Inspector Fotheringham made his
usual visit to S. S. No. 3, on Tuesday.
The trustees met him by appointment
and examined the premises together.
If they follow his directions the rate-
payers will sweat profusely and prob-
ably say some unprintable things.
The Brethren in Christ (Tinker's)
communion meeting will be held at
their church at Gormley next Satur-
day. Some American ministers are
expected.

Sherwood

The Vaughan Ministerial Association
held its first regular meeting for the
fall and winter months in the Lutheran
Church, 4th con. Vaughan, on Sep-
11th, at 2.30 p.m. There were eight
ministers from the surrounding com-
munities present. The Rev. Malcolm
McKinnon of Woodbridge read an in-
teresting paper on "Pastoral Work,"
which led to a profitable and animated
discussion by those present. Among
other items of interest discussed were
phases of local option and its working
in the Township of Vaughan and the
village of Richmond Hill. The lack of
ample accommodation in Maple, for
the travelling public and what seemed
to be open and flagrant breaches of
the law in Richmond Hill and Klein-
burg, were deplored. The "right
man" could get the stuff as native
wine, or something else in bottles at
these places, and the secretary was
instructed to write the License In-
spector and see if these practices could
not be stopped.

The next meeting will be held on
the 2nd Monday of Oct. in the Method-
ist church, Woodbridge, when it is
expected to have Dr. Chown of Toron-
to. Secretary of Temperance and
moral reform, or some such one, will
address the ministers in the afternoon
and to hold a public meeting in the
evening.

MRS. R. ROBINSON'S DEATH.

Mrs. Robert Robinson, for many
years a resident of this place, died at
the home of her daughter, Mrs. Jos.
Gaby, 44 Beaconsfield Ave., Toronto,
early last Thursday morning, aged 80
years. Deceased had been failing for
a long time, and for over a month be-
fore she died she had not been able to
leave her bed. The remains were
brought for interment in the Rich-
mond Hill cemetery on Saturday
when the casket was borne by five
sons, namely: James of Etobicoke,
John of Manitoba, George, William
and Harry of this place, and a son-in-
law, Mr. Jos. Gaby. Before leaving
Toronto an impressive sermon was
preached at the home by Rev. O. O.
Johnston, a former pastor of deceased.
The minister spoke of the christian
character of the departed, her faith in
the hereafter, and expressed a hope
that the sons and daughters would
profit by the example of a pious
mother. The ceremony at the grave
was conducted by Rev. A. P. Brace.
The funeral here was a large one,
many old friends coming a long dis-
tance to show their last tribute of re-
spect for the deceased and her family.
The only absent members of the fam-
ily were Jerry of New York, and
Walkington of Buffalo. Other relatives
present were the three daughters—
Mrs. A. Savage, Mrs. W. Mintern
and Mrs. Jos. Gaby, with their hus-
bands; three sons of Mr. Mintern;
a son of Mr. Savage; a granddaughter,
Miss Robinson of Etobicoke; Mr. J.
Piercy of Emery, a nephew; Mrs.
Lamb of Meadowdale, a niece; Mr.
and Mrs. Wm. Thomas of Hope and
Mr. and Mrs. Thos. Ray of Glenville.

THE LEMONVILLE WELLS.

In view of the probability of Toron-
to Junction being supplied with water
from artesian wells at Lemonville a
LIBERAL reporter and another citizen
paid a visit to the wells last Friday.
The water from many pipes flows con-
tinually as clear as crystal, and mil-
lions of gallons go to waste every day.
The wells are on the Cook farm, lots
6 and 7, con. 6, Whitechurch. Some of
the pipes are 2 inches, 3 inches and 6
inches in diameter. The water from
some of the wells ascends with great
force, and it is said will raise 25 feet
above the surface. On the Cook farm
alone there are 21 wells. Some of the
wells were plugged as the neighbors
to the south complained that the over-
flow water was a nuisance. The first
well in that locality was bored 63
years ago, and the proprietor of the
farm says the water comes with as
much force now as when the well was
first sunk. It is claimed that from
one pipe alone 100,000 gallons of water
flows every 24 hours. Mr. Neighbor
has an option on the wells, and if he
is granted a charter by the Ontario
Government his intention is to com-
mence piping the distance to Toronto
Junction, about 25 miles, next spring,
by way of Yonge street. The height
of the artesian wells above Toronto is
about 650 feet.

Maple

On Thursday of last week, Mr.
Thomas Jackson passed away after a
lingering illness. He was in his
seventy-ninth year and had lived in
this vicinity for many years, and was
highly respected by all who knew
him. The funeral took place on Sat-
urday afternoon, and was largely at-
tended. All extend their sympathy
to the sorrowing widow and family.

Last Thursday afternoon the month-
ly meeting of the Women's Institute
was held at the home of Mrs. G. Gar-
row. An address on "Patent Medi-

town.

It is a common sight on our streets,
especially on Sunday nights after
church, to see boys scarcely in their
teens, puffing away at cigarettes.
Ladies have also been insulted by re-
marks from these youngsters. Par-
ents should see that this is stopped.

**Bad Stomach Makes
Bad Blood.**

You can not make sweet butter in a
foul, unclean churn. The stomach serves
as a churn in which to agitate, work up
and disintegrate our food as it is being
digested. If it be weak, sluggish and
foul the result will be torpid, sluggish
liver and bad, impure blood.

The ingredients of Dr. Pierce's Golden
Medical Discovery are just such as best
serve to correct and cure all such de-
rangements. It is made up without a
drop of alcohol in its composition; chem-
ically pure, triple-refined glycerine being
used instead of the commonly employed
alcohol. Now this glycerine is of itself a
valuable medicine, instead of a deteri-
ous agent like alcohol, especially in the
case of weak stomach, dyspepsia and the
various forms of indigestion. Prof. Finley
Ellingwood, M. D., of Bennett Medical
College, Chicago, says of it:

"In dyspepsia it serves an excellent pur-
pose. * * * It is one of the best manufac-
tured products of the present time in its
action upon enfeebled, disordered stomachs;
especially if there is ulceration or catarrhal
gastritis (catarrhal inflammation of stomach).
It is a most efficient preparation. Glycerine
will relieve many cases of pyrosis (heartburn)
and excessive gastric acidity. It is useful in
chronic intestinal dyspepsia, especially the
flatulent variety, and in certain forms of
chronic constipation, stimulating the secre-
tory and excretory functions of the intestinal
glands."

When combined, in just the right pro-
portions, with Golden Seal root, Stone root,
Black Cherry bark, Queen's root, Blood-
root and Mandrake root, or the extracts of
these, as in Dr. Pierce's Golden Medical
Discovery, there can be no doubt of its
great efficacy in the cure of all stomach,
liver and intestinal disorders and derange-
ments. These several ingredients have
the strongest endorsement in all such
cases of such eminent medical leaders as
Prof. R. Bartholow, M. D., of Jefferson Med-
ical College, Chicago; Prof. Hobart A. Hare,
M. D., of Medical Department, University of
Pa.; Prof. Laurence Johnson, M. D., Medical
Department, University of New York; Prof.
Edwin M. Hale, M. D., Hahnemann Medical
College, Chicago; Prof. John M. Scudder, M. D.,
and Prof. John King, M. D., Authors of the
American Dispensatory, and scores of others
among the leading medical men of our land.
Who can doubt the curative virtues of
a medicine the ingredients of which have
such a professional endorsement?
Constipation cured by Doctor Pierce's
Pleasant Pellets. One or two a dose.
