Our milkman has raised the price of milk to 7 cents a quart or 15 quart tickets for \$1.00. Well, I suppose we should be thankful that the price wasn't raised long ago as it was in other places.

A single plank walk almost connects the asphalt pavement with the C. N. O. Station, East Centre Street. If two people are seen walking on it side by side it will be an indication that they are not on unfriendly terms. However the plank walk will answer a good purpose until the asphalt pavement is completed next summer.

WOMAN'S MAGAZINE.

Subscriptions for the New Idea Woman's Magazine now taken at THE LIBERAL office at 75 cents a year. The magazine is cheap at \$1.00 a year.

Orders for bookbinding should be left at this office. It is surprising how nice a volume can be made of these magazines, even though they are somewhat soiled from much handling. Books, magazines or periodicals bound or rebound in any style at very reasonable prices. Blank books, such as journals, ledgers, day books, with any kind of ruling made to order. All work warranted first class.

RICHMOND HILL FOUNDRY.

Mr. Frank Robinson, whose reputation as a mill-wright stands second to none in this section of country, has purchased the business at the foundry and machine shops at Boyle's Pond, formerly run by Mr. W. Mager. Mr. Robinson is a first-class workman, and those who patronize him can depend on getting every satisfaction. He will make cider, and do chopping every day in the week.

DEATH FROM HEART TROUBLE.

Mr. Daniel Phillips died at his home in Aurora last Friday, the result of heart disease. He had been ailing for several years past, but was able to move around until within a day or two of his death. The Missionary Campaign which is being conducted in the Methodist Church will reach its climax on Sunday next, 24th, when the congregation will voluntarily place on the plates their offering for this great cause. It bears a peculiarly interesting and personal character this year as the Richmond Hill Circuit is aiming at supporting a Missionary of their own in the foreign field, especially in view of the fact that one of the young men of the Circuit has offered himself for China. The goal will be reached by an increase of 50 per cent on the givings of last year.

STRUCK BY AN AUTOMOBILE.

Mr. James Hunt of Carville has entered an action against an automobilist. Mr. Hunt, who was driving along Yonge street, going north to Richmond Hill yesterday, claims that an automobilist coming behind him sounded his horn, when he (Mr. Hunt) turned out near the car track to allow the machine to go past. The automobile, however, caught the hind wheel of the buggy, overturned it, and threw Mr. Hunt out on his shoulder. The rig was smashed and the occupant pretty well shaken up. The case will be heard here before Mr. Sanderson, J. P., Saturday afternoon.

FARMERS, DON'T MISS IT!

Few farm houses in Canada will be found without the Family Herald and Weekly Star, of Montreal. Those homes that do not receive it are missing a great treat. The Family Herald and Weekly Star is to-day easily worth ten times the subscription price to any farmer. Its value in fact cannot be over-estimated. It is a wonderful combination of a weekly newspaper, family magazine and an agricultural journal without an equal. Farmers, if you do not read the Family Herald and Weekly Star of Montreal, you should give it a trial during 1907. Do not wait till January, but remit one dollar now and you will never regret it.

When the Stomach, Heart, or Kidney nerves get weak, then these organs always fail. Don't drug the Stomach, nor stimulate the Heart or Kidneys. That is simply a makeshift. Get a prescription known to druggists everywhere as Dr. Shoop's Restorative. The Restorative is prepared especially for these weak inside nerves. Strengthen these nerves, build them up with Dr. Shoop's Restorative—tablets or liquid—and see how quickly help will come. Free sample test sent on request by Dr. Shoop, Racine, Wis. Your health is surely worth this simple test. W. A. Sanderson.

NEW IDEA WOMAN'S MAGAZINE.

Miss Anne O'Hagan, whose charming stories are well known to readers of the New Idea Woman's Magazine, contributes to the December number a delightful article entitled "Christmas by Double Entry," in which she begins by making all our preparations for the holidays, our way of spending them when they come, as well as their after-effects, seem very ridiculous, and then ends by convincing herself and her readers that the present way of doing things is a pretty good one, after all, and we would not change it if we could. Read it and you will want to begin your Christmas planning at once.

WILLIAM DIMOND SHOT.

William Dimond, 23 years of age, son of James Dimond, 2nd concession York, west of Lansing, was accidentally shot one day last week while on a deer hunting trip in the North-West. The deceased in company with a relative, and two other friends, had gone from home about ten days before. Having killed a deer the party were extracting the shells from their rifles when Dimond's gun accidentally went off, the contents lodging in the upper part of the arm near the body. The remains were brought home by Mr. Sidney Taylor, and the funeral took place from his father's home last Friday.

Forman of Victoria College, an expert on Missionary topics, at Headford 10.30, Victoria Square 2.15, and Richmond Hill in the evening at 7 o'clock. Rev. Mr. Toye and Rev. Mr. Brace will accompany these ministers. Similar services are being carried on in 68 churches in and around Toronto alone.

PICTURES.

The more people are educated the more they appreciate and value pictures of current events—for they contribute delightfully at a glance to a still further education. The less people are educated the more they appreciate and value pictures because they tell them at a glance of interests of which they cannot or perhaps will not read. That is why they please and instruct the children. Everybody likes pictures and no home should be without its picture paper. The cheapest and best is the "Canadian Pictorial." It is to Canada what the "London Illustrated News" and "Graphic" are to Britain. The Canadian Pictorial contains about a thousand inches of pictures and costs about a thousand dollars each issue. Only ten cents a copy. One dollar a year. The Pictorial Publishing Company, 142 St. Peter St., Montreal.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Remedy. Sold by W. A. Sanderson.
