J. B. McLEAN, Clerk.

Hon. Dr. Reaume, Commissioner of Crown Lands, has returned from his western trip and is now taking a course of treatment at St. Joseph's Hospital, Mount Clemens, Mich. He has completely recovered from the effects of the operation he underwent recently, and the only ailment from which he is suffering now is an attack of rheumatism in the foot, from which he hopes to obtain speedy relief. While in the west he visited New Liskead, the Temagami and Port Arthur districts.

Dr. Shoop's Restorative brings lasting relief in Stomach, Kidney and Heart troubles through the inside nerves. No matter how the nerves become impaired this remedy will rebuild their strength, will restore their vigor. Remember it does no good to treat the ailing organ—the irregular heart, rebellious stomach, diseased kidneys. They are not to blame. Go back to the nerves that control them—treat the cause—use a remedy that cures through the inside nerves. Sold by W. A. Sanderson.

EDUCATIONAL REGULATIONS
The Department of Education has issued a circular directing that the list of text books authorized in August, 1905, for use in the public and high schools, commercial institutes and county model schools will remain unchanged until further notice, and that revised editions of books now on the list cannot be used. The circular sets forth that the revised regulations of 1904 regarding the courses of study and the requirements for the departmental examination are now in full force, with the exceptions that as in 1905 and 1906 no examinations will be held in 1907 in the subjects of part I. of the junior teachers' or district certificate course, and that candidates who have already passed in one part of the senior teachers' examination under the regulations in force in 1905-06 must complete the list of subjects as prescribed for parts I. and II., and that the pass standard for 1907 for such candidates will be 34 per cent. of each paper, and 50 per cent. of the aggregate.

The first accident on this section of the James Bay Railway occurred last Sunday. A party of five who had business over the road left Johnnie Brillinger's boarding house in a hand car in the morning, their destination being Pefferlaw, four stations beyond Mount Albert. The quartette enjoyed the scenery passing through Gormley, Vandorf, Pine Orchard, Mt. Albert, Zephyr and Cedarvale, and the excursion would have been perfectly delightful had it not been for an accident on the up-grade trip. The pumps worked so hard that the jigger left the track, when one man's head and face were pretty badly cut and bruised by being thrown from the car. Others were stunned by the sudden stop, but could show no scars. The men became tired and hungry, but as there was a Baker on board they did not despair. The manager knew the road well, so the party were returned home without any broken bones. The patient's wounds were dressed, and he was carefully put off at Clark's corners. And Richmond Hill received its usual supply of milk the following morning.

MADE FROM NATIVE ROOTS.
SAFE AND RELIABLE.

That the roots of many native plants, growing wild in our American forests, possess remarkable properties for the cure of human maladies is well proven. Even the untutored Indian had learned the curative value of some of these and taught the early settlers their uses. The Indian never liked work so he wanted his swain to get well as soon as possible that she might do the work and let him hunt. Therefore, he dug "papeose root" for her, for that was his great remedy for female weaknesses. Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription," skillfully combined with other agents that make it more effective than any other medicine in curing all the various weaknesses and painful derangements peculiar to women.

Many afflicted women have been saved from the operating table and the surgeon's knife by the timely use of Doctor Pierce's Favorite Prescription. Tenderness over the lower pelvic region, with backache, spells of dizziness, faintness, bearing down pains or distress should not go unheeded. A course of "Favorite Prescription" will work marvelous benefit in all such cases, and generally effect a permanent cure if persisted in for a reasonable length of time. The "Favorite Prescription" is a harmless agent, being wholly prepared from native medicinal roots, without a drop of alcohol in its make up, whereas all other medicines, put up for sale through druggists for woman's peculiar ailments, contain large quantities of spirituous liquors, which are very harmful, especially to delicate women. "Favorite Prescription" contains neither alcohol nor harmful habit-forming drugs. All its ingredients are printed on each bottle wrapper. It is a powerful invigorating tonic, imparting health and strength in particular to the organs distinctly feminine. For weak and sickly women, who are "worn-out," or debilitated, especially for women who work in store, office, or sewing machine, or bear heavy household burdens, and for nursing mothers, Dr. Pierce's Favorite Prescription will prove a priceless benefit because of its health-restoring and strength-giving power.

For constipation, the true, scientific cure is Dr. Pierce's Pleasant Pellets, Mild, harmless, yet sure.
