### ENORMOUS MAILS.

The largest mail ever received by one firm in the big City of Montreal was that for the Family Herald and Weekly Star on the closing day of the year. It is said the subscriptions for the Family Herald and Weekly Star on that day alone would exceed all the subscriptions for any other paper in Canada for the whole month of December. A day and a night staff are at work all the time entering renewals and new subscriptions. The increase in the Family Herald's subscription business is phenomenal. It is said their picture this year and Ralph Connor's new story "The Doctor," have won them thousands of new readers, but the Family Herald and Weekly Star alone at one dollar per year is big value, and its wonderful success is well deserved.

To stop a cold with "Preventics" is safer than to let it run and cure it afterwards. Taken at the "sneeze stage" Preventics will head off all colds and Grippe, and perhaps save you from Pneumonia or Bronchitis. Preventics are little toothsome candy cold cure tablets selling in 5 cents and 25 cent boxes. If you are chilly, if you begin to sneeze, try Preventics. They will surely check the cold, and please you. Sold by W. A. Sanderson.

### DON'T LET YOUR PAST SPOIL YOUR FUTURE

There is nothing more depressing than dwelling upon lost opportunities or a missed life. Whatever your past has been, forget it. If it throws a shadow upon the present, or causes melancholy or despondency, there is nothing in it which helps you, there is not a single reason why you should retain it in your memory and there are a thousand reasons why you should bury it so deeply that it can never be resurrected. Nothing is more foolish, more positively wicked than to drag the skeletons of the past, the hideous images, the foolish deeds, the unfortunate experiences of the past into to-day's work to mar and spoil it. There are plenty of people who have been failures up to the present moment who could do wonders in the future if they could only forget the past, if they only had the ability to cut it off, to close the door on it forever and start anew.
