RICHMOND HILL, ONT., August 20, 1908

After a spirited campaign Hon. Walter Scott has been returned to power in Saskatchewan Province half of the section. with an increased majority. The parties stand 14 Conservatives, 26 Liberals in a house of 40.

The announcement that Sir Wilfrid Laurier will make a tour through Ontario commencing about the 15th of September, comes as a piece of good news. The first public address will be given at Niagara Falls, and Mr. F. G. Inwood, secretary of the Ontario Reform Association, is at present arranging the remainder of the dates. No other man in Canada home of Mr. W. S. Graham. can rouse the enthusiasm that Sir Wilfrid ean, and it is always a treat to hear him discuss the political questions of the day. Even in Tory Toronto men who seem pledged to vote against him are always ready to cheer to the echo the utterances of the great leader of the Liberal party.

when he learns that the race trouble continues in the United States. is long as citizens of any country are allowed to lynch negroes for offences which if committed by whites would will that country experience race difficulties which lead to bloodshed and disgrace. It is true depredations of a revolting nature are committed from time to time by those whose that crimes equally horrible are committed by the whites. Let the punishment be commensurate to the crime, and not be meted out by those who are probably as vile as those who committed the deed. And above all let there be only one law for blacks and whites alike. In the city of Springfield a few days ago negroes were hanged to a tree, against whom there was not the suspicion of a crime, simply because the mob could not lay their hands on the guilty party. Such a proceeding is a disgrace to any from Ontario. This fare carries the civilized country, and the offenders should be dealt with as they would be in this country.

### Victoria Square.

On Thursday evening, August 13, a large number of friends of both sexes and all ages and sizes met at School No. 4 to pay honor by word and act to Mr. L. L. Nichols. Mr. Nichols for three years has been teacher in that section but has resigned his work there to resume it at S. S. No. 5.

Beginning shortly after 8 o'clock a programme of some length was rendered. Mr. Beattie occupying the chair. After an interesting recitation by Master J. Cosgrove, complimentary and reminiscent speeches were delivered by Messis. Walter Frisby, Foster Hickson, Walter Eyer, Geo. Williams and Thos. Johnson. Following these was the presentation of a beautiful leather suit case and address by J. Cosgrove and Miss Williams. In an appreciative reply, Mr. Nichols spoke in feeling manner of his pleasant relations with the scholars and residents of the section during his time amongst them. His chief appeal was to the children, that in the future, as he was grateful to say, had generally been the case in. the past, they should at all times be honest, straightforward, respectful and

The chairman left the balance of the programme in the hands of the ladies who had brought ample supplies of refreshments. As is usual with the ladies of this community they did their part well as did also those who partook.

Mr. Nichols has been popular and very successful in his labors at No. 4 and the guests of the evening before dispersing did not fail to express their deep regret at his departure. The following is the address:

DEAR TEACHER—on the eve of your departure from our midst, we the pupils of this section take this opportunity to show in a measure our love

and appreciation toward you. During the few short years that you have been our teacher, we have been steadily and unconsciously forming a strong attachment to you. We have been often trying and disobedient to

you. Your untiring patience and perseverance have been something from which we may all tearn. You have al ways been kind and generous to us, faithfully teaching us the true principles of life, ever to be homest and truthful. All our associations have been most pleasant.

We therefore ask von to accept this present as a token of our appreciation of your work in our school. Wishing you every success in the future on be-

Our public school teacher has decided to accept a position in Omemee school, the salary of about \$400 offered by the Trustees to him not being considered enough to keep body and soul together. To become a successful teacher it requires time and money to prepare so as to give satisfaction to those who engage them that they may train properly the pupils under their care. Good teachers should receive good salaries so that they may put some money past for the future. There is no encouragement for good teachers to continue No person need express surprise long in the profession; they are forced to accept some other position in order to lay up something for a wet day. Let teachers form a union and strike for higher salaries.

### WESTERN CALL FOR MEN.

### 25,000 HARVESTERS ARE NEEDED AND GOOD WAGES OFFERED.

Preparations have commenced in earnest for the handling of the Northwest's big wheat crop, the only difficulty experienced by farmers being the scarcity of labor in the harvest fields. It is to induce men to go to the West that the C. P. R. has made the remarkably low rate of ten dollars holder to any point on the company's lines east of Moose Jaw; trains are run direct to Winnipeg, and the men are re-ticketed there for the points where they wish to work. After at least one month's work in the field, laborers are issued tickets back to Ontario starting points at \$18.00. Leaving dates of Canadian Pacific excursions are Sept. 1 and Sept. 8 from stations northwest of Toronto, Sept. 1, 9, from stations southwest of Toronto, and Aug. 22, 27, Sept. 2, 11, 14 from stations east of Toronto. The C. P. R. is the only Canadian route to the West, and the only line carrying farm laborers through without change. Apply to ticket agents or C. B. Foster, District Passenger Agent, Toronto, for full information.

### SABBATH SCHOOL PICNIC.

The Methodist Sabbath school excursion and picnic at Bond Lake yesterday afternoon was most successful. More than 150 went on the special and the regular car that followed, and a large number followed on late cars. The accommodation was all that could be desired. The gasoline launch and the row boats were much in evidence in the afternoon. Miss Trench and Miss Storey were captains in a baseball match, the former's side winning after a fierce struggle. Between 5 and 6 o'clock luncheon was served in the pavilion. The superintendent, Mr. J. H. Sanderson is to be congratulated on the success of the afternoon. The following were prize-winners in a program of athletic sports:-
