TERROR AND BLOODSHED.
Results of the Greek and Slav Feud in the Balkans.
The murder of Greeks in Bulgaria and the destruction of their property is bringing about a dangerous complication in the Near East.
Race hate, as between Slavs and Greeks, and religious hate, as between the Bulgarian and Greek Churches, have become intensified by the present outrages, and preparations are being made for reprisals on a large scale.
Macedonia will again be the field of action, for it is there that the rival factions can freely make war. Already 200 people a month are being murdered by the bands, and property is being destroyed wholesale. This in spite of the supervision of the powers.
A leading Bulgarian comitadj, who is now in Vienna, says that plans are being made to carry the war more actively into the Greek camp. It is known that Greek bands are crossing the frontier in large numbers. They are well armed and well supplied with funds. The Bulgarians are not so well off. They are short of money and are sending agents to their countrymen to make an appeal for help.

Meantime the Turks are interested on-lookers. They regard their duty not so much to prevent disorders as to allow the bands to destroy each other. They occasionally destroy a small band themselves, and it is noteworthy that in these encounters the band is almost invariably Bulgarian and not Greek.
There is every probability that the powers will be compelled to take drastic measures to put an end to the prevailing anarchy.

"George," murmured the young wife, "am I as dear to you now as I was before we married?" "I can't exactly tell," replied the husband, absent-mindedly; "I didn't keep any account of my expenses then."

Sunlight Soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

"Am I to understand that you were cashiered from the army for a mere breach of etiquette?" queried the interested friend. "Yes, sir," boldly asserted Colonel Blupper. "What was it?" "Turning my back to the enemy."

In Fields Far Off.—Dr. Thomas' Electric Oil is known in Australia, South and Central America as well as in Canada and the United States and its consumption increases each year. It has made its own way, and all that needs to be done is to keep its name before the public. Everyone knows that it is to be had at any store, for all merchants keep it.

Mrs. Jones: "I wonder what it is that makes baby so wakeful?" Mr. Jones (savagely): "Why, it's heredity, of course—this is what comes of your sitting up at nights waiting for me!"

After Wasting Fevers hasten recovery to health by the use of "Ferrovin." It is the best tonic. It builds, strengthens and gives new vitality. Try it, it will make you feel strong.

Miss Dukkets: "Did you tell Mr. Getthere I was not in?" Bridget: "I did, mum." Miss Dukkets: "What did he say?" Bridget: "He said, 'Well, tell her to come down as soon as she is in.' He's in the parlor."

Holloway's Corn Cure is a specific for the removal of corns and warts. We have never heard of its failing to remove even the worst kind.

"I heard a queer story about Snowden from our driver to-day." "What was that?" "A young lady and gentleman went out for a walk on that hill; they went up higher and higher, and never came back again." "Dear me! What became of the unhappy pair?" "They went down on the other side."

CARE OF EARS.
Never put anything into the ear for the relief of toothache.
Never wear cotton in the ears if they are discharging.
Never apply a poultice to the inside of the canal of the ear.
Never drop anything into the ear unless it has been previously warmed.
Never use anything but a syringe and warm water for cleansing the ears.
Never strike or box a child's ears; this has been known to rupture the drumhead and cause incurable deafness.
Never allow the hair to remain wet if you have a tendency to deafness; wear an oiled-silk cap when bathing and refrain from diving.
Never scratch the ears with anything but the finger if they itch. Do not use the head of a pin, hairpins, pencil tips or anything of that nature.
Never let the feet become cold and damp or sit with the back toward a window, as those things tend to aggravate any existing hardness of hearing.
Never put milk, fat or any oil substance into the ear for the relief of pain, for they soon become rancid and tend to incite inflammation. Simple warm water will answer the purpose better than anything else.
Never meddle with the ear if a foreign body enters it; leave it absolutely alone, but have a physician attend to it. More damage has been done by injudicious attempts at the extraction of a foreign body than could ever come from its presence in the ear.
Jones: "Yes, sir, that boy of mine is a wonderful piano player. Why, he can play with his toes." Brown: "How old is he?" Jones: "Fifteen." Brown: "I've got a boy at home who can play with his toes, and he is only one year old."

SUNLIGHT SOAP
\$5,000 REWARD will be paid to any person who proves that Sunlight Soap contains any injurious chemicals or any form of adulteration.
is equally good with hard or soft water.
If you use Sunlight Soap in the Sunlight way (follow directions) you need not boil nor rub your clothes, and yet you will get better results than with boiling and hard rubbing in the old-fashioned way.
As Sunlight Soap contains no injurious chemicals and is perfectly pure, the most delicate fabrics and dainty silks and laces may be washed without the slightest injury.

HER ADVICE.
Miss Antek: "If you were me would you marry a man who proposed to you by telegraph?"
Miss Pert: "Yes, and I'd catch the next train in order to meet him half-way."
They Wake the Torpid Energies.—Machinery not properly supervised and left to run itself, very soon shows fault in its working. It is the same with the digestive organs. Unregulated from time to time they are likely to become torpid and throw the whole system out of gear. Parmelee's Vegetable Pills were made to meet such cases. They restore to the full the flagging faculties, and bring into order all parts of the mechanism.
Mrs. Klubbs (severely): "I've been lying awake these three hours waiting for you to come home." Mr. Klubbs (ruefully): "There now! And I've been staying away three hours, waiting for you to go to sleep."

The delicious flavor of "SALADA" Tea is due largely to the care used in the cultivation and preparation and to the fact that it is packed in sealed lead packages which prevent it coming in contact with articles that would affect its flavor.

Lying is like trying to hide in a fog. If you move about you are in danger of bumping your head against the truth; as soon as the fog blows up, you are gone anyhow.

Pale, sickly children should use Mother Graves' Worm Exterminator. Worms are one of the principal causes of suffering in children and should be expelled from the system.

"Why," said a youngster to his elder brother, "do herrings have so many more illnesses than other fish?" "Who says they do?" asked the youth addressed. "Why, this book says that thousands upon thousands of them are cured every year."

Tiny tubercles on the skin of scrofulous people produce the hideous disease called lupus. Weaver's Cerate, used in time, will save the skin from destruction. Apply to all affected parts. Cleanse the blood with Weaver's Syrup.

Anne Teeke: "Mr. Gasser is such an interesting talker. Always saying something one never hears from anyone else." Hattie Holtewunne: "Has he been proposing to you too?"

Suffer no More.—There are thousands who live miserable lives because dyspepsia dulls the faculties and shadows existence with the cloud of depression. One way to dispel the vapors that beset the victims of this disorder is to order them a course of Parmelee's Vegetable Pills, which are among the best vegetable pills known, being easy to take and are most efficacious in their action. A trial of them will prove this.

HOOKED.
Mrs. Newlywed: "The night you proposed you acted like a fish out of water."
Mr. Newlywed: "I was, and very cleverly landed, too!"

ANOTHER WONDERFUL CASE
Here is something that will be Welcome News to Many a Discouraged One.
"For several years I have been troubled with gas around my heart, shortness of breath, my food did not digest properly. It turned sour in my stomach, causing me great distress; often, too, I had disagreeable attacks of belching gas and heartburn, and severe pains across the small of my back. I tried Dr. Leonard's Anti-Fill and from the very first found relief. Anti-Fill has indeed cured me."

He: "Five years ago when I saw her she was looking for a husband; but she's married now." She: "Yes; and she's still looking for him, especially at nights."
UNDER BLUE SKIES.
The fields and woods are Nature's sanitarium. Have you ever noticed how soon and how completely we forget our aches and ailments when we come under their spell? Somehow it does not seem to fit in well with our surroundings to talk of being sick. Health is all about us, and the abounding strength of Nature is communicated to the physical system by some process we understand but dimly, and we outgrow the weakness and infirmities we have been in the habit of complaining about so much, and all at once we wake up to the fact that we have none left to talk about. Unconsciously we have absorbed the vitality of the earth as God made it, and with a thrill of delight we feel it tingling in our veins, and it is a joy just to live and breathe. The men and women who shut themselves up within four walls and stay there from one year's end to another only half live.
