

CATARRH OF STOMACH RELIEVED BY PE-RU-NA.

MDE. JOSEPH BEAUDOIN.

Mde. Joseph Beaudoin, 59 Rue St. Olivier, Quebec, P. Q., Can., writes: "Peruna is wonderful for indigestion. I eat whatever I want and no longer feel any oppression."

"Having had dyspepsia for a long time and having tried various other remedies, I decided to try Peruna and with the fourth bottle of it I was perfectly cured."

"For this reason, I recommend it to all those who are suffering with that terrible malady, dyspepsia."

"I hope that all who are afflicted in this way will take Peruna as I did."

The experience of Mde. Beaudoin ought to be sufficient proof to any one of the value of Peruna in cases of catarrhal dyspepsia. If you suffer from stomach catarrh in any of its various forms, give Peruna a fair trial, avoiding in the meantime all such indiscretions in diet as would tend to retard a cure, and you will soon be rewarded by a normal appetite and healthy digestion.

A DIFFERENT FOUNTAIN.

They were strolling in the park. "Dearest," he said "let us go and linger at your beautiful fountain." "If it's all the same to you, George, we'll do our lingering at a soda fountain."

A monument has been erected in the graveyard at Banshal, Tipperary, to Darby Ryan, author of the famous song, "The Peeler and the Goat," and other ballads.

DO NOT ALLOW yourself to become alarmed because you have lost your appetite and are losing flesh, but commence taking "Ferrovin" the best tonic. It will build you up quickly.

Benson: "I say, old man, did I ever tell you about the awful fright I got on my wedding day?" Henson: "Sh! No man should speak like that about his wife."

ITCH, Mange, Prairie Scratches and every form of contagious Itch in human or animals cured in 30 minutes by Wolford's Sanitary Lotion. It never fails. Sold by all druggists.

Anthropology Instructor: "What effect has the climate on the Eskimo?" Student: "Cold feet."

It Needs No Testimonial.—It is a guarantee in itself. If testimonials were required they could be furnished in thousands from all sorts and conditions of men in widely different places. Many medicines are put forth every year which have but an ephemeral existence and then are heard of no more. Dr. Thomas' Electric Oil has grown in reputation every day since it first made its appearance.

A SKIN THAT BURNS with eczema, and is covered with eruptions that discharge a thin fluid, may be made smooth and slightly with Weaver's Cerate. But this external remedy should be used in conjunction with Weaver's Syrup.

A POSSIBLE EXPLANATION.

"That ice-cream freezer you sold me," cried the angry woman, "is a fake. It doesn't do the work you claim it does." "No," replied the new salesman; "perhaps you—er—didn't use the best quality ice. The ice must be very cold, you know."

ISSUE NO. 45-07.

POPULAR MARRYING AGE.

Men 25 and Women 21 London Returns Show.

From a return just issued by the London (England) county council it would appear that the most popular marrying age among men is twenty-five, for during the past year 12,958 men who had reached the quarter century entered the matrimonial state, while they were closely run by 12,735 at the age of twenty-one.

With women twenty-one is the favorite period, for 15,848 went to the altar at that age, and at twenty-five there were 9,508, while two girls of fifteen and two of sixteen each married men of fifty-five. One girl of fifteen married a bachelor of twenty-five, and another one of thirty.

At the age of sixteen, thirteen girls and two boys entered into matrimony; at seventeen the figures were 122 and six respectively. At sixty, five spinsters took husbands, while there were two bachelors at that age and two at sixty-five who got married. Altogether there were 34,931 marriages between spinsters and bachelors.

The unions of bachelors and widows totalled 1,477, widowers and spinsters 2,099, widowers and widows 1,151, making a grand total of 39,658 marriages.

Of the ceremonies 26,343 took place in the Established Church, 1,529 in the Roman Catholic, 1,887 in Nonconformist chapels, 8,371 in register offices, seven were Quaker, and 1,521 Jewish.

Other interesting facts in the return are that, in 1905, the births in the county of London totalled 126,559, of these 64,149 being males and 62,410 females. Stepney heading the list with 20,744 births, and Stoke Newington being last with 1,078.

Based on the increases or decreases in population between 1891 and 1901, it is estimated the present population of Greater London is 7,217,939, and of the administrative county 4,785,217, compared with 6,606,163 and 4,544,870 respectively at the census of 1901.

Deaths for a year totalled 16,629. Drink killed 498, there were 513 suicides and 53 homicides, but only seven executions.

LIKED HER MEDICINE.

"Let me kiss those tears away?" he begged, tenderly.

She agreed to it, and he was busy for the next fifteen minutes. And yet the tears flowed on.

"Can nothing stop them?" he asked, breathlessly sad.

"None," she murmured. "It's hay fever, you know. Bud go on with the treatment."

HANDS TERRIBLY CRACKED.

Mrs. Yelen, of Portland, says: "My hands were so sore and cracked that I could not put them near water. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk. It closed the big cracks, gave me ease, and in a very short time healed my hands completely."

Zam-Buk heals all skin injuries and diseases. Of all stores and druggists at 50 cents, or from Zam-Buk Co., Toronto, for price. 3 boxes for \$1.25.

"It's a shame!" cried the young wife. "Not a thing in the house fit to eat! I'm going home to papa!" "If you don't mind, dear," said the husband, "I'll go with you."

Do not let a cold settle on your lungs. Resort to Bickle's Anti-Consumptive Syrup at the first intimation of irritation in the throat and prevent disease from lodging in the pulmonary organs. Neglected colds are the cause of untold suffering throughout the country, all of which could have been prevented by the application of this simple but powerful medicine. The price, 25 cents, brings it within the reach of all.

Many a blessing in disguise is a blessing only because it is disguised.

MONTH AFTER MONTH a cold sticks, and seems to tear holes in your throat. Are you a waver that even a stubborn and long-neglected cold is cured with Allen's Lung Balm? Cough and worry no longer.

Customer (at department store): "Where is your complaint department?" New Salesgirl: "Complain? Guess you've come to the wrong place, mister. This ain't no hospital."

The Most Popular Pill.—The pill is the most popular of all forms of medicine, and of pills the most popular are Parmelee's Vegetable Pills, because they do what it is asserted they can do, and are not put forward on any fictitious claims to excellence. They are compact and portable, they are easily taken, they do not nauseate nor grip, and they give relief in the most stubborn cases.

RICHEST QUEEN IN THE WORLD.

No European Queen is so rich in jewelry as the Supreme Queen of Siam. She has a huge safe, or casket, the handiwork of a London firm, in which repose marvelous necklets, pendants, bracelets, anklets of diamonds, rubies, emeralds and pearls galore. The second Queen owns a scarcely inferior casket, and each of the other wives has her own special hoard. The national jeweler has a standing order for \$500,000 worth of jewelry to be delivered to the King every year, much of which is distributed among the favorites of his harem.

"I say," said a bridegroom to his father-in-law directly after the ceremony, "will you see the minister for me? I—I quite forgot the wedding fee." "Young man," was the stern answer, "you are beginning early. I at least expected you back from your honeymoon before this began."

BEER* IS GOOD TO ENRICH THE BLOOD

PEOPLE who drink good beer with their meals can't be anemic—thin-blooded.

Because beer, so drunk, actually supplies the food elements that make the blood rich. Also beer assists the stomach in getting all the good possible out of all the food that enters it.

Put aside prejudice and learn just how good for almost every adult good beer really is.

*BEER is a term which covers lager, ale, porter and stout, and, in the practice of Ontario brewers, implies beverages made under most hygienic conditions, from Ontario barley (the best in the world) malt, hops, and pure water.

KNEW WHAT WAS COMING.

Wife: "Well, I declare. Here's an old school friend of mine who has just made a fortune."

Husband: "All right, my dear. Go ahead. Tell me that you might have married him."

THE JAPS did it. They supplied the Menthol found in the "D & L" Menthol Plaster, which relieves instantly backache, headache, neuralgia, rheumatism and sciatica.

Many a young man is sorry he spoke after spending a day pricing furniture.

Mother Graves' Worm Exterminator has no equal for destroying worms in children and adults. See that you get the genuine when purchasing.

SECOND-HAND ENGLISH.

Swede (to Englishman, at Colorado Springs, noting that the Englishman's accent was unlike that of the other inhabitants): "How long you bane in dese country?"

Englishman: "Nine months." Swede: "You bane spake de language pudly goat already. Ven you bane in dese country two years you vill spake as well as de people here."

Englishman (annihilatingly): "Man alive! I am from the country where this language is manufactured. What you are learning to speak is second-hand English."

It's what you do that counts—not what you are going to do to-morrow.

FOODS THAT AGE ONE.

"Milk and eggs, after you are 30, should be dropped from your food list," said a chemist. "They age you more than grief or work."

"Age you?" "Yes, indeed. Milk and eggs, you see, are structure formers. They make bone. They harden, stiffen, strengthen. Hence for babies and children they are the best possible food."

"But when one's structure is sufficiently formed, then milk and eggs do one harm. They shorten the breath, they take away elasticity and suppleness, they harden the arteries."

"You, my dear sir, are, frankly, getting on in years, and you find it difficult to run upstairs. Well, drop eggs and milk a month, and I warrant you'll find yourself skipping to your bedroom, two steps at a time, like a very boy again."

Signals of Danger.—Have you lost your appetite? Have you a coated tongue? Have you an unpleasant taste in the mouth? Does your head ache and have you dizziness? If so, your stomach is out of order and you need medicine. But you do not like medicine. He that prefers sickness to medicine must suffer, but under the circumstances the wise man would procure a box of Parmelee's Vegetable Pills and speedily get himself in health, and strive to keep so.

It requires a lot of strenuous will-power for a girl of twenty-five to act as if she didn't want to get married.

Beggar: "Kind lady, please remember the poor." Lady: "I've no money with me." Beggar: "Oh, anything will do, a piece of jewellery, or your furs."
