

The Liberal.

RICHMOND HILL, ONT., Jan. 18, 1906

The result of the general elections in Britain is a surprise. Mr. Balfour the late Conservative Premier, and many of his colleagues have been defeated, and Mr. Campbell Bannerman, the chosen Liberal Premier, appears to be sweeping the country. The principal questions at issue are the tariff, and the educational bill passed by the late Government. Free Trade seems to be as popular as ever. Yesterday a bright spot for the Conservatives appeared in Birmingham where Mr. Chamberlain and six of his supporters were elected with good majorities.

LOCAL OPTION

The Village Council met Monday evening and gave the Local Option by-law two readings and decided to submit the question to the voters on Monday, the 19th of February. The passing of the by law was supported by Rev. T. Campbell and Rev. W. G. Smith, and it was opposed by Mr. Haverson, counsel for the Licensed Victuallers' Association. The latter admitted the evils of strong drink, but argued that as more liquor was consumed years ago where the Duncan and Scott Acts were in force, a similar state of affairs will exist under Local Option. He asked the Council not to submit the by-law unless they thought Local Option would be for the benefit of the village.

Rev. Mr. Campbell contended that a bar was not needed in this municipality. He gave instances of wretchedness arising from the use of intoxicating liquors in this place, and urged the Council to submit the question to the people. Rev. Mr. Smith argued along the same lines as his colleague, and was not afraid—as Mr. Haverson suggested—that liquor would be sold in "dives" if the Act is carried here. He was prepared to leave the question in the hands of our law-abiding citizens.

The Council were unanimous in submitting the question to the people.

TEN THOUSAND SELECTED IMMIGRANTS

Will be Brought to Canada Through the Agency of the Salvation Army, Majority as Farm Laborers

The efforts of the Salvation Army on the lines of immigration were so successful last year that arrangements have been made for ten thousand people to leave the shores of Great Britain through the same agency during the coming season. These immigrants will be selected from a possible one hundred thousand applicants, and when it is known that each case is thoroughly investigated, and preference given only to those who are likely to make good settlers, the efforts of General Booth's worthy movement will be thoroughly appreciated by every Canadian.

The entire accommodation of three steamers has been chartered for this season's business, and the first organized party of 1,500 will embark on the S.S. Kensington, March 1st, arriving in Halifax ten days later. Many of these people are from the agricultural districts of Great Britain; in fact the majority are coming to Canada intent on engaging in farm work, and will be distributed to farms in Ontario on arrival. Farmers who have not secured their help for the coming season will do well to write immediately to Brigadier Thos. Howell, Secretary, S. A. Immigration Department, James and Albert streets, Toronto, for application forms and further particulars.

Many splendid tributes have been paid to the Salvation Army for the excellent class of men who have already been brought to this country.

HANDEL'S GREAT ORATORIO

Not for a long time has there been aroused so much interest over a musical event in Toronto as is being taken in the forthcoming production of Handel's sublime oratorio, "Samson," to be presented by the Sherlock Oratorio Society in Massey Hall on the night of Jan. 25. That the concert will be a great success there is not the slightest doubt, as the demand for seats has been unprecedented. Lovers of this class of music may confidently prepare for a great treat, for chorus and orchestra have both been training long and assiduously under Mr. Sherlock's exacting direction, and Mr. Sherlock will be satisfied with nothing less than the best. The soloists for the occasion are all the best that can be obtained for this work, viz: Janet Spencer,

contralto, of New York; Mabel Manly Pickard, soprano, of Toronto; Dan. B. dooe, tenor, of New York; Wm. Harper, the celebrated English basso. The soprano part, as will be noted, will be sung by a Toronto lady, and in the opinion of so competent an authority as Mr. Sherlock, Mabel Manly has no superior in this part of the country for this particular role. Her selection is a great but deserved tribute to her ability as a vocalist, and there is not the slightest doubt but what she will acquit herself creditably in the distinguished company in which she will appear. For this concert the orchestra, which is a first-class city organization, will be assisted by the splendid pipe organ in Massey Hall.

For the benefit of those persons who are contemplating attending this production it may be stated that the Metropolitan Railway has undertaken to provide a special car on the night of this performance if as many as thirty-five people will make use of it. All that will need to be done is for persons along this line to notify Mr. J. M. Sherlock at Nordheimer's, Toronto, as soon as possible of their intention to be present, so that the necessary arrangements can be made in plenty of time.

CONVENTION IN HAMILTON

The third annual convention of the Frost Wire Fence Company was held at Hamilton 9th, 10th and 11th inst. Dealers were present from nearly all sections of the country. One of the principal objects of these annual gatherings is to explain in detail the manufacture of the goods so that agents may be in a position to concisely and intelligently set forth the advantages and superiority of the various lines. A banquet was held Wednesday evening, and on Thursday a trip was taken to Niagara Falls over the T. H. & B. Railway. The delegates from this section of country were A. E. Pearson, Thornhill, and James Woodard, Aurora.

AN ENORMOUS RECORD

The subscription receipts of the Family Herald and Weekly Star of Montreal during December were thousands of dollars over all previous records. In fact, the rush of subscriptions was so great as to cripple for a time the largest staff of clerks they ever employed. The lovely picture, "Queen Alexandra, Her Grandchildren and Dogs," given as a premium, and the big value of the Family Herald itself are responsible for the large increase, and it is said their farmers' book, "The Farmers' Manual and Veterinary Guide," has also won them over twenty thousand new subscribers. They are printing another edition of the book, and farmers who have not secured a copy should do so at once, as it is of immense value to them. Samples of book and picture can be seen at this office. No such value has ever been offered in this country.

No Sanatoria "more judiciously . . . and economically" managed.

CANADIAN OPINION

DR. R. W. BRUCE SMITH, Inspector of Public Charities, Province of Ontario. Official Report:

"I was specially pleased with the attention paid to conduct the institution carefully and economically. The patients I found cheerful, happy and evidently well looked after by those in charge. I found particular attention is paid to provide nourishing dietary, carefully prepared, and the quality of the food served was excellent. This hospital depends for its maintenance largely upon the voluntary contributions of the public."

FOREIGN OPINION

DR. H. L. RUSSELL, President of the Advisory Board of the Wisconsin State Sanatorium:

"We have just recently returned from our eastern trip, in which we had an opportunity of inspecting practically all the sanatoria in the east that are designed for the treatment of tuberculosis. I am very glad to be able to write you that the very favorable impressions that we received at Gravenhurst have continued with us after this round trip. We have found no place in our travels in which money seems to have been expended more judiciously and economically than in connection with the two institutions that are under the control of the National Sanitarium Association."

The Muskoka Free Hospital for Consumptives

Increases the Accommodation by Twenty-five Beds . . .

This means twenty-five extra beds to be furnished; twenty-five additional patients to be fed every day (three regular meals and three lunches is the bill of fare daily); twenty-five extra patients to be cared for by physicians and nurses, calling for increase of staff.

The entire cost of management is increased one-third.

But so pressing are the calls of those on the waiting list, and increasingly urgent the new applications received each day, that the trustees have decided upon the step indicated, confident that the Canadian people will see that these new beds are furnished and maintained.

Are Your Lungs Worth 25c?

Then why do you cough all day? White Pine and Tar will relieve you the first day. It will stop that cough in a few days more.

We know all about it because we have sold it for years, and we know just what is in it. It is not a cure-all; it's just a Cough Cure, and a good one at that. It's made to cure. That is why we sell so much of it. It's not a patent medicine either. We keep patent medicines, but we do not recommend them. We do recommend White Pine and Tar, and we believe in it so much that we say

"Your Money Back if You Want It."

After you use it once you will believe in it too. It will cost you 25 cents to try it. Are your lungs worth 25 cents?
