PAGE FENCING

THE BEST IS THE CHEAPEST

When you buy a knife for instance, you
consider the quality of the steel in the
blade. The biggest and heaviest knife is not
necessarily the best. Now there is just as
much difference in the quality and strength

Besides the extra strength and superior
workmanship, PAGE FENCES are dip-
ped in a special white paint, which on
top of the best of galvanizing, will lengthen
the life of wire for years. And, also, this

of steel in fence wire as
there is in a knife blade or
razor. The Page Co. use
a high carbon steel
wire, which though it
costs you but little more,
is fifty per cent. (50%)
stronger than wire in other
fences. The lightest PAGE
fence is as strong as the
heaviest of other makes.

THE LOCK IN PAGE

may have noticed also that
others are imitating
it. That is a good recommend for it.

white coating makes wire
much more sightly.
Owing to the great
strength and elasticity of
PAGE fencing, one-
third less posts are re-
quired, thus reducing the
cost of the fencing.

As you get in PAGE
FENCES one-half

greater protection against
rust, better workmanship,

buy them for one-half the price of the
PAGE? But, really ours cost you
little, if any more.
