CONVENTION OF WEST YORK S. S. ASSOCIATION.

West York S. S. Association was held times. in the Methodist church on Thursday | X. That thanks be given to the and Friday last. It is 16 years ago officers of the past year and to those since it met here before, and on that who have during the Convention so occasion it was the inauguration of its admirably contributed to the success existence as a separate county.

Mr. A. J. Hume | the terminal appendage is made, gave a paper on "The Scholar and the | though it looks like ordinary woollen Book" which was very favorably yarn. The directions are as follows:received by those present, and heartily | Hang outside, and if you find the tail endorsed by those who discussed it. dry the weather is FAIR; if tail is Mr. Ambrose Kent took part in a very | wet-RAIN; if tail is swingingcarefully prepared address on the | WINDY; if tail is wet and swinging importance of the work, and of looking | -STORMY; if tail is trozen-COLD. for the salvation of the youth, quoting wonderful statistics showing that 96% of all who are led to the better way are won before 25 years of age, and that the chances of change after that age are only 4%. In the evening session Mr. Brace, the pastor of the church, gave an address of welcome to the convention. Some excellent music was given by the combined choirs, and a solo by Miss Ethel Switzer which was much appreciated. Rev. W. E. Hassard gave an address on the up-todate Sunday School. The words given by the speaker will not soon be forgotten, and if we only could come pearer to the ideal which he set up we should do much more efficient work in this field. On Friday morning the convention was opened by Mr. J. J. Gartshore who called on Miss Hitchon of Toronto to give a talk on "How to obtain Teaching Power." This subject was very ably and scripturally presented, and many said that it would be a help to them in the days to come. Mr. T. P. Padget then presented the claims of the home department, which were discussed freely by the delegates and heartily endorsed. At this stage a resolution was presented to the convention deploring the fact that the dates of this convention and that of the Dominson Alliance had clashed, and a strongly worded resolution denouncing the "3-5 clause" was heartily adopted and ordered to be presented by them in their interview with the Provincial Parliament that day. Mr. Wm. Douglas was next called upon to give a talk on "Personal work with the Scholars." The paper and its discussion seems to have made a deep impression on the convention. and much good must come of its inspiring words. The reports of the Primary Department and the Teacher Training were given at two different periods, and heartily accepted by the convention. Mrs. Abbott had done yeoman service among the Primary workers, and was re-elected to her position. The Teacher Training idea was accepted as a grand idea, but some of the remarks of Mr. Clemmer, the

Supt., called forth warm discussion. In the afternoon session great treats were in store in the addresses given by Mr. H. W. Brown, the present Teacher Training Sec'y of the Province, and Mr. E. A. Hardy his predecessor in office; the former also gave the last Sunday's lesson in Model form illus trated by the blackboard.

The last evening session was all that it would be desired to be. The singing by the choir, and the song service was excellent. Solos were also sung by Miss Marsh and Miss Switzer. Rev. James Murray of Toronto gave a fitting climax in his most enthusiastic address and left words which will long inspire those who heard them. He took the importance of the work among the young, and quoted the strongest facts and figures to show that it was not mere sentimentalism but the shrewdest business to consider the youth as the most valuable of the church.

Then was closed one of the most helpful and inspiring conventions ever attended by so many of the delegates who so warmly expressed themselves. They all spoke in the highest terms of the royal welcome and hearty hospitality which had been given to them during their stay.

The following resolutions were pass-

ed by the Convention:-1. Expressing thanks for the success that had attempted the work since its formation in this church 16 years ago, when Mrs. Cook, Mr. and Mrs. Abbott and others who are now present were implements, etc., property of D. On returning to the drawing-room, the guests seated themselves in a circle, the seat of state being reserved for the honored one of Shoop's Magic Ointment. It is not easy to learn to keep a household account book all at once. A young husband gave his wife a neat little account book prettily bound and designed to be inviting in appearance. He also gave her fifty dollars, and said: "I want you to put down what I give you on this side, and on the other two weeks I will give you another supply." Two weeks later he asked for the book. "Oh, I have kept that account," said the young matron; "here it is." And on one page was inscribed: "Received from Fred fifty dollars," and on the opposite was this summary, "Spent it all.

It's a pleasure to tell our readers about a cough Cure like Dr. Shoop's. For years Dr Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Shoop, it seems, has welcomed the Fure Food and Drug Law recently enacted, for he has worked along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure containers have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by W. A. Sanderson.

To weak and alling women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local.

Dr. Shoop's Restorative, the Constitutional. The former-Dr. Shoop's Night Cure-is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous exchement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy.
