## COMPULSORY VOTING.

We believe that every man should exercise his franchise at elections, but we cannot hope that a bill now before the Dominion House, shall become law, making it compulsory that every man shall vote, or be disqualified for the following six years. The Act provides that the voter will be excused if prevented by illness or by any other good reason. Persons voting who are disqualified by this Act shall be subject to a fine of from \$50 to \$100 and costs, or to imprisonment for three months. Such a measure if passed will open the door of falsehood and perjury, and for this and other reasons it will be well if the bill never becomes law.

The Mail and Empire and some other Conservative papers are giving quotations from the Globe previous to the Ontario General Election, showing that paper's estimate of Mr. Whitney, which ventured the opinion that he would be weak and incapable as a leader of a government. The Globe said no more than several Conservative newspapers who did not have the highest opinion of Mr. Whitney as a leader. If Hon. Mr. Whitney has done better than his friends and his opponents expected of him—and we believe he has—The Mail should be content. It is more to the point to know what The Globe has said of the Premier since holding the reins of Government. We believe the Globe's criticism has been fair, giving credit where credit was due.

## FROST LOCKS

Make a Fence of Strength

The heaviest, strongest wires made can't make a strong fence unless the locks are as strong as the wires. A fence, like a chain, is only as strong as its weakest spot. The New Frost Lock and Frost Wedge Lock are the most unyielding parts of a Frost Fence. They make the whole fence as strong as the strongest wire.

And remember—should FROST FENCES go wrong, from mechanical defects or workmanship in building, they are repaired, free of charge.

# PAGE FENCING

THE BEST IS THE CHEAPEST

When you buy a knife for instance, you consider the quality of the steel in the blade. The biggest and heaviest knife is not necessarily the best. Now there is just as much difference in the quality and strength of steel in fence wire as there is in a knife blade or razor. The Page Co. use a high carbon steel wire, which though it costs you but little more, is fifty per cent. (50%) stronger than wire in other fences. The lightest PAGE fence is as strong as the heaviest of other makes. Notice the lock in PAGE "EMPIRE" FENCE. You may have noticed also that others are imitating it. That is a good recommend for it. Where we lead others follow.

THE LOCK IN PAGE "EMPIRE" FENCES.

Besides the extra strength and superior workmanship, PAGE FENCES are dipped in a special white paint, which on top of the best of galvanizing, will lengthen the life of wire for years. And, also, this white coating makes wire much more sightly. Owing to the great strength and elasticity of PAGE fencing, one-third less posts are required, thus reducing the cost of the fencing. As you get in PAGE FENCES one-half more fence strength, greater protection against rust, better workmanship, better appearance, use less posts, can you afford to use other fences, even though you could buy them for one-half the price of the PAGE? But, really ours cost you little, if any more.
