HOUSE STRUCK

The family of Mr. David Benson, on Mr. I. Crosby's farm in the north part of the village, received a rather severe shock Thursday afternoon, when lightning struck an elm tree close to the house. The bolt then went through the roof, riddled a screen door, followed an eave-trough, and descended into the cistern. The building was insured in the British American, and the claim has since been paid by the Agent, Mr. H. A. Nicholls.

A TIE IN FOOTBALL

Six vehicles conveyed our junior football team to Victoria Square Friday evening to play a friendly match with the kickers of our neighboring village. Play was continued for forty minutes at the end of which time the score was a tie, 1-1. Mr. E. J. Hitchcock refereed the game, and the umpires were Mr. Holmes Crosby and Mr. W. Lawson. The "return" match will be played here at an early date.

THE RINK STRUCK

The Agricultural Hall was a victim of lightning's pranks on Thursday. The bolt struck the ridgeboard, cleaned off a large square of shingles, went through the ceiling, followed the iron rod on which a lamp hangs, shattered several seat supports, bored through the asphalt floor, and buried itself in the earth. It is a wonder the wood-work did not take fire as the iron rod through the ceiling is three quarter inch, and the hole through which it passes is only an inch in diameter. The building is insured in the Norwich Union through Mr. Savage.

TOO MANY PETITIONS.

Acting on a petition signed by the pupils of the High School, the Chairman of the Board of Education, on the recommendation of two of the three members of the Committee of Management, granted a holiday on Friday of this week. One member of the committee refused to sign, and we believe he acted wisely. THE LIBERAL does not object to the holiday, but we believe that frequent petitions by the pupils should be ignored. If the teachers recommend that an occasional holiday be granted we are sure the Board will grant the request. But with all due respect to the students we submit that they are not the ones to take the initiative.

LAW OFFICE

Mr. J. W. McDonald, B. C. L., L.L.B., of the city of Toronto, Barrister, intends making his first professional visit to this village on the second day of June next, and will continue his visits here from that date, on the first and third Saturdays of each month. Mr. McDonald is one of the "old boys" from our High School, having graduated about eight years ago, and stands as one on the roll of the many successful young men, that this philanthropic institution of ours has "turned out". Mr. McDonald graduated from the Law School at Osgoode Hall, was called to the Ontario bar in May of last year, and in June last was awarded the degree of B. C. L., and L.L.B. by the University of Toronto, having taken the prescribed courses leading to those degrees. Academic courses were supplemented by practical studies with the firm of Denton, Dunn & Boulton, of which he is now a member.

LET ALL PULL TOGETHER.

There are no "factions" in this little town of ours. This is as it should be. Every improvement made enhances the value of all property in and surrounding our town. We should live as one big family, and we believe few towns can show up a more progressive and intellectual family. We have as few "black sheep" in our place as any flock in the province. When there is discord in the family there is little progress. When there is a united pull there is little we cannot accomplish. Envy, jealousy and hatred pull us all down. Envy is a canker that gnaws at the heart and makes one sour, disgruntled and unhappy. Jealousy makes one unfair in passing judgment; hatred does not pay even from a sordid point of view. Let us all be friends and pull together and show our neighbors what a large and harmonious family can accomplish in building up a town.

For the Children

To succeed these days you must have plenty of grit, courage, strength. How is it with the children? Are they thin, pale, delicate? Do not forget Ayer's Sarsaparilla. You know it makes the blood pure and rich, and builds up the general health in every way.

The children cannot possibly have good health unless the bowels are in proper condition. Correct any constipation by giving small laxative doses of Ayer's Pills. All vegetable, sugar-coated.
