MR. BROWNLEE SINKING

We regret to state that Mr. James Brownlee, who has been in failing health for some time past, now lies at the point of death. For nearly a week it has been a struggle between life and death, during which time he has not closed his eyes nor taken refreshment. His many friends will hope that our esteemed fellow citizen may soon find precious rest.

SUDDEN DEATH.

Robt. H. Hewitt, well known as a former hotel keeper in Newmarket, died suddenly Sunday morning at the Hewitt House, Queen and Soho streets, Toronto, kept by his son George. He was taken ill during Saturday night. Drs. called in thought death was due to heart failure. Deceased was 72 years of age, and leaves five sons and one daughter. Interment took place in Newmarket on Tuesday.

A CREDITABLE NUMBER.

Last week's Newmarket Era is a Special Number, and it certainly is a credit to the proprietor and his workmen. Ten of the pages are illustrated, containing photogravures of the leading business men, churches, banks, schools, etc., with several old landmarks which serve as a comparison between the town to-day and what it was 30 years ago. The edition is printed on good paper, the illustrations are clear, and the reading matter shows Newmarket just as it is—a very progressive and prosperous town.

Noble H. A. Nicholls, a member of Rameses Temple of the A. A. O. N. M. S., attended the banquet and presentation given in honor of the Imperial Potentate of British North America, H. A. Collins, in the Temple Building, Toronto, on Wednesday night of last week. Over one thousand were present, and the Imperial Potentate was presented with a purse of \$1,000 for services rendered Rameses Temple during the past nineteen years, for which period he acted as illustrious Potentate. It was one of the most brilliant functions ever held in the city.

TREE TRIMMING.

Last Sunday afternoon a gang of men were busily engaged trimming the trees along Yonge street through the village, presumably that they would not interfere with the Metropolitan wires. This mutilation of maples may be necessary from an electric point of view, but it certainly does not add to appearance. We observed a number of angry looking citizens as the branches were being cut opposite their residences, but they seemed not to give vent to their inward feelings—probably because it was Sunday.

COMMITTED FOR TRIAL

Monday's Globe contained a paragraph dated from Indian Head, Sask., in which it was stated that John F. Stanley had been arrested at Moosomin on charges of stealing a horse from Thomas Livingstone, and forging the name of W. H. Pugsley to two cheques, one for \$70, and the other for \$65. The prisoner was committed for trial on each charge. Mr. Pugsley of this village received a telegram asking if he had given the above cheques, and replied in the negative. Mr. Pugsley, however, remembers giving Stanley a \$10 cheque for a few days' work done in harvest on the Pugsley farm at Indian Head.

WINNIPEG ILLUSTRATED.

We must thank our old friend, Dr. Hutchison for a neat little souvenir in book form showing the growth of Winnipeg from 1870 to 1906, and giving a large number of farm scenes in Western Canada. Among the illustrations in Winnipeg are the new Post Office, Wesley College, The Law Courts, The Union Bank, The Dominion Bank, and Manitoba College. The population has increased from 215 in 1870 to 119,837 in 1906. On the back cover is the advertisement of Grant & Simmers, real estate brokers, Winnipeg, the senior member of which firm is Mr. Marshall Grant, youngest son of Mr. Jesse Grant of this village.

HAD NEVER ADVERTISED.

A young lady working in a stocking factory, fearing that her chances for matrimony were small, wrote the following and slipped it in the toe of a

gentleman's sock: "A young lady, good looking and of some means, would like to correspond with the wearer of this sock, if he is single, with a view to matrimony." A young man bought the sock, and said: "There's my chance." He wrote to the young lady, offering himself as a suitable party, and to his surprise got this reply: "I have been married eight years." The man from whom he bought the socks had never advertised, and consequently they had lain on the shelves for eight years. The young man referred to above is now wondering if the law of the land will give him damages against the man who didn't advertise.

CHRIS. STONG KILLED

Chris. Stong of Woodbridge, who had gained considerable notoriety throughout the county as a coon hunter, met instant death in a fall from a tree the latter part of last week. Accompanied by a young fellow named Roy Watson, he left the Forsyth House about 8 o'clock in the morning and proceeded to a bush on the outskirts of the town. He ascended a tree in quest of his favorite game, and when about 50 feet from the ground it is supposed the rope slipped from his waist belt, and he came to the ground with a thud. Coroner Wesley was summoned, but he decided there was no need of an inquest as it was clearly a case of accident. The body was removed to his home, and a large concourse of people followed the remains to the cemetery a couple of days after the terrible accident.

Does Your Heart Beat

Yes. 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Poisonous substances are then absorbed into the blood. Keep the bowels open with Ayer's Pills.
