

RICHMOND HILL, ONT., April 18, 1907

The Ontario Government will grant a gratuity of \$4,000 to Helen St. John, wife of the late speaker St. John, and \$1,000 to his daughter, Miss Winnie St. John.

The farmers in this section of country are having much difficulty in securing help for the spring work. Many immigrants have arrived from the United Kingdom, but only an occasional one can be induced to accept farm work, nearly all preferring city life.

By an arrangement between the British and the Canadian Governments the postage on British publications entering Canada is reduced from 8 cents a lb. to 2 cents a lb. The reduction should have a good effect in increasing the circulation of British magazines in Canada, and consequently the circulation of American publications will decrease here.

As nearly every person supposed, the jury on the Thaw trial disagreed, seven standing for conviction, and five for acquittal. The result will mean a new trial with a repetition in the newspapers of all the disgusting details of the miserable affair. For months past it has been the leading topic both in Canada and the United States, and from a moral standpoint the effect cannot be good for the rising generation.

The Liberals of North Toronto have acted wisely in selecting Mr. W. H. Shaw, Principal and Proprietor of the Central Business College, as their candidate at the next Dominion elections. Mr. Shaw has been for several years a member of the Toronto Board of Education, and his position as Principal of the College brings him in contact year after year with many of the brightest students from all parts of the Province. He has long been identified with work tending to the uplifting of his fellow-men, and should be elected to Parliament he should make a very desirable representative.

To-day, April 18, M. Teefy Esq is receiving congratulations from many friends on this, the 85th anniversary of his birthday. Few men have better reasons for congratulation. Mr. Teefy is enjoying good health at the age of four score years and five, his mind is as clear as that of a man in the prime of life, and no person can take a deeper interest in books, or newspapers, or affairs in general than does our esteemed and respected citizen. He is now in his 57th year as Postmaster—the oldest Postmaster in the Dominion, having been appointed in the year 1850, and he is the oldest Justice of the Peace in the County of York, having received the appointment in 1853. He was Clerk and Treasurer of this village for over thirty-two years, and resigned in 1905, when the village council "caned" him.

THE LIBERAL is pleased to join in sincerest congratulations.

The members of the House of Commons, with one single exception, did themselves credit on Monday in a discussion following a remark by Col. Sam Hughes calculated to be offensive to a large section of the community. In a debate on immigration a member of the House expressed a hope that some of the elergy expelled from France would find their way to Canada. Col. Hughes interjected the remark: "A curse to the country." The member for Victoria and Haliburton received a severe castigation for the insulting and uncalled-for observation, but he

had not the good manners to withdraw the remark. Mr. R. L. Borden, the Conservative leader was quick to make it clear that he did not concur in the insolent expression. "So far as I have a right to speak for the party which I lead" said Mr. Borden, "I desire to dissent as emphatically as possible from the expression of any such view as had been made by the member for Victoria and Haliburton."

ENCOURAGE CRICKET.

A meeting was held in Aurora recently for the purpose of organizing a cricket club in that town. The Banner refers to the movement as something to be commended, and expresses a hope that the old English game will be restored to the position it should properly hold. Such games as lacrosse and hockey are certainly exciting, but there has been so much slugging and hammering and fighting mixed up in what should be "sport" during the past few years that it is doubtful if those are entitled to the encouragement they formerly received. Base-ball, also, is a favorite game with many, but it cannot be denied that many of those known as star base-ball players are also known as "toughs." This is to be regretted, but it is, nevertheless, true.

Now with cricket it is different. There is no reason why a man cannot play the game a whole season, pile up a score of any size, and yet be referred to as a gentleman by his opponents. The game calls for strenuous effort, yet it is not too severe, and this is the best kind of physical training. It exercises the muscles, develops the lungs and the heart, and trains the eye and the mind to see accurately and to think quickly. And, besides, the game has its atmosphere of good sportmanship that gives the players the best idea of honor and respect for an opponent.

We quote the following from The Banner, bearing on the subject: "Many of the boys who are now at the High School will be pushing on for an extended career in some one of the higher schools or universities, or seeking positions in large cities where cricket is one of the paramount games, and there can be no better or surer introduction nor warmer welcome to the best circles of social and business society than is awarded a good cricketer, and he is made to feel at home at once, whereas without it he would probably never be heard of, and this ought to be a part of every youth's education."

If your old suit offends thee, cast it out and let Atkinson & Switzer sell you a new one.

CANADIAN HORSE SHOW.

The Grand New Exhibition in Toronto on May 1, 2, 3, and 4.

The first Canadian National Horse Show will be held in Toronto, on May 1, 2, 3, and 4. This is the successor of the famous Canadian Horse Show, which is now divided into two parts, consisting of the Spring Stallion Exhibition in March, and the Canadian National Horse Show in May. As it was also the 13th year of the Show, the unlucky number was avoided by a new organization, representative of the whole province, as well as of the city of Toronto.

The Show promises to be greater and better than ever, and the St. Lawrence Arena, the new building erected by the City, is admirably suited for the purpose. There are no less than seventy-two classes devoted to the harness, saddle, hunter horses, and ponies, and the sum of \$7,000 is distributed.

The principal officers of the new association are Mr. George H. Beardmore, M. P., President; W. J. Stark, Secretary; Stewart Houston, Manager. Reduced rates, equivalent to a single fare for the round trip, are offered on all railways.

"Preventics" will promptly check a cold or the Grippe when taken early or at the "sneeze stage." Preventics cure seated colds as well. Preventics are little candy cold cure tablets, and Dr. Shoop, Racine, Wis. will gladly mail you samples and a book on Colds free, if you will write him. The samples prove their merit. Check early Cold with Preventics and stop Pneumonia. Sold in 5c and 25c boxes by W. A. Sanderson.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong Hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

Dr. Shoop's Restorative
