Tired nerves, with that "no ambition" feeling that is commonly felt in spring or early summer, can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling within 48 hours after beginning to take the Restorative. The bowels get sluggish in the winter time, the circulation often slows up, the Kidneys are inactive, and even the Heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to these vital organs. It builds up and strengthens the worn-out weakened nerves; it sharpens the failing appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by W. A. Sanderson.

My Hair is Scraggly

Do you like it? Then why be contented with it? Have to be? Oh, no! Just put on Ayer's Hair Vigor and have long, thick hair; soft, even hair. But first of all, stop your hair from coming out. Save what you have. Ayer's Hair Vigor will not disappoint you. It feeds the hair-bulbs; makes weak hair strong.
