

Quite a temperance wave passed over the Province on Monday. The result of the voting is a decisive victory for local option. The returns are not yet complete, but reports go to show that local option was carried in 46 municipalities heard from, and was defeated in but 7 places. From this it would seem that more than 130 bars will be closed on the first of May.

The Bishop of Toronto and a number of the Anglican clergy of the city wrote a public letter urging the electors to vote for the reduction of liquor licenses, giving their reasons. There has been an alarming increase in intemperance in recent years, and they contended that increased public facilities for drinking mean increased drunkenness. The police reports show an increase of "drunks" from 2,529 in 1885 to 7,149 in 1904, an increase of from 14.3 per thousand of the population to 31.5 in nine years. The clergy maintain that such an increase is "out of proportion."

TEMPERANCE MEETINGS.

The Gospel temperance meetings held in the temperance Hall on Sunday afternoons at 4 o'clock have presented to the audiences gathered there some varied and important features of the agitation for Temperance reform now carried on at so very many centres throughout the province. It is evident that one of the ways in which the settlement of this important and grave question, fraught with so much danger to the church and state, must be brought about is by the enlightenment of the citizens and the conviction of the Christian voter as to his or her duty in the matter. At the regular meeting under the auspices of the W.C.T.U. last Sunday, Mr. Robt. Shaw, Principal of our High School, was chairman, and in a few clear and forceful remarks on the subject to be discussed, introduced the speaker, Mr. Snook of Toronto. Mr. Snook brought to the question a large amount of information as to the evils of intemperance, the distresses of which he had personally come in contact with during his work in the missions in Toronto. Though somewhat fatigued from the work of the day—having preached at Headford and Victoria Square—he endeavored to earnestly present to the Christian people before him the urgent necessity of their increasing activity in operations against the ravages of the liquor traffic. As drunkenness was the meeting of the liquor and the man, manifestly the simple way to avoid drunkenness was to prevent such meeting of liquor and man—and this was the work that local option was intended and expected to accomplish. The meeting of liquor and man was different from the meeting of man with any other commodity in business, for while in all business purchases the transaction was comparatively open to the public and therefore anyone might observe it, the traffic in liquor went on behind doors and shut off from the gaze of the public. If even the traffic were compelled to be carried on like the sale of other commodities the drinking would no doubt be naturally decreased. But being so much concealed from the public gaze as it was tended to increase the drinking and treating habits of men. The only radical cure was to do away with the traffic, and this was all the more imperative because the bar-room was the gateway of ruin to many of the brightest and promising youths of our land, and Christian people could not sit idly by while so many of their brothers and sisters were being lost. Mr. Snook continued the discussion of the subject at the evening service in the Methodist church.

Sale Register.

MAKE MORE MONEY

Bigger Crops of Better Grain. Clean, Large Seed It Pays to Know the Exact Weight of Everything you Buy or Sell. Chicken raising a very easy and simple way of adding to the farm's cash profits.

CHATHAM FANNING MILL

Cleans Wheat, Rye, Timothy, Clover, Millet, Oats, Barley, Flax, Peas, Beans, Corn and all seeds. Large Hopper, Screw Feed easily regulated. Agitator prevents clogging and distributes grain evenly on screen. Lower Shoe keeps screens clean—no other mill has this. End shake and adjustable side shake (three widths). Sixteen screens and riddles, grading anything from finest seed to coarsest grain. Screens japanned—can't rust. Saves screenings for feed. Works easily and smoothly, combines simplicity with ingenuity. The Chatham Fanning Mill will pay for itself over and over in one year. It is the greatest economizer and profit-builder on the farm. It ensures bigger crops of better grain. It is not the best it would not now be in use on hundreds of thousands of farms in Canada and United States. Furnished with or without Bagging Attachment, as desired.

PRIZE AWARDS—Highest awards at World's Fair, St. Louis; Pan-American, Buffalo; World's Fair, Paris, France; Toronto, Winnipeg, Halifax, Charleston, Savannah and Jacksonville.

GUARANTEE—Every mill guaranteed for five years. Lasts a lifetime. We send the Chatham Fanning Mill to any farmer on receipt of his order, at once, without any cash down, and the most liberal terms of payment.

WRITE FOR PARTICULARS AND FREE BOOK. "How to Make Dollars out of Wind."

We can supply you quickly from our distributing warehouses at Calgary, Brandon, Regina, Winnipeg, New Westminster, B.C., Montreal, Halifax, Chatham. Factories at CHATHAM, ONT., and DETROIT, MICH.

CHATHAM FARM SCALE

Three Styles. Capacity 2,000 lbs. You need a Scale on your farm. You need it right now—to-day. Every day you put it off you lose money. Suppose you sell some hogs at 5 cents a pound, and trust to your dealer's scales, which are 1/20 out. That means a loss to you of 50 cents on every 100 pound hog. Then you sell 1000 bushels of grain at 75 cents. This dealer's scales are only 1/100 out, but your loss is \$18.75 on the deal. The loss on a few transactions of this kind would buy a dozen scales. When crops are poor you need every cent they are worth. When they are good you can't afford to throw money away. You need a scale on your farm at all times. Times you think you can afford it, the more you need it.

The important point is to get the right scale. The Chatham Farm Scale is built in three styles, each one strongly and honestly built, ready to stand the roughest kind of usage. Capacity 2,000 pounds—sufficient for all farm uses. The knife edges are of oil-tempered tool steel—practically indestructible—insuring absolute accuracy no matter how constant the use. The Chatham Farm Scale is easily convertible into a useful truck. By moving the lever you throw the weight off the knife edges on to the solid frame of the truck. This preserves the knife edges and gives solidity to the truck. When you move the lever to throw the scale into use again it automatically adjusts itself without any trouble to you. It is the only scale made in Canada that will do this. The Chatham Farm Scale is absolutely accurate. Before we ship a Chatham Farm Scale it is thoroughly gone over by the Government Inspector. It is absolutely accurate he stamps each scale and balance with his official stamp and gives you a certificate of accuracy which goes with the scale. We will ship a Chatham Farm Scale anywhere in Canada. Don't send us any money. Just send in your order and we'll send the scale as fast as the rails can get it to you. Our terms of payment are acknowledged to be the most liberal ever offered. Ask your neighbor. Send us your name and address on a post card and we'll mail you our booklet about the Chatham Farm Scale. Time may mean considerable loss of money to you. Why not send the post card to-day, while you think of it?

CHATHAM INCUBATOR

Poultry raising pays. People who tell you that there is no money in raising chicks may have tried to make money in the business by using setting hens as hatches, and they might as well have tried to locate a gold mine in the cabbage patch. The business of a hen is to lay eggs. As a hatcher and brooder she is outclassed. That's the business of the Chatham Incubator and Brooder, and they do it perfectly and successfully. The poultry business, properly conducted, pays far better than any other business for the amount of time and money invested. Thousands of poultry-raisers—men and women all over Canada and the United States—have proved to their satisfaction that it is profitable to raise chicks with the Chatham Incubator and Brooder. The Chatham Incubator and Brooder is honestly constructed. There is no humping about it. Every inch of material is thoroughly tested, the machine is built on right principles, the insulation is perfect, thermometer reliable, and the workmanship the best. The Chatham Incubator and Brooder is simple as well as scientific in construction—a woman or girl can operate the machine in their leisure moments. Our proposition is this: We will ship you the Chatham Incubator and Brooder, freight prepaid, and

You Pay No Cash Until After 1906 Harvest. Send for our handsomely illustrated booklet entitled, "How to Make Money Out of Chicks."

Send for our handsomely illustrated booklet entitled, "How to Make Money Out of Chicks."

The MANSON CAMPBELL Co., Limited, Dept. No. 276 CHATHAM, CANADA

WAITING FOR DEATH, BUT NOT WITHOUT HOPE

"There is a poor woman in this parish apparently just waiting for death to come through consumption. She has not the means to go to a Sanatorium, or she would probably be at one before this. She is still comparatively strong, walks about quite a lot—drives sometimes, too—but every day, of course, is growing worse. Would there be any possibility of her being taken into your Home for Consumptives? It would be a mercy if she could be permitted to enter it. I would much appreciate an early reply, as every day means so much."—REV. HAROLD SUTTON, Incumbent, Belmont, Ont.

LOST TWO DAUGHTERS

"I am advised by Dr. J. D. Wilson to write you concerning how soon I could get my wife admitted to Consumptive Hospital at Gravenhurst, also please send me pamphlet re terms while there. I have been told that it is free, so please let me hear from you soon as possible. I have lost two daughters, and my wife contracted the disease from our eldest one, who died ten months ago. I am a working man and not able to pay a high rate, but still anxious to do what I can."—A. CAMPBELL, London, Ont.

The above are typical of scores, indeed hundreds, of appeals constantly coming before the trustees of the

Muskoka Free Hospital

for Consumptives

No effort is being spared to meet every call. . . . Not a single applicant has ever been refused admission to the Free Hospital because of his or her poverty,

and the anxiety of the trustees to keep none waiting is shown in the decision reached a few weeks ago to increase the accommodation by twenty-five beds.

This increase in patients will add heavily to the burden of maintenance and can only be covered by increased generosity on the part of friends in all parts of Canada. Patients have been admitted from every Province in the Dominion, and it is with confidence in the response to our appeals, that the trustees believe will come from Canadians everywhere, that these additional burdens have been assumed.

Where a cause more urgent? Where a greater call to help suffering Canadians? Where will your money do more good?

Contributions may be sent to Sir Wm. R. Meredith, Kt., Chief Justice, Osgoode Hall, Toronto, or W. J. GAGN, Esq., 54 Front St. W.

LIVERY COAL WOOD

Coal and Wood Delivered. Prices Right. GOOD LIVERY IN CONNECTION. Threshers' Coal on hand. Michael Bros., Richmond Hill. June 11, 1905

WANTED

One Hundred more Young Men and Women, who are ambitious and enterprising, to qualify in the

ELLIOTT Business College

TORONTO, ONT.

for the many positions open to all those who are thoroughly prepared to accept them. A six months' course in this college means for a young man of the right kind, an educational equipment better than many trades or professions in money-raising power. Students admitted at any time. Circulars free.

W. J. ELLIOTT, Principal, (Cor. Yonge and Alexander Sts.)

Are Your Lungs Worth 25c?

Then why do you cough all day? White Pine and Tar will relieve you the first day. It will stop that cough in a few days more. We know all about it because we have sold it for years, and we know just what is in it. It is not a cure-all; it's just a Cough Cure, and a good one at that. It's made to cure. That is why we sell so much of it. It's not a patent medicine either. We keep patent medicines, but we do not recommend them. We do recommend White Pine and Tar, and we believe in it so much that we say

Your Money Back if You Want It!

After you use it once you will believe in it too. It will cost you 25 cents to try it. Are your lungs worth 25 cents?
