## FARMERS FIELD MEETINGS

The cost of labor in fighting weed, insect and fungus pests which like the poor are ever with us, is one of the most serious problems with which farmers have to contend. The Seed Control Act has had the effect of increasing the price paid to farmers for the pure seed and of reducing the price for their low grade seed. And even greater discrimination in prices is likely to follow. New weeds continue to be introduced. The trade in agricultural seeds has been a fruitful means for spreading them. The shipment, for feeding purposes, of screenings from western grown wheat to points in the Eastern Provinces is another source of immediate danger that should not be overlooked. The noxious nature of new weeds that are being introduced in various ways is seldom well understood or their dangers appreciated by farmers until they have become well established.

The Dominion and Provincial Departments of Agriculture are more than ever alive to these dangers which threaten to become a serious loss in crop production, and in the Eastern Provinces they are co-operating again this year in holding field meetings during the month of June, when weeds, insects, fungus diseases and plant growth are most in evidence. Seventy of these field meetings are being arranged by Supt. G. A. Putnam, in connection with the Farmers' Institute System of Ontario. The services of Professor Loehhead of the McDonald Agricultural College at Ste. Anne de Bellevue have been secured to conduct similar farmers' nature study meetings in three Maritime Provinces.

Here is provided an opportunity for farmers to get at first hand, information that cannot be given or demonstrated in hall meetings during the winter.

It is stated that Hon. Chas. Fitzpatrick will be appointed Chief Justice of the Supreme Court, and that Hon. A. B. Aylesworth will become Minister of Justice in the Dominion Cabinet. It is thought that Hon. Rodolphe Lemieux will be appointed Postmaster-General when Mr. Aylesworth goes to the Department of Justice.

Mr. Arch. Campbell's bill to amend the Weights and Measures Act, and which deals with the size of milk cans, has passed the Committee of the whole in the Dominion Parliament, and now stands for its third reading. In the new bill the capacity of eight gallons shall be known as a standard.

Hamilton is certainly in it this time. William Sherring, of that city a young fellow 120 lbs. in weight, has won the Marathon foot-race, the chief item in the historic Olympian games at Athens, which has been the envy of athletics for thousands of years past. There were forty-eight competitors, embracing Greeks, Britons, Americans, Germans, Frenchmen, Swiss, Egyptians and many other nationalities. The course was 26 miles, and the great race was witnessed by 200,000 people. The event brings glory not only to Hamilton but to Canada as a whole.

Isn't the Frost the cheapest you can buy? Frost Fences are for sale by
