

RICHMOND HILL, ONT., Sept. 27, 1906

Mr. Hepburn, the Liberal candidate for East Elgin, has resigned, and the executive of the party have accepted the resignation and nominated another candidate. In an address issued to the electors Mr. Hepburn says that he resigned owing to the fact that a cowardly attack was made on his character and reputation. If the reports are true Mr. Hepburn did well to resign. If they are false one would think that Mr. Hepburn would be anxious to expose his traducers from every political platform in the riding.

Probably no measure in recent years was subjected to severer criticism by the Conservative Opposition than The Lord's Day Act, passed at the last session of the Dominion Parliament. Yet at General Conference at Montreal last week Rev. John Potts, president of the Lord's Day Alliance, said: "I think I may say that there is no country on the face of the earth that has as good a Lord's Day act as the Dominion of Canada. For this we are indebted very largely to the Premier of Canada and to the Minister of Justice, Hon. Mr. Fitzpatrick, and after him to Mr. Aylesworth."

MacLean, Principal of the Cornwall High School, but who had been visiting another son in Toronto, died suddenly at the latter place last Thursday. He complained of a pain in his side a day or two before. Thursday morning he walked to a drug store in the city to get a prescription filled, but a few minutes after entering the store he fell dead. Heart trouble was the cause. Deceased had visited his son here during the summer holidays at the home of Mrs. B. McDonald.

OUR COUNCIL ACTIVE

The Industrial Committee of the Village Council are in communication with the officers of the James Bay Railway with a view of inducing the Company to locate their cars shops here. They have had one interview, and are promised another the latter part of this week. The council are also in communication with the traffic

manager with the metropolitan with a view of having an early car to go south through Richmond Hill not later than 6.30 a.m. A number of commercial travellers in this place and all along Yonge street complain that the present cars take them to the Union Station just a few minutes too late to catch their trains.

SPECIAL NUMBER

The Winnipeg Telegram has issued a special number giving much valuable information about the western metropolis and the Canadian West. The edition does credit to the publishers, and will do much to advertise that great country. Interesting sketches are given of the men who manage city affairs, the public school system, etc. The fertility of the land and the enormous quantity of grain grown are again pointed out. The remarkable growth of bank clearings is referred to at length, and the growth and progress of Winnipeg during the past five years are shown to have been phenomenal.

The Signs of Heart Trouble

You can Surely Secure Heart Health and Strength through Dr. Shoop's Restorative.

Heart weakness which can be dealt with at all is nerve weakness. Just as your hand trembles when its nerves are weak, when your heart nerves are weak your heart falters and palpitates. Other signs are shortness of breath after slight exercise; fainting spells; pain or tenderness about the heart caused by irregular heart action; choking sensation as if the heart was in the throat; uneasy sensation in the chest, showing that the heart isn't working right; pain when you lie on one side—usually the left side, but frequently the right, painful and difficult breathing; a smothered feeling. There is absolutely no other way to treat a weak heart. That is to stimulate the natural and permanent strength to its nerves. Can you imagine how any other Restorative will bring back the strength to the heart nerves always. There is nothing in this remedy to stimulate anything that leads to reaction. The strength that gives is natural and permanent. It is just the same strength as Nature gives to those who are well. Dr. Shoop's Restorative (Tablets or Liquid) restores strength which extends over the whole body system—it overcomes the cause of the trouble as well as the result. Sold by

EDGELY CIDER & JELLY MILL

Will run on custom work during October and November as follows:— Starting Monday, Oct. 1st, will run first three days of each week during October and November, up to and including Nov. 21, 1906.

As is well known we make raw cider, boiled cider, apple butter, and jelly all from your own apples.

Cider can be boiled to any thickness. Jelly apples should be well ripened and two-thirds sweet.

Parties wishing apple butter should keep their peeling apples separate from the cider apples.

Will buy a few peeling apples only. No cider apples wanted.

As we have now, after many improvements, a capacity of about 3000 gallons of cider boiled into jelly and apple butter per day, we hope to give our customers every satisfaction.

Customers are respectfully requested to do business on the above mentioned days as we live a distance from the factory and customers coming any other day would find it very inconvenient.

We hope to see all our old customers back again this season as usual with as many more as possible.

Thanking the general public for past favors, we solicit a continuance of the same in the future.
