

POOR MOTHERLESS GIRL

THE ELDEST OF A FAMILY OF SIX

A Touching Story as Told in a Letter to The Toronto Globe.

To the Editor of The Globe: Sir,—I ask for space in your columns to quote from a letter received at this office...

The sad part of it is this letter is only one of many—alike pathetic and appealing—that are being received daily by the writer.

Fifty-five patients are in residence in the Muskoka Free Hospital to-day. Seven hundred and thirty-eight have been cared for since the hospital was opened in April, 1902.

In place of fifty we could care for one hundred if the needed money for maintenance was at the disposal of the trustees.

Perhaps some of your readers have seen the following earnest statement in Dr. Lawrence F. Flick's valuable book, "Consumption, a Preventable and Curable Disease"...

The appeal of the trustees of the National Sanitarium Association is on behalf of the consumptives of the Dominion, 500 of whom die in Toronto annually, 3,000 in Ontario, 8,000 in the Dominion.

This poor, motherless girl is one of the many sufferers of to-day.

Thanking you in anticipation for insertion of letter, believe me, very truly yours, J. S. Robertson, Secretary National Sanitarium Association.

If "taken at the Sneeze Stage" Preventives—a toothsome candy Tablet—will surely and quickly check an approaching cold or Grippe...

McCLURE'S FOR 1907.

In the January number of McClure's will begin the life of Mary Baker G. Eddy and the history of the Christian Science Movement. For the first time a complete, impartial and true story of Mrs. Eddy and Christian Science is to be had...

Otarrh of the nose and throat should lead you to at least ask us for a free trial box of Dr. Shoop's Otarrh Cure. Nothing so surely proves merit as a real, actual test—and Dr. Shoop, to prove this, earnestly desires that we let you make that test.
