

DEATH BY UMBRELLA.

Man Confesses to Involuntary Homicide and is Sent to Prison.

Nicholas Lieb, of Allhausen, in the Canton of Argovie, Switzerland, has been sentenced to twelve months' imprisonment and ordered to pay a fine of \$200 for involuntary homicide.

Some time ago when returning from a dance with his fiancée, he was attacked in the dark by a stranger. Lieb, in self-defence, made a lunge with his umbrella, and his assailant dropped on the ground. He struggled to his feet again, and Lieb and his fiancée hurried away.

Next day a man named Albert Rey was found dead on the road, and the inquest showed that some instrument had pierced his eye and entered deeply into the skull.

Several of the victim's friends and acquaintances were arrested and released before Lieb heard of the affair, when he made a full confession. He has lodged an appeal against his sentence.

HE WAS LAID UP FOR OVER A YEAR

DODD'S KIDNEY PILLS CURED HIS KIDNEY TROUBLES.

Now He's Perfectly Healthy and Able to Work—Gives all the Credit to the Great Canadian Kidney Remedy.

Wapella, Assa., N.W.T., Feb. 12 — (Special).—Cured of Kidney Disease that had laid him up for over a year, Mr. Geo. Bartleman, a well-known man here, is loud in his praises of Dodd's Kidney Pills for to them and nothing else he claims he owes his cure.

"Yes, I had Kidney Trouble," Mr. Bartleman says. "I had pains in my back and in other parts of my body and though the doctor did what he could for me, I grew worse till I was unable to work.

"Then I started to take Dodd's Kidney Pills, and I took them all winter and summer while I was unable to work. I took in all twelve boxes, and now I am perfectly healthy. My pains are all gone and I am able to work. I heartily recommend Dodd's Kidney Pills to all sufferers from Kidney Disease."

Dodd's Kidney Pills always cure the kidneys. Healthy kidneys strain all impurities, all seeds of disease, out of the blood. That's why Dodd's Kidney Pills cure a wide range of diseases including Bright's Disease, Rheumatism and Urinary Troubles.

GRATITUDE OF A THIEF.

Servant Confesses to Employer That She is Spy of Burglars.

A wealthy widow living in Brussels, Belgium, engaged a young French maid at high wages recently. The girl fell ill, and was carefully nursed by her mistress. On her recovery she insisted on leaving the house at once.

Pressed for her reasons, the girl confessed that she was a member of a gang of thieves who preyed chiefly on widows and unprotected women. Her duty to her confederates was to explore the house and inform them of the easiest mode of entrance and of the rooms in which valuables were stored.

In return for her mistress' kindness, she promised not to tell the thieves that the house contained anything of value. The widow, none the less, sold her property and took up her quarters in a boarding-house.

PHYSICAL DEBILITY.

"Musicians are the least courageous class of workers when they go on strike."

"Why do you say that?" "Because they are always unwilling to face the music."

Mrs. Swimm—"Your husband is well, I presume, Mrs. Olsetler?" Mrs. O.—"No, he's not. He's been took pretty bad all of a sudden with bronchitis, catarrh, nervous debility, rheumatism, spasmodic twitches, erysipelas, heart failure, and several other complaints. I'm going for the doctor." Mrs. S.—"My goodness! how did he get so many diseases?" Mrs. O.—"Out of a medical almanac he was reading."

A BOY'S BREAKFAST.

There's a Natural Food That Makes It's Own Way.

There's a boy up in Hoosick Falls, N. Y., who is growing into sturdy manhood on Grape-Nuts breakfasts. It might have been different with him, as his mother explains:

"My 11-year-old boy is large, well developed and active, and has been made so by his fondness for Grape-Nuts food. At five years he was a very nervous child and was subject to frequent attacks of indigestion, which used to rob him of his strength and were very troublesome to deal with. He never seemed to care for anything for his breakfast until I tried Grape-Nuts, and I have never had to change from that. He makes his entire breakfast of Grape-Nuts food. It is always relished by him and he says that it satisfies him better than the ordinary kind of a meal.

"Better than all he is no longer troubled with indigestion or nervousness, and has got to be a splendidly developed fellow since he began to use Grape-Nuts food." Name given by Postum Co., Battle Creek, Mich.

There's a reason. Read the little book, "The Road to Wellville," in pkgs.

Mamma—"What would my little girl do if mamma should go away?" Little Flora—"I don't know. I suppose I'd have to try to box my own ears myself when I was naughty."

"I believe it to be the most effective remedy for the Stomach and Nerves on the market," is what Annie Patterson, of Sackville, N. B., says of South American Nerve, for, she says, La Grippe and the complications which followed it left her next to dead with Indigestion, Dyspepsia and General Nervous Shattering. It cured her.—100.

OPEN WORK PROPOSAL.

"You say you wear open work stockings all winter?" she asked.

"Yes; I can't get anybody to mend them."

"Oh, George, this is so sudden."

Signals of Danger.—Have you lost your appetite? Have you a coated tongue? Have you any unpleasant taste in the mouth? Does your head ache and have you dizziness? If so, your stomach is out of order and you need medicine. But you do not like medicine. He that prefers sickness to medicine must suffer, but under the circumstances the wise man would procure a box of Parnelee's Vegetable Pills and speedily get himself in health, and strive to keep so.

An Awful Experience with Heart Disease.—Mr. L. J. Law, Toronto, Can., writes: "I was so sorely troubled with heart disease that I was unable for 18 months to lie down in bed lest I smother. After taking one dose of Dr. Agnew's Heart Cure, I retired and slept soundly. I used one bottle and the trouble has not returned."—99

He—Do you believe that if one person gives another a pair of scissors it will cut their friendship? She—"Not if it's a nice little pair of silver scissors with my monogram on."

A bottle of Bickle's Anti-Consumptive Syrup, taken according to directions, will subdue a cough in a short time. This assertion can be verified by hundreds who have tried it and are pleased to hear testimony to its merits, so that all may know what a splendid medicine it is. It costs you only 25 cents to join the ranks of the many who have been benefited by its use.

SHAKING HANDS.

The Arabians when they meet a friend shake hands six or eight times. Once is not enough. Should, however, they be persons of distinction, they embrace and kiss one another several times, and also kiss their own hands. In Turkey the greeting is to place the hand upon the breast and bow, which is both graceful and appropriate.

1900 CALENDARS FOR 1906.

Do you throw away your old calendars? A Paris statistician has discovered that it is a mistake to do so, and being of an economical turn of mind has discovered further that calendars for 1900 will serve equally well for 1906. As a rule, of course, a calendar is only of use eleven years later, and leap year upsets this calculation pretty often. But as 1900 was allotted 365 days only, instead of 366 the days of the 1906 week fit exactly those of 1900.

It is about as difficult to satisfy a man who does not know what he wants as it is a woman who does know what she wants.

"My Physicians Told Me I Must Die, but South American Kidney Cure cured me of that awful Bright's Disease." This is a sentence from a letter of a well-known business man in the western town who through overwork and worry had contracted this kidney pestilence. It will relieve instantly and cure all kidney diseases.—102.

FASTEST VESSEL IN THE WORLD.

During the last year the British navy has been augmented by eight remarkable vessels known as fleet scouts, which have practically the speed of torpedo-destroyers, but have sufficient length and coal capacity to go considerable distances, and not only gain information, but prey upon an enemy's merchant shipping. The Attentive, the latest of these scouts, when recently tested, made a record of 25.88 knots on a sustained run of 6 1/4 hours, during which a maximum speed of 26 1/4 knots was reached, this being reached on the last hour of the trial trip. If destroyers and high-speed launches are excepted, this probably makes the Attentive the fastest vessel in the world, and the representative of a type which soon may spread beyond the British navy.
