken fair emprise?
The dreamer's fancy may pursue,—
The plodder wins who tries.

Would you attain to Learning's lore,
And be esteemed wise?
By patient labor grows the store
Of him who always tries.

If Fancy strew the flowers of hope
In beauty 'neath your eyes,
The summit of her shining slope
Remains for him who tries.

Though Truth appear in homely gray,
Her counsel ne'er despise;
She will be clad in light, one day,
To honor him who tries!

Lost

A sterling silver Hat Pin, with emblem of Coat of Arms, Saturday, Sept. 23, between Elgin Mills and Sanderson's drug store.
The finder will be rewarded by leaving at THE LIBERAL office.

Fall Fairs

Orangeville, Sept. 28-29.

ONTARIO SUNDAY SCHOOL ASSOCIATION.

The 40th Annual Convention of the Ontario Sunday School Association, to be held in the City of London, October 24, 25 and 26, promises to be of more than usual interest. Situated in the heart of a district exceptionally strong in Sunday School activity, in a city of handsome churches, model Sunday Schools, hospitable homes, and excellent railroad facilities, the prospects were never more hopeful. The program, which is now being issued, includes the names of a number of Canadian specialists, in addition to Mrs. Lamoreaux, a noted primary worker from Chicago, and Marion Lawrence, the International Secretary from Toledo, Ohio. Seven open parliaments and conferences have been arranged and will undoubtedly prove an attractive feature, and will embrace Primary work, Home Department, House to House Visitation, Parents' Responsibility, and Decision Day. House to House Visitation will no doubt receive special consideration, in view of the interest connected with the movement. During this present year, Visitations have taken place in Hamilton, London, Belleville, Sarnia, Dundas and Deseronto, with the most gratifying results, and it is expected that similar movements will be undertaken in Kingston, Woodstock, Eglington, Pembroke, Port Hope, Berlin, Waterloo, the township of Wingham, in Norfolk County and Toronto, in the near future. Teacher Training will also receive special attention, in view of the fact that this is the first year the department has had a secretary. He has already visited some 38 counties, organized 40 classes with an enrollment approximating nearly 700 students.

PATENTS

MUNN & CO., of the SCIENTIFIC AMERICAN, continue to act as Solicitors for Patents, Caveats, Trade Marks, Copyrights, for the United States, Canada, England, France, Germany, etc. Hand Book about Patents sent free. Thirty-seven years' experience. Patents obtained through MUNN & CO. are noticed in the SCIENTIFIC AMERICAN, the largest, best, and most widely circulated scientific paper. \$3.20 a year Weekly.
