Fond of Gray Hair?

Good. So are we. That is, if it's grandfather or grandmother. But gray hair and only 40! Here is a fact: Hall's Vegetable Sicilian Hair Renewer always restores color to gray hair. Stops falling hair, also. For the whiskers and mustache we make DUCKINGHAM'S DYE. It colors a rich brown, or a soft pink. R. T. HALL & CO., Nashua, N. H.

Maple

The members of the Presbyterian Sabbath School were entertained by Mr. R. S. Thomson at his home last Friday evening, when a pleasant time was spent. Quarterly services will be held in the Methodist Church next Sunday. Mr. T. H. Keys is making preparations for building and has the cellar dug for his new dwelling house. Mr. B. Gram intends building this summer and work at the cellar has been begun. Miss Lyla Richardson of Toronto visited over Sunday at the home of her uncle Mr. Leeds Richardson. Mr. J. Oliver has sold his farm to Mr. A. Killough.

TEACHERS' ASSOCIATION

The annual convention of the North York Teachers' Association will be held in Aurora on Thursday and Friday, the 10th and 11th of May. Interesting sessions are expected. Every teacher in the inspectorate should endeavor to be present and be ready to contribute from his or her experience for the benefit of all. A committee will report on the resignation of Mr. A. B. Davidson.

Langstaff.

Mr. T. Page has been very fortunate in locating a gas well on his premises; pipes are being laid to his residence for heating and lighting purposes. We are glad to hear that Mr. D. James is improving from his illness. Three of the Langstaff boys went fishing for suckers Saturday. They caught one without scales being unclean it was left—just what the fishers got. The Horse Show was attended by our leading horsemen, who pronounced it most excellent. Miss Flossie Casely has been spending a few days at her sisters, Mrs. W. D. an. Mr. Robert Drury is still halting in consideration whether to spend his summer on the Home Farm or elsewhere.

The report that Mr. S. Thompson contemplates going to the North-West to take up a home-lead is untrue.

The railroad tramps and the swallows commenced their northward journey on the last day of April. We are glad to hear, at last, that Miss Florence Clubine has recovered from her fall.

Some of our young people are getting near changing their name, when they are asked to go into the Ministers by another Clergyman.

Mr. R. Pearson spent Sunday with Mr. Lowery.

Mr. Holmes Crosby spent Saturday afternoon at Mr. Clubine's.

Delivery horse and buggy; apply to Geo. Lowery, Langstaff.

Mr. Fleury, Mr. C. Clubine of Aurora and Mr. Elliott and Miss Buttler of Toronto, spent Sunday at the Observatory Farm.

Mr. Robinson and family have left this vicinity and will be greatly missed by their many friends.

Miss Nellie Drury of Toronto is home for a few days. Mr. J. Teeson has purchased a fine four year old Clydesdale horse.

Mr. R. Pearson spent Monday evening at Thornhill.

News Notes.

Col Denison's salary as Police Magistrate has been raised from \$4,000 to \$5,000, and Mr. Kingsford from \$1,500 to \$3,000.

A peace officer may now arrest persons violating the automobile regulations without a warrant, and take them before a magistrate.

Constables attending assizes or sessions will hereafter get \$2 a day, an increase of 50 cents.

George Le Tray, night engineer was suffocated in a fire that gutted the main floor of the Toronto General Post Office about 3 o'clock Sunday morning.

Some mail matter was burned, and damage done to the amount of about \$30,000. The family of George Ross, Deputy Postmaster escaped in their night dresses by means of firemen's ladders.

A ROCK IN THE BALTIC.

A Remarkable Series of Adventures Resulting on a Naval Mistake.

The careless firing of a new piece of ordnance by Lieut. Allan Drummond, of H. M. S. Constarvation, while cruising through the Baltic, has led to a series of unaccountable and surprising international complications.

Drummond sighted a new gun on an apparently deserted bit of rock that jutted up out of the sea. To his amazement his cruiser was at once fired on from the rock, and the Russian Government demanded an explanation from Great Britain.

The mystery of the whole affair—the presence of cannon on such a site, the anger of Russia and the importance given to so insignificant a matter—worked on Drummond's imagination, and in a moment of headstrong folly he went to Russia to investigate.

A series of surprising adventures followed, culminating in a scene that defies description.

The whole story is splendidly recounted in Robert Barr's great novel, "A Rock in the Baltic," which has just been purchased by The Mail and Empire, and is to be the first novel of the much-talked-of "\$150,000 series" which this enterprising paper is to issue during the forthcoming twelve months.

This series consists of twelve great novels by the most famous living Anglo-Saxon authors.

The Mail and Empire, with its customary alertness has secured the sole right in this district to publish these novels in serial form before they appear in book form, which will afford it readers a literary treat never before offered by any newspaper in America.

No other paper in the city or vicinity can publish these great stories. Order in advance to avoid disappointment, as the edition will be exhausted before all are able to buy. Commences on Saturday, May 5th, and each succeeding Saturday. These stories will also be published in the Weekly Mail and Empire, commencing May 10th.

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines as may be fairly suspected of containing the injurious ingredients complained of. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took time by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled all harping critics and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of diseases, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the Golden Seal root, Stone root, Black Cherrybark and Bloodroot, contained in "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover Coe, of New York; Bartholow, of Jefferson Medical College, Phila.; Scudder, of Cincinnati; Ellingwood, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.
