

The Liberal.

RICHMOND HILL, ONT., Aug. 30, 1906

The Industrial Exhibition was formally opened Tuesday afternoon by Sir William Mulock. The interesting ceremony was witnessed by a distinguished gathering, who listened to many congratulatory speeches. The marvellous development of the great fair was touched upon, an address was presented by the directors to Sir William Mulock, and the opinion was freely expressed that with favorable weather the present exhibition, the 28th year, will eclipse any of its predecessors in the number and quality of its exhibits, and also in attendance.

Sir Wm. Mulock, Chief Justice of the Exchequer Division of the High Court of Justice, opened the Canadian National Exhibition Tuesday, and in the course of an eloquent address took occasion to warn Canadians away from the ruinous burdens of militarism. "This Canada of ours," he said is the only country in the world worth living in that is not burdened with great military debts handed down to them by previous generations. Keep it on those lines. Watch carefully every tendency towards militarism, for we know that preparation for war leads to war. Remember that this is the last spot of refuge on God's green earth where men can come and not pay tribute for the sins of their ancestors."

Owing to the deficient snowfall and the alternate freezing and thawing of the ground during last winter, most of the Autumn sown crops in the Province suffered considerably. As a consequence, some of the Fall Wheat was ploughed under in the spring, and many of the fields which were left yielded rather uneven crops. Quite a number of the co-operative experiments reported a total failure with Winter Vetches and Winter Wheat and in several cases even the Rye was somewhat injured. At the Guelph Agricultural College, both Wheat and Rye came through the Winter well, but the subsequent growth of the Wheat was not as good as might have been expected, and on the whole, the yields were somewhat lower than those of last year.

A By-law appointing W. J. Wellas collector for the Southern Division and A. Hambleton as collector for the Northern Division received its several readings and passed by-law to raise certain sums for county, township, special and school purposes, were passed.

On motion of Councillor McMurphy council adjourned to meet at McCarter's Hotel, Nobleton, Saturday, Sept. 29.

The disgusting discharges from the nose and throat, and the foul catarrhal breath, are quickly dispensed with by using Dr. Shoop's Catarrh Cure. Such soothing and antiseptic agents as Oil Eucalytus, Thymol, Wild Indigo, etc., have been incorporated into a snow white cream, making a catarrhal balm unexcelled. Sold by W. A. Sanderson.

GUARD THE CHILDREN

We often wonder why it is so many children can be seen upon our streets until a late hour of night. The parents of some of these children are numbered among our good citizens. If their cow or their horse or even their favorite dog was away from home after dark they would be out on a search, but their own children roam the town after dark with apparently no effort being made to find them. The boy seems to be turned loose at a tender age to wander at will into the paths of sin and then we wonder where all our tramps come from. It is a regrettable fact that too many of them come from seed germinated in good homes and then sown in a careless manner upon our streets. Reader, is your boy wasting his time upon our streets? If so had you not, at least, look after him as carefully at nightfall as you would your horse and cow. We do not intimate that this evil exists to a greater extent in this community than in our sister towns, but the evil seems universal and increases in magnitude as the years roll by.

Weak Kidneys Bright's Disease and Diabetes

Use Dr. Shoop's Restorative to Cure the Cause, If You Suffer From These Symptoms.

Here are the symptoms of Kidney complaints. Urine laden with sediment, brick dust in urine, highly colored urine, greasy froth or blood in it, stringy mucous in urine, unusual desire to urinate, pain in passing water, pain in the back and over the kidneys, hot, dry, itching skin, hair dry and brittle, painful joints, legs feel heavy, sleeplessness, dullness, loss of weight, chilly sensations, loss of memory, general debility, irregular heart, disorder of eyesight, trouble with hearing, waxy skin, fever, shifting from one foot to the other in standing. An improper or treatment is often worse than none. Most kidney medicines get their effect from remedies called diuretics. These are practically kidney physics, act on the bowels. They excite the kidneys to unusual action, they cause over strain. These diuretic remedies are them selves the frequent cause of serious kidney disease. Don't try to doctor the kidneys themselves, for you will only harm them. Their only strength is nerve power. Dr. Shoop's Restorative (Tablets or Liquid) vitalizes the nerves that operate the Kidneys.
