

## CLEAN SPORTS

The Express-Herald in reporting the recent lacrosse match played in Newmarket between Aurora and the home team, which is said to be the fastest and best match ever played in that town, says: "The game was particularly free from roughness and from jeering remarks so frequently heard among the crowd against the players and the referee."

It is a credit to Newmarket to be able to give such a report. The rule in many towns is, we are sorry to say, to jeer at the visiting team, no matter how well they may handle their sticks, and to hurl vulgar epithets at the referee and umpires if the rulings of those officials do not meet with the approval of the home supporters. And the jeering is too often indulged in not only by the small boys, but by those of maturer years. It is true enthusiastic supporters of the visiting team very frequently offend in the same way, but the home players and citizens should at least endeavor to set a good example for justice and fair dealing. It is to be hoped the good example set by the citizens of Newmarket and Aurora will be followed by every town throughout the series of league games.

Half Size Wire  
Heavy Lateral Wire

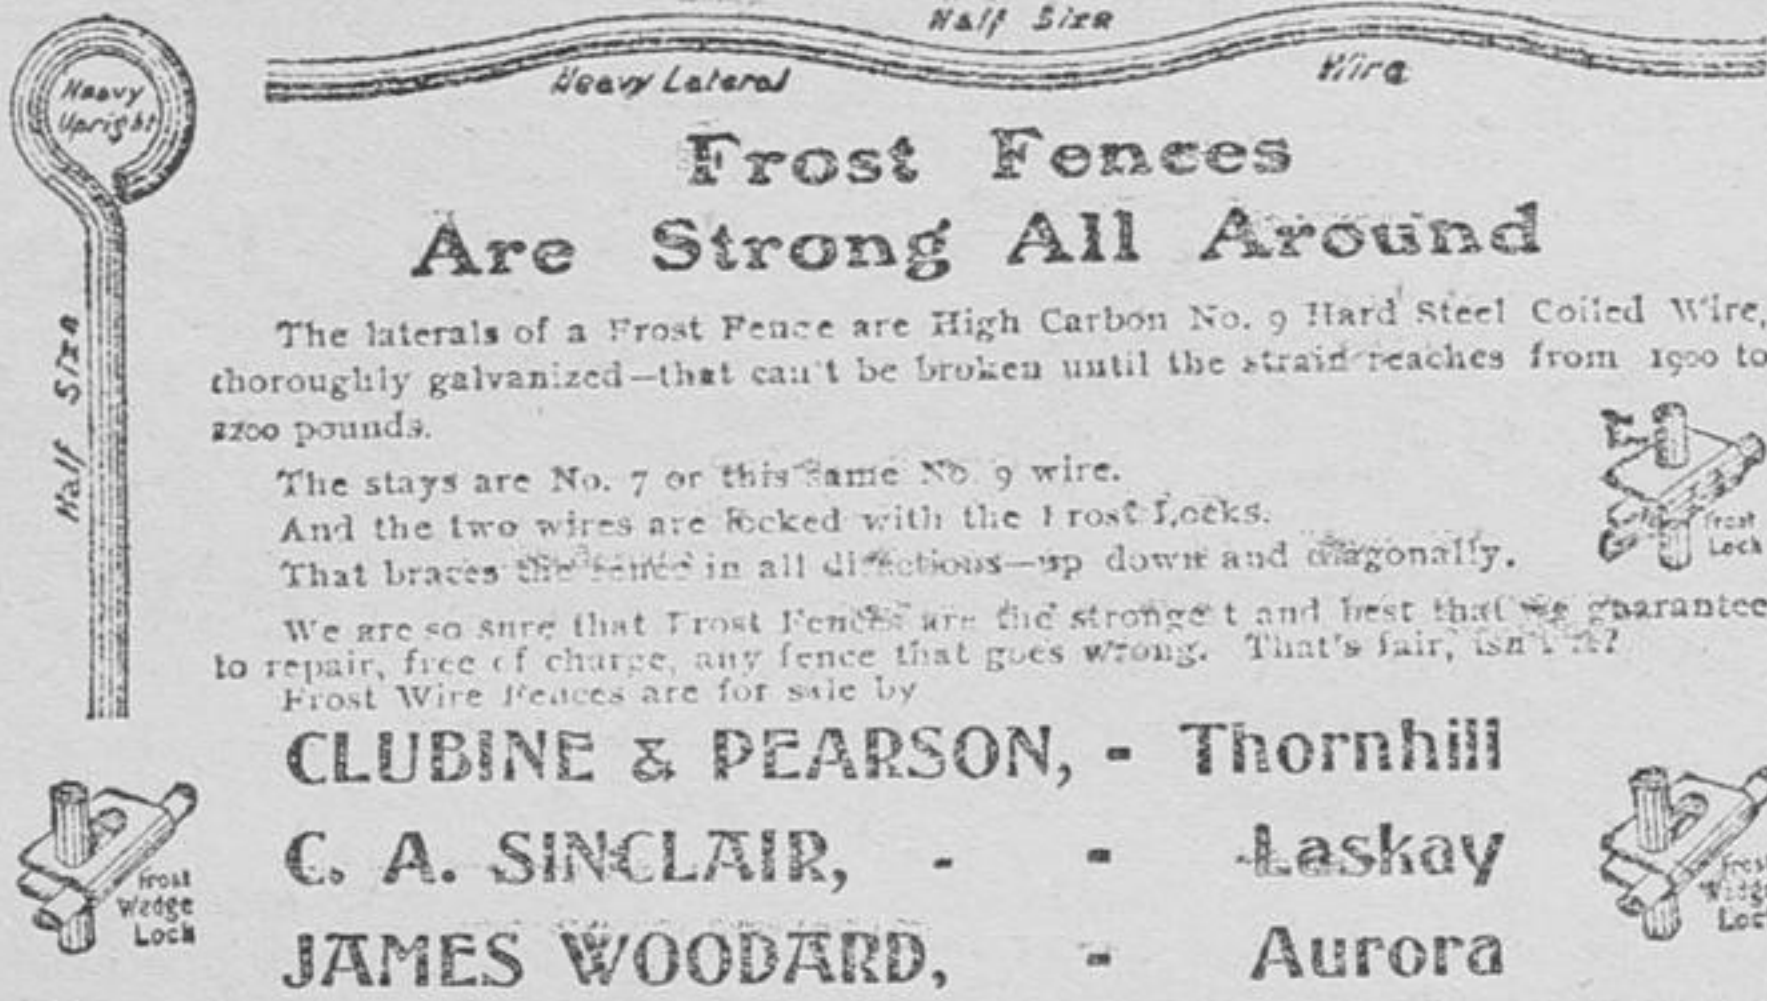

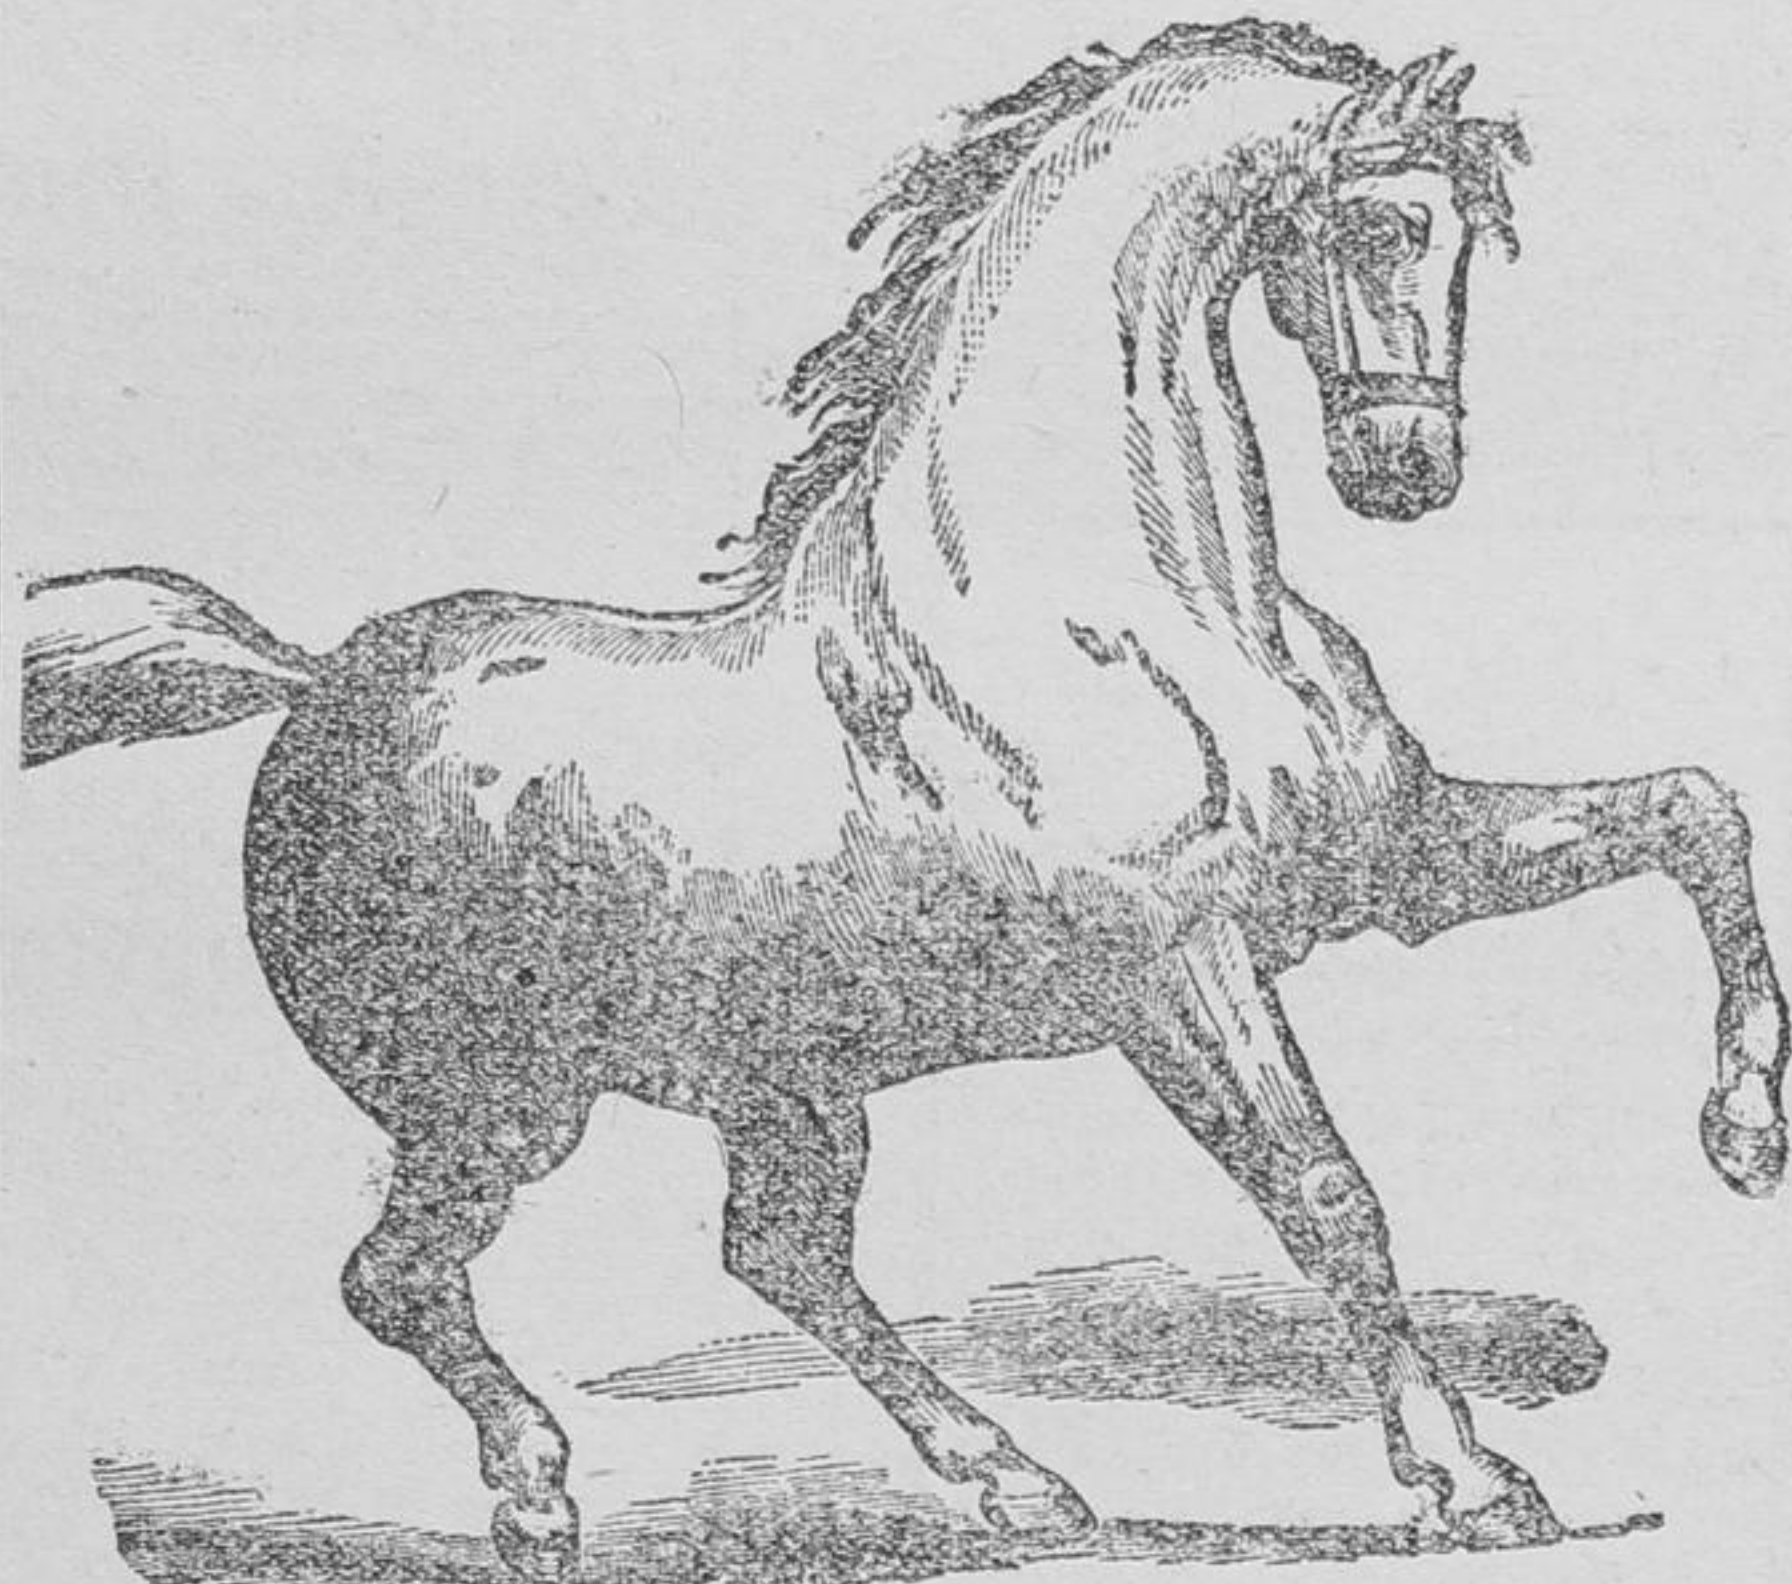

### Frost Fences Are Strong All Around

The laterals of a Frost Fence are High Carbon No. 9 Hard Steel Coiled Wire, thoroughly galvanized—that can't be broken until the strand reaches from 1900 to 2200 pounds.

The stays are No. 7 or this same No. 9 wire. And the two wires are locked with the Frost Locks. That braces the fence in all directions—up down and diagonally.

We are so sure that Frost Fences are the strongest and best that we guarantee to repair, free of charge, any fence that goes wrong. That's fair, isn't it? Frost Wire Fences are for sale by

# THE DUKE

25373

Standard Trotting and Registered Stallion

THE DUKE is a beautiful seal brown Stallion about 16 1/2 hands high, and in stud condition weighs about 1,300 pounds. The Duke is highly finished and powerfully built in every way. He is not a pacer but one of the finest gaited trotting horses in America. He has trotted a trial in 2:17, quarters in 29 1/2 seconds, and a 1:58 gait, and it is said, with good handling, he could trot in 2:10.

## \$1,000 GUARANTEE

Any one who will inspect this horse before selecting a sire we will guarantee to make them a present of \$1,000 and a colt without charge, if The Duke is not just as represented and one of the best bred Trotting Stallions on the continent and one of the greatest Stock Horses on earth.

Route—12 Weeks, commencing Monday, April 30th, 1906

# PAGE FENCING

THE BEST IS THE CHEAPEST

When you buy a knife for instance, you consider the quality of the steel in the blade. The biggest and heaviest knife is not necessarily the best. Now there is just as much difference in the quality and strength of steel in fence wire as there is in a knife blade or razor. The Page Co. use a high carbon steel wire, which though it costs you but little more, is fifty per cent. (50%) stronger than wire in other fences. The lightest PAGE fence is as strong as the heaviest of other makes.

Notice the lock in PAGE "EMPIRE" FENCE. You may have noticed also that others are imitating it. That is a good recommend for it. Where we lead others follow.

All PAGE wire is "COILED," not crimped.

Besides the extra strength and superior workmanship, PAGE FENCES are dipped in a special white paint, which on top of the best of galvanizing, will lengthen the life of wire for years. And, also, this white coating makes wire much more sightly.

Owing to the great strength and elasticity of PAGE fencing, one-third less posts are required, thus reducing the cost of the fencing.

As you get in PAGE FENCES one-half more fence strength, greater protection against rust, better workmanship, better appearance, use less posts, can you afford it. That is a good recommend for it. Where we lead others follow.

to use other fences, even though you could buy them for one-half the price of the PAGE? But, really ours cost you little, if any more.
