CREWLESS TORPEDO BOATS.

Boat Is Worked From Shore By Mysterious Invention.

An engine of death, the wireless torpedo boat, which will in all probability revolutionize the navies of the world and make the extended coast line of the United States impregnable from attack by a foreign foe in time of war is the invention of Mr. Charles E. Alden, the well-known New York sculptor, but who is now experimenting at his summer home at Cottage City, on the island of
