### IN AFRICAN FOREST.

Denseness of Vegetation Makes It Dark at Noonday.

An explorer describes a Central Africa forest:—"Ten miles west of the lake begins the only piece of real virgin forest met with. It is throughout a dense virgin forest, and almost impenetrable. It consists of very large trees of many varieties. The upper parts are festooned with a light greyish-green moss, hanging in long streamers, and giving to the forest a very fantastic appearance. When these long streamers are agitated by a storm they make the whole forest, seen from one of the hills near, look like a rough sea. Again, when the sun is vertical the whole forest appears dark, but when the sun is low the general effect on the sunny side is curiously light. "All the trees are bound together with innumerable lianas and creeping plants. Between the stems is a dense tangled mass of lesser vegetation. The forest stands to a great extent in the water and mud of the swamp. A singular feature of it is the abruptness with which it begins and ceases on the plain. The grassy swamp or open country reaches to the mighty wall of trees, which continue in the same density from one side to the other. There is no smaller wood or scrub outside, forming a transition from the open plain to the forest. "Inside, the silence and gloom are accentuated by the apparent absence of animal or bird life. There are some herds of buffaloes that make it a headquarters, elephants visit it occasionally, monkeys and parrots are sometimes seen, and a horned antelope now and then appears at the edge; but the general impression is one of lifelessness."

### HAS BEEN ALL RIGHT EVER SINCE

T. H. BELYEA, P. M., PROVES THAT DODD'S KIDNEY PILLS CURE

Some Years Since He Used Them Now and He Has Had Good Health Ever Since—Story of Well-Known New Brunswick Man.

Lower Windsor, Carleton Co., N. B., Feb. 26—(Special).—"Yes, I have good health ever since I used Dodd's Kidney Pills." The speaker was Mr. T. H. Belyea, postmaster here, and one of the most highly respected men in this part of the country. Asked to give his experience with the great Canadian Kidney Remedy Mr. Belyea continued: "I had been troubled with my kidneys for a number of years. I tried several kinds of plasters and other kinds of medicines, but did not seem to get any lasting benefit. Hearing Dodd's Kidney Pills so highly recommended I decided to try them and they made a complete cure of me. That is two years ago now and as I said before I have had good health ever since I used Dodd's Kidney Pills. "Dodd's Kidney Pills cure once and for all. There is no stage or form of Kidney Disease that they do not cure completely and permanently."

### BARMAIDS TO GO.

Lancet Urges That They Should Be Abolished.

The London Lancet, the leading medical journal of the country, has pleased the Church and temperance advocates by coming out with a leader strongly condemning the vocation of barmaid. Says the Lancet:

"The vocation of barmaid is attended by perils from which young women should as far as possible be sheltered. Learning to bar has no tendency to render a woman a better wife or mother; it affords her no security of employment after reaching the age of thirty; renders her unacceptable to employers of almost every other kind; it often permanently injures her health; and it exposes her to exceptional risks. If that be the case it is consistent with a due regard to the national welfare to allow the daughters of the Empire to be offered up as sacrifices to the Moloch of the drink traffic, or, as too often happens, to be employed as decoys for the purpose of adding to the intemperance by which the country is at once weakened and disgraced."

If your children are troubled with worms, give them Mother Graves' Worm Exterminator; safe, sure and effectual. Try it, and mark the improvement in your child.

"How are you coming on with your new system of weather prediction?" "Well," answered the prophet, cheerily, "I can always get the kind of weather all right, but I haven't quite succeeded in hitting the dates exactly."

### THIEVES CHASED IN MOTOR CAR.

Goods to the Amount of \$100,000 Were Stolen by Daring Robbers.

The Paris police have succeeded in arresting a gang of 35 thieves, whose exploits were of a most audacious character. They were captured by an ex-member of the Paris police, a man named Arnaud.

One of the methods adopted by the thieves was to steal goods by means of an imitation railway goods van. The van, in charge of two or three of the men, would call at large warehouses from which goods were likely to be sent by rail. They collected the parcels, entered them up in a dummy receipt book, and drove off. In this way over \$100,000 worth of goods have been stolen since the beginning of the year. The headquarters of the gang was on a piece of waste land at Levallois, a suburb of Paris, where they carried on a business as owners of a motor garage. The leaders were in the habit of using a motor car to drive to and from their headquarters.

Several times the police watched their car, but were never able to trace it to Levallois. They, therefore, determined to chase the thieves in a motor car, and on Monday two detective inspectors hired a car and began following the thieves from place to place. At last, seeing that they were followed, the thieves put on full speed and succeeded in outdistancing their pursuers.

On Thursday the police determined to be equal with them, and, securing a couple of racing machines, gave chase. The police, however, were stopped for driving at a speed of twenty-five miles an hour, and it was only when the second car came up with a police magistrate inside that they were allowed to proceed.

Eventually the whole gang of 35 thieves were captured, and it was found that at the garage they had a complete workshop fitted up for the alteration of stolen motor cars and bicycles.

### STILL HOPE.

"I am afraid it is all over between Jeanette and Jack." "Why, dear?" "She has returned his photograph." "You don't mean it?" "Also his letters." "Gracious!" "And his ring." "My! My! But there is still hope. He gave her a kiss as they parted on the old lawn." "And what did she do?" "She—she returned that, too."

Not a Nauseating Pill.—The excipient of a pill is the substance which enfolds the ingredients and makes up the pill mass. That of Purmer's Vegetable Pills is so compounded as to preserve their moisture, and they can be carried into any latitude without impairing their strength. Many pills, in order to keep them from adhering, are rolled in powders, which prove nauseating to the taste. Purmer's Vegetable Pills are so prepared that they are agreeable to the most delicate.
