DELIVERING "THE LIBERAL."

We learn that a number of newspapers in towns and villages have stopped delivering the local papers at subscribers' doors. The change was made owing to continual complaints being made that the subscribers did not receive their papers regularly. The same trouble exists in our own village. Week after week subscribers come in and tell us they did not get their paper. We believe our present carrier boy is as careful as any we may ever expect to have, and yet there is not general satisfaction. He has to call at about 100 homes in the village and has to hurry from place to place. Occasionally he may forget a customer, but we have reason to think that frequently the paper is picked up by some passer by. We find also that complaints are more frequent on windy days, which indicates that the paper may be blown away. Would our village patrons rather call at THE LIBERAL OFFICE or the Post Office for their weekly paper? We shall be pleased to hear from you.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babes. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to head aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb". Always demand Dr. Shoop's Cough Cure. Sold by W. A. Sanderson.
