

## PLAY THE GAME.

Lord Roberts is not generally referred to as a man of words so much as he is to a man of deeds. The few speeches he delivered while at Ottawa, however, prove him to be a forceful as well as a practical speaker. The great general dwelt at length upon the advantages of rifle shooting in boyhood as one of the means to ensure national safety, and his words bearing on athletic sports are a sermon in themselves. Relative to athletics Lord Roberts said:—

"There is another point about which I would like to say a word. I notice that your young people take great interest in athletics. I am a firm believer in their value, if carried out in true spirit and moderation, but I hope that young Canada will always remember that in athletics as in all their relations of life they must play the game in the truest sense of the word. They must play for the sake of the game, preferring to lose it fairly rather than to win it unfairly. They must be ready not to grudge their opponents every fair advantage and thus be prepared to lose with a good temper and win without boasting."

An editorial paragraph in the last number of that broadminded weekly, The Canadian Courier, suggests the importance of harmony between the two races in this fair Dominion. It is certainly a fact that people often hate one another simply because they do not know one another, and that prejudices frequently die away when men are drawn together. One man sometimes helps another not because they belong to the same lodge, but because, belonging to that lodge, they have learned to know each other's worth. It is not at all probable that Sir Wilfrid Laurier will ever contest a Toronto constituency, but the article in The Courier contains so much that is logical and true that we quote it in full as follows:—

"The rumour that Sir Wilfrid would run for a Toronto Constituency was probably too good to be true. Toronto needs just the certificate of character as a friend of bi-racial harmony which the election of Sir Wilfrid from one of her divisions would give her. Then if some stout English speaking race harmoniser—like Col. George T. Dennison, for example—could be elected for a purely French-Canadian constituency in Quebec, we would have another couplet to embalm in history alongside that of Baldwin and Lafontaine, who each found a seat in the other's province. I venture to say that all Torontonians who visited Quebec during the Tercentenary are from this day forward race harmonisers. We had Sir James Whitney declaring that he felt like a French-Canadian speaking English; and, on all sides, the Ontario visitors were delighted at the spirit shown and the courteous hospitality which is a second nature with our fellow countrymen of French origin. There in fact, lies the foundation stone of the Dominion. Race harmony will ensure us a British Canada for all time. Race division and mutual suspicion will lead straight to disaster, disintegration and national death."

## Synopsis of Canadian North-West

### HOMESTEAD REGULATIONS

ANY even numbered sections of Dominion Lands in Manitoba, Saskatchewan and Alberta, excepting 8 and 23, not reserved, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Application for entry must be made in person by the applicant at a Dominion Lands Agency or Sub-Agency for the district in which the land is situate. Entry by proxy may, however, be made at an agency on certain conditions by the father, mother, son, daughter, brother or sister of an intending homesteader.

The homesteader is required to perform the homestead duties under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.

(2) A homesteader may if he so desires, perform the required residence duties by living on farming land owned solely by him not less than eighty (80) acres in extent, in the vicinity of his homestead. Joint ownerships in land will not meet this requirement.

(3) If the father (or mother, if the father is deceased) of a homesteader has permanent residence on farming land owned solely by him, not less than eighty (80) acres in extent, in the vicinity of the homestead, or upon a homestead entered for him in the vicinity, such homesteader may perform his own residence duties by living with the father (or mother).

(4) The term "vicinity" is defined as meaning not more than nine miles in a direct line, exclusive of the width of road allowances crossed in the measurement.

(5) A homesteader intending to perform his residence duties in accordance with the above while living with parents or on farming land owned by himself must notify the Agent for the district of such intention.

Six months' notice in writing must be given to the Commissioner of Dominion Lands at Ottawa, of intention to apply for patent.
