**WHAT SHE WANTED.**

She was newly married, and did not know a little bit about either housekeeping or shopping, and she was giving her first order. It was a crusher; but the grocer was a clever man, and was used to all kinds of orders, and could interpret them easily.

"I want 10lb. of paralyzed sugar," she began, with a businesslike air.

"Yes'm. Anything else?"

"Two tins of condemned milk."

"Yes'm."

He set down pulverized sugar and condensed milk.

"Anything more, ma'am?"

"A bag of fresh salt. Be sure it is fresh."

"Yes'm. What next?"

"A pound of desecrated codfish."

He wrote, glibly, "desiccated cod."

"Nothing more, ma'am? We have some nice horseradish just in."

"No," she said, "it would be of no use to us; we don't keep a horse."

It Keeps the Muscles Pliant.—Men given to muscular sports and exercises and those who suffer muscular pains from bicycle riding will find Dr. Thomas' Electric Oil something worth trying. As a lubricant it will keep the muscles pliant and free from pains which often follow constant use of them, without softening them or impairing their strength. For bruises, sprains and contusions it is without a peer.

"And is this man come unto this court with unblushing footsteps, with the cloak of hypocrisy in his mouth, and to draw fifteen bullocks out of my client's pocket with impunity?" asked a barrister. There was no reply.

**MAKE A NOTE OF IT.** "The D & L" Menthol Plaster is guaranteed to cure the worst case of backache, headache, aches. Avoid substitutes. Get the genuine mark by Davis & Lawrence Co.

Little Sister: "Any new studies this term?" Little Brother: "One—elocution." "What's that?" "It's learning how to read a thing so it will sound as if you was at the other end of a drain-pipe."

The efficiency of Bickle's Anti-Consumptive Syrup in curing coughs and colds and arresting inflammation of the lungs, can be established by hundreds of testimonials from all sorts and conditions of men. It is a standard remedy in these ailments and all affections of the throat and lungs. It is highly recommended by medicine vendors, because they know and appreciate its value as a curative. Try it.

"How in the world, Mrs. Wisely, do you manage to have all of your three daughters in so early when they spend the evening out?" "The last one home has to get breakfast next morning."

**A Pleasant Duty.**—"When I know anything worthy of recommendation, I consider it my duty to tell it," says Rev. Jas. Murdock, of Hamburg, Pa. "Dr. Agnew's Catarrhal Powder has cured me of Catarrh of five years standing. It is certainly magical in its effect. The first application benefited me in five minutes." 50 cents.—9

"I used ter think," remarked Meandering Mike, "that I wasn't popular with dumb animals." "Are ye?" inquired Plodding Pete. "Tremendously. I met three dogs to-day, and every one of them thought I was nice enough to eat."

Do not delay in getting relief for the little folks. Mother Graves' Worm Exterminator is a pleasant and sure cure. If you love your child why do you let it suffer when a remedy is so near at hand?

"We want a man for our information bureau," said the manager, "but he must be one who can answer all sorts of questions and not lose his head." "That's me," replied the applicant, "I'm the father of eight children."

**Eat what you like.**—Give the digestive organs some work to do. These functions need exercise as much as any part of the human anatomy, but if they're delicate, give them the aid that Dr. Von Stan's Pineapple Tablets afford and you can eat anything that's wholesome and palatable—60 in a box, 35 cents.—8

**HIS TURN FIRST.**

"Maria," he said, as he entered the house, speaking before his wife had time to say a word, "this house is in an awful condition."

"Why, Henry—" she began.

"Don't try to excuse yourself," he interrupted. "Look at this room! I was going to bring a friend home with me, but I refrained for fear the house would be just in the condition that I find it in."

"If you had sent word, Henry—" "Send word, Maria! Why should anyone who claims to be a house-keeper have to be notified, so that she can scurry about and make things look respectable? And that dress, Maria! It's outrageous to be dressed in that fashion at this time of day."

"I could have changed it—"

"Oh, of course. You could have done lots of things, but you didn't. You should be ready to entertain your husband's friends at any time. I suppose the dinner is cold, too."

"It's not so good as it was. You're late, you know."

"Of course, and if I had brought my friend with me he'd have had to sit down to a cold dinner or one that was burnt to a cinder, and we should have had to apologize. It isn't right, Maria! It isn't right at all."

And when he had settled down in his arm-chair after dinner, he chuckled to himself and muttered:

"But I should have got a roasting for being late if I hadn't started first."

**WELCOME AS SUNSHINE** after storm is the relief when an obstinate, pitiless cough has been driven away by Allen's Lung Balsam. No opium in it. The good effect lasts.

A young stick of bamboo stretching its head above the ground looks much like a stalk of asparagus. In Japan these young shoots are as much sought for food as asparagus is here.

**A Small Pill, but Powerful.**—They that judge of the powers of a pill by its size, would consider Parmelee's Vegetable Pills to be lacking. It is a little wonder among pills. What it lacks in size it makes up in potency. The remedies which it carries are put up in these small doses, because they are so powerful that only small doses are required. The full strength of the extracts is secured in this form and do their work thoroughly.

"I hear your firm discharged you." "Yes; but I wouldn't mind that so much if they hadn't added insult to injury." "How?" "They advertised for a boy to fill my place."

The most curious thing about the butterfly is the size of the case from which the insect proceeds compared with the size of the insect's body. The case is rarely more than one inch long, and a quarter of an inch in thickness; the butterfly covers a surface of nearly four inches square.

**TREATMENT.**

"So you don't believe in the faith cure?"

"Not entirely. It always looked to me a little like trying to regulate the temperature by putting the thermometer in the refrigerator."

"I hear you and Jones have been out shooting." "Yes; just got back." "Did you have any luck?" "I should say I did. Jones only hit me once."

They are Carefully Prepared.—Pills which dissipate themselves in the stomach cannot be expected to have much effect upon the intestines, and to overcome costiveness the medicine administered must influence the action of these canals. Parmelee's Vegetable Pills are so made, under the supervision of experts, that the substance in them intended to operate on the intestines is retarded in action until they pass through the stomach to the bowels.
