RICHMOND HILL, ONT., June 18, 1908

Rev. Dr. Carman expresses great faith in the Whitney Government a long the lines of temperance. The Dr. reasons it out in this way. "Mr. Whitney has been endorsed by an overwhelming majority so he will meet the wishes of the people in respect to temperance, and abolish the three-fifths clause." But why should Dr. Carman expect the premier to do anything of the kind? From a politi look like ingratitude. It is only reasonests all supported Mr. Whitney, as against Mr. McKay, because the sold by W. A. Sanderson, latter opposed the three-fifths clause in local option contests. The people expressed themselves very emphatically, and turned down nearly every candidate who advocated doing away with the three fifths clause.

DON'T BORROW TROUBLE.

"Never trouble trouble, till trouble troubles you," and if you owe any money go to bed and sleep. "Let the other fellow walk the floor"-you need the rest to enable you to work and earn it to pay him back, and that is good sound advice, says the New Idea Woman's Magazine for July. If you worry yourself to death over the evcry-day annoyances of life, you will deserve all the suffering it creates, such as sickness, poverty, disappointment and loss of good looks, and can only boast a warped disposition. All these conditions keep off the good things that might be yours for the taking. So let us sing blithely, let us smile cheerfully, let us do our level best.

If one feels dull and spiritless, in the spring or early summer, they call it "Spring Fever." But there is no fever -usually. It is the after effect of our winter habits. The nerves are mostly at fault. Tired, worn-out nerves leave us languid, lifeless, and without spirit or ambition. A few doses of Dr. Shoop's Restorative will absolutely change all of these depressing symptoms. The Restorative of course won't bring you back to full health in a day or two, but it will do enough in 48 hours to satisfy you that the remedy is reaching that "tired spot." Druggists everywhere are advising its use as a splendid and prompt general tonic. It gives more vim and spirit to the spoonful than any other known nerve The Victoria Square Methodist S. Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-Agency for the district in which the hand is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may if he so desires, perform the required residence duties by living on farming land owned solely by him not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownerships in

land will not meet this requirement. (3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for him in the vicinity, such homesteader may perform his own residence daties by living with the father (or mother).

(4) The term "vicinity" in the two preceding paragraphs is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measmement.

(5) A homesteader intending to perform his residence duties in accordance with the above while fiving with parents or on farming land owned by himself must notify the Agent for the

district of such intention. Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention
