The Liberal.

RICHMOND HILL, ONT., Feb. 7, 1907

The Conservative Government in British Columbia has been returned 10 mos. Sale at 1. with an increased majority. They had the cities of that province at their back, and the result indicates that the Labor and socialist vote went the same way

Local Option in Weston carried by the necessary 60 per cent. major. ity, with five votes to spare. The liquor interests appealed on a technicality but in a recount before Judge at 1. Terms 9 mos. Morgan on Tuesday the result was hotels in that village will therefore not be allowed to sell intoxicating liquors after the first of May next.

A warm discussion will doubtless take place in the Local House when the present liquor law is under fire. In fact some of the speeches will be hot if the Whitney Government shows a determination to stand by the three-fifths' majority. It will be difficult to convince temperance people that in a local option contest 100 votes on the side of the liquor men have the same weight as 149 votes on the side of temperance.
