

The Liberal.

RICHMOND HILL, ONT., APR. 5, 1906

NEW CO. COUNCIL ACT.

The first division of the session took place in the Legislature Wednesday night of last week on the Government's measure providing for a return to the old system of electing County Councils, consisting of representatives and deputy-reeves from the different municipalities within the county, instead of representatives of electoral divisions as at present. The Opposition made a stand for the present Act, as passed by the Liberal Government, but the Conservatives stood firm for Hon. Mr. Whitney, and carried the second reading of the new bill by a majority of 38, a straight party vote.

It was perhaps natural that the Liberals stood by the measure passed under their regime. We believe, however, it was a mistake on their part, as the proposed bill seems to be an improvement on the present act. We believe that in the county of York the present measure has worked smoothly, and that none of the districts have any reason to complain. Nevertheless there is a feeling that men who are competent to serve in a village, township or town council should also be competent to do good work in a county council. Men who faithfully serve in township councils in adjusting claims for sheep killed by dogs, repairing crossings, building culverts, looking after the hauling of gravel, etc., should surely have the privilege of attending County Council three or four times a year, where questions of a broader nature are discussed and settled. It is true the new act will considerably increase the membership, but the County Council is—at least should be—a good training school, and the extra expense to the county should be money well spent.

NEW RAILWAY BILL.

The new Railway bill to be known as "The Ontario Railway Act, 1906," introduced by Mr. Hendrie, will, if passed, make some sweeping changes. Section 179 relating to passenger fares on electric roads, reads as follows:—

(1) Notwithstanding anything contained in any agreement with any municipal or other corporation or person in any provision contained in any special Act to the contrary, the fares to be taken by a company on a railway operated by electricity for each passenger shall not exceed five cents for any distance not exceeding three miles, and where the distance exceeds three miles then not exceeding two cents per mile or fraction thereof for the distance actually travelled. Children under ten years of age shall be carried for three miles or less for three cents and for any additional distance for half fare, but children in arms shall in all cases be carried free.

(2) Pupils under seventeen years of age actually attending school shall be entitled to purchase eight tickets for twenty-five cents, such tickets to be used only between the hours of eight o'clock and half-past nine in the forenoon, and between half-past three and five o'clock in the afternoon, and then only for the purpose of attending and returning from school, provided that no such tickets shall entitle any pupil to ride a greater distance than five miles.

A special despatch from Ottawa, in Tuesday's World, revives the rumor that Mr. Arch Campbell, M. P. for Centre York, is about to be taken into the Dominion Cabinet. The article states that Hon. Wm. Patterson will be promoted to the senate as a Government leader there, and "This would let Arch Campbell of Centre York into the cabinet as the new minister for Ontario."

Hon. Wm. Patterson's estimate that the customs revenue for the current fiscal year would exceed \$44,

It's easy to buy FROST FENCES

Our prices for Frost Fence are only as much as the best fence in the world is honestly worth. And we make the terms so easy that every farmer and stockman can take advantage of them. Here's the way we will let you buy all the Frost Fence you need:—One third cash on delivery. One third by note, due Oct. 1st, '06. One third by note, due March 1st, '07. Five per cent. discount for cash if paid within 60 days from date of invoice.

And remember—should FROST FENCES go wrong, from mechanical defects or workmanship in building, they are repaired, free of charge.

CLUBINE & PEARSON, - Thornhill
C. A. SINCLAIR, - - Laskay
JAMES WOODARD, - Aurora

000,000, bids fair to be realized. For the nine months ending March 31, the receipts for the customs were \$34,046,030, an increase of \$3,129,850 over the same period of the previous year. For the month of March the revenue amounted to \$4,422,667, a gain of \$728,505. For the whole of 1895-96 the customs revenue was \$20,219,037, and for 1904-05 \$42,024,339.

John Beasley, aged 63 years, died at his home at Weston, Friday, March 30. Interment in Riverdale Cemetery the following day at 2 o'clock.

EARN CASH

In Your Leisure Time

If you could start at once in a business which would add a good round sum to your present earnings—WITHOUT INVESTING A DOLLAR—wouldn't you do it?

Well, we are willing to start you in a profitable business and we don't ask you to put up any kind of a dollar.

Our proposition is this: We will ship you the Chatham Incubator and Brooder, freight prepaid, and

You Pay No Cash Until After 1906 Harvest.

Poultry raising pays.

People who tell you that there is no money in raising chicks may have tried to make money in the business by using setting hens as hatchers, and they might as well have tried to locate a gold mine in the cabbage patch. The business of a hen is—to lay eggs. As a hatcher and brooder she is out-classed. That's the business of the Chatham Incubator and Brooder, and they do it perfectly and successfully.

The poultry business, properly conducted, pays far better than any other business for the amount of time and money invested.

Thousands of poultry-raisers—men and women all over Canada and the United States—have proved to their satisfaction that it is profitable to raise chicks with the

CHATHAM INCUBATOR AND BROODER.

"Yours is the first incubator I have used, and I wish to state I had 52 chicks out of 52 eggs. This was my first lot; truly a 100 per cent. hatch. I am well pleased with my incubator and brooder. THOS. McNAUGHTON, Chilliwack, B.C."

"My first hatch came off. I got 170 fine chicks from 180 eggs. Who can beat that for the first trial, and so early in the spring. I am well pleased with incubator, and if I could not get another money could not buy it from me. Every farmer should have a No. 3 Chatham Incubator.—E. W. RAMSAY, Dunnville, Ont."

"The incubator you furnished me works exceedingly well. It is easily operated, and only needs about 15 minutes' attention every day. R. McGUIRE, Moose Jaw, Assa."

The Chatham Incubator and Brooder is honestly constructed. There is no humbug about it. Every inch of material is thoroughly tested, the machine is built on right principles, the insulation is perfect, thermometer reliable, and the workmanship the best.

The Chatham Incubator and Brooder is simple as well as scientific in construction—a woman or girl can operate the machine in their leisure moments.

You pay us no cash until after 1906 harvest.

Send us your name and address on a post card to-day.

We can supply you quickly from our distributing warehouses at Calgary, Brandon, Regina, Winnipeg, New Westminster, B.C., Montreal, Halifax, Chatham. Address all correspondence to Chatham.
