FIRE ON INTERCOLONIAL.

Are Wiped Out.

A despatch from Moncton, N.B., says The most destructive fire in the history of this city and the worst calamity that has ever befallen the Intercolonial Railway took place on Saturday night. Nearly the whole group of Intercolonial workshops, giving employment to over a thousand men and representing with their contents an investment of about one million dollars, were destroyed in two hours.

It is known that one life is lost, and i is feared that there are other victims. Abraham Jones, employed in the paint shop, aged 55, lost his life in the effort to save a little stock of tobacco that he had in the building.

The fire started from a piece of oily waste in the upholstering department of the paint shop. There was much inflammable matter in that building. which burned rapidly, and the fire got such headway that nothing could check much of the valuable rolling stock.
