## CONSERVATIVE SWEEP

**Mr. Whitney's Majority  
nearly 70**

**Eight Conservatives in Toronto  
—The Three Yorks also.**

Most people thought that Mr. J. P. Whitney and his supporters would be triumphant at the General Election, but few prophesied that the majority would be larger than that gained three and a half years ago, Monday's vote, however, shows a much larger majority than was secured in 1905. All of the ministers were returned with the exception of Hon. N. Monteith, Minister of Agriculture. It was generally thought that the count in East York would be close, but although Mr. Curry carried on a clean and able campaign, he was defeated by Mr. Alex. McCowan by about 700. In North York Mr. Lennox won from Mr. Johnston by nearly 500, and in West York Dr. Godfrey defeated Mr. Verral by nearly 1,500.

Now that the elections are over people begin to give various reasons for the overwhelming defeat of the Liberal party. Hon. Mr. McKay made a plucky fight, but to be candid, it could not be expected that the electors would turn out Mr. Whitney after only one term. In the eyes of many Mr. Whitney is not an ideal Premier, but it is generally thought he is honest, and his Government so far has been free from scandal. His government is at least talking about cheap power from Niagara Falls, and it is only reasonable that they be allowed time to show whether they can make a success of their undertakings.

On the other hand the charges made against them by their opponents were not of a very serious nature. Had the Liberals in the house made a determined kick against the \$2,500,000 guarantee they might have been taken more seriously in the campaign, but they did not. They also condemned the Government for what is known as the three-fifths majority in local option contests, but the condemnation was not particularly pronounced. And a good deal was also said about "that last awful week."

In East York Liberals are naturally disappointed with the result. They have not a word to say against Mr. McCowan as a good, honest man, but they saw in Mr. Curry one whose past record stamped him as a man who would have taken his place in Parliament among the ablest in the house.

### PRESENTATION.

Citizens of this place had grown so accustomed to the familiar face of Mr. Josh Horner, of the firm of Horner Bros., milkmen, that they looked upon him as one of Richmond Hill's fixtures. Starting on the milk wagon when a boy, he served us faithfully for 27 years, and many were the expressions of regret when it was learned that he had decided to sever his connection with the firm, and settle in the West. We could name many people who are generally willing and anxious to do little favors for their friends, but with most of us we like to be consulted as to how much we shall sacrifice for the good of others. With Josh it seemed different. For 27 long years he carried parcels and passengers: his generosity was unlimited, and we have yet to learn that he ever complained, no matter how much his milk-wagon was crowded. He was always kind and courteous to old and young alike, and scores of children have learned the geography of our town by rides on the milk wagon. A few days before his departure a committee decided to present him with a Carbine Camera, and more than 100 patrons and well-wishers contributed. Monday evening the friends met in Mr. Jerry Smith's office, when the presentation was made, accompanied by an address. Mr. Horner gratefully acknowledged the remembrance (which was accepted in the spirit in which it was given), referred to the pleasant associations of the past, and said the gift would be another reminder of his old home and many kind friends. The following is the address:  
Dear Friend,  
It was with feelings of deep regret we heard recently of your anticipated removal to the North West, where you have hopes in wider sphere to better your position in life, and in order to express in some small measure our hearty appreciation of your efforts to serve your patrons with lactated fluid for the past twenty seven years, we have solicited sufficient to purchase this camera, which we thought would convey to you, in the best way, our feelings with regard to you, amateur photography being a sport in which you are particularly interested, and which will be pursued by you extensively in your new home. We thought you would remember your old patrons more readily by this means than any other form. Apart from the disposal of an article which we have at all times found up to the standard, the manner of dispensing it has added much to your popularity as a vendor, at all times courteous, obliging, liberal and jovial. You have found a place in the hearts of your patrons and created a void that will be difficult to fill.  
It was only by coming in contact with your patrons during our canvass we found many cases where liberality has been shown in a marked degree, and charity has been dispensed when you thought none but the all-seeing eye beheld it. Under the circumstances it is a pleasure for us to show in ever so small a manner our appreciation of your efforts to perform your duty in cold and heat, in sunshine and rain, through mud and snow, very seldom was the dingle of your bell not heard to awaken in us a thirst for the necessary fluid.  
We hope and trust an all-wise providence will still protect you for years to come, and no matter where your lot be cast, may prosperity and happiness always be yours. We will look forward to the time when some of us may again welcome you in our midst.  
Signed on behalf of your patrons:—  
JOHN INNES,  
H. A. NICHOLLS,  
T. F. McMAHON,  
JOHN GLASS,  
A. G. SAVAGE,  
J. H. SANDERSON,

### COMMON SENSE

Leads most intelligent people to use only medicines of known composition. Therefore it is that Dr. Pierce's medicines, the makers of which print every ingredient entering into them upon the bottle wrappers and attest its correctness under oath, are daily growing in favor. The composition of Dr. Pierce's medicines is open to everybody. Dr. Pierce being desirous of having the search light of investigation turned fully upon his formula, being confident that the better the composition of these medicines is known the more will their great curative merits be recognized. Being wholly made of the active medicinal principles extracted from native forest roots, by exact processes original with Dr. Pierce, and without the use of a drop of alcohol, triple-refined and chemically pure glycerine being used instead in extracting and preserving the curative virtues residing in the roots employed, these medicines are entirely free from the objection of doing harm by creating an appetite for either alcoholic beverages or habit-forming drugs. Examine the formula on their bottle wrappers—the same as sworn to by Dr. Pierce, and you will find that his "Golden Medical Discovery," the great blood-purifier, stomach tonic and bowel regulator—the medicine which, while not recommended to cure consumption in its advanced stages (no medicine will do that) yet does cure all those catarrhal conditions of head and throat, weak stomach, torpid liver and bronchial troubles, weak lungs and hang-on-coughs, which, if neglected or badly treated lead up to and finally terminate in consumption.  
Take the "Golden Medical Discovery" in time and it is not likely to disappoint you if only you give it a thorough and fair trial. Don't expect miracles. It won't do supernatural things. You must exercise your patience and persevere in its use for a reasonable length of time to get its full benefits. The ingredients of which Dr. Pierce's medicines are composed have the unqualified endorsement of scores of medical leaders—better than any amount of lay, or non-professional, testimonials. They are not given away to be experimented with but are sold by all dealers in medicines at reasonable prices.
