HOW HE BEAT THE STREET CARS.
A Torontonian Keeps a Record of the Fares He Never Paid.
 A small account book was picked up in the street recently showing a systematic record of the number of times its owner got ahead of the street railway company. The blank pages of this book are ruled off in ledger form and each account headed with the name of a street car route in Toronto. For instance there was "Church Street" with a debit on the left hand side and a credit on the right. "Bloor and McCaul" the same—and so on over the entire system. Evidently when the owner of this book paid a fare he charged it up against the car line he patronized, and whenever he saved a fare he credited himself with five cents.
 At first glance it might appear that the owner of this account book was in the habit of dodging the conductor's box, but this was not the case. The fact is the fares were saved by riding a bicycle instead of paying the street car company for comings and goings and the fares were contributed on rainy days when the wheeling was unpleasant. On August 6, 1905, he made an entry against "Bloor and McCaul" as follows:—"One fare—last of a quarter's worth of tickets bought June 2." The total of fares unpaid amounted to nearly thirty dollars in seven months.

Nature's Way Is Best.
 The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.
 He uses natural remedies, that is, extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.
 Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic coughs, catarrh and kindred ailments.
 The above native roots also have the strongest possible endorsement from the leading medical writers, of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.
 You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.
 Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.
 The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy, paper-covered, will be sent to anyone sending 31 cents in one-cent stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 50 stamps.

Winger's Concrete Culvert Tile Price List

These tile are made specially for culvert purposes.
 Being made from the best portland cement and gravel selected or screened to be specially suitable for tile making, and strongly proportioned with cement. They may be said to be practically indestructible (as they set almost as hard as stone itself), and as they cost about the same price as a wood culvert, and will outlast any number of them, it is plainly apparent that there must be an immense saving in the long run in buying an article that does not require to be constantly renewed.

PRICES OF TILE

9 inch tile, 30c. per foot, or 75c. each.	
12 " " 40c. " " " \$1.00 "	
16 " " 60c. " " " \$1.50 "	
20 " " 80c. " " " \$2.00 "	
24 " " \$1.00 " " " \$2.50 "	

Tile measure, 2 ft. 6 in. over all, and will lay 2 ft. 4 in. of bridge or culvert work, 2 in. being taken off by flanges passing over each other.
 Six lengths of tile lay a culvert 14 ft. long (the average culvert width).
 All prices computed over all (viz 2 ft. 6 in).
