At the last practice of the Fire Brigade it was plainly evident that the fire engine was not able to do its work as formerly. It would take a lot of money to procure a new, up-to-date engine, but if one has to be purchased it would be much better to think about it before a fire takes place.

A "Bachelor from Lansing" writes a letter to THE LIBERAL giving reasons why he is not married. We never like to reject a communication, but, as the letter is somewhat personal, and as he does not give his name, he can scarcely expect to see his communication in print. If he is sincere we see no good reason for him withholding his signature.

Miss Ross who has conducted a grocery business in the Lorne Block during the past twelve years has decided to retire, and has disposed of her stock to Mr. Fred Grainger who will take possession in a few days. By industry, perseverance and courtesy she gathered round her an excellent class of customers whose confidence she has long enjoyed.

BAZAR AND CONCERT.

The Bazar and Concert in aid of St. Stephen's church, Maple, Tuesday evening was a most successful affair. The articles on sale gave good satisfaction and the tea was well up to the standard. The concert was a treat. Rev. Mr. Jones of Maple gave an address, Mr. Paris as a comedian was in fine form, and the Laskay Band gave some excellent music. The proceeds Tuesday evening amounted to \$106, and a social was held the following evening when a neat sum was also realized.

IN FULL BLOOM.

More than one hundred people visited the home of Councillor Sanderson last Friday evening to witness a plant of the Night Blooming Series in full bloom. Mr. Sanderson has two of the plants in different pots, one being probably seven years old and the other about fourteen years. Friday night was the first time that either plants flowered, and the singular thing about it was that both were in full bloom at exactly the same time. The room was filled with the aroma, and the large and delicate lily-like flowers were beautiful.

The footprints of Dyspepsia have been directly traced to the Stomach nerves. When these "inside nerves" fail, indigestion and stomach distress must surely result. For this, druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative First, these tiny inside Stomach, Heart, and Kidney nerves fail. Then gas belching, Heart palpitation, or failing Kidneys follow. Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. Strengthen these failing nerves with Dr. Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the restorative treatment, you will realize the gain. A test will tell. Sold by W. A. Sanderson.

SEPTEMBER ROD AND GUN.

Duck shooting has a great fascination in September and Rod and Gun and Motor Sports in Canada published by W. J. Taylor, Woodstock, Ont. deals in a generous manner with the duck hunter in its September issue. Eastern, Central and Western Canada contributes duck hunting stories, and the differences in the conditions under which the sport is pursued in various parts of the country are well brought out. Every duck hunter will sympathize with the work of the Brandon people in making a collection of the native wild fowl and trust their example will be followed in various parts of the Dominion. There is plenty of variety scattered through the pages of an excellent number, not only in the Departments, but also in the numerous articles and stories making up the issue.

Edward Blake, of the value of \$35, with free tuition for three years, of a total value of \$143.

FAMOUS FRENCH PICTURES.

Among the French pictures that will be on view at the Canadian National Exhibition, Toronto, are some by the first artists in France, and of the most charming description. "The Way of the Strong", by Frances Auburtin, Chevalier of the Legion of Honor, is particularly striking, and has been widely reviewed as one of the first works of modern art. "A Young Woman" is another especially attractive painting, by Rene Avidor, Medalist of the French Society of Artists. "A Siesta at Seville" is another superior work of art, by Henri Zo, which has received much favorable comment and is held in high esteem in France. "Going to the Hunt at Fontainebleau", by Paul Tavernier, is a strong lifelike picture that was secured for exhibition after a great deal of trouble. There are, in all, seventeen of these pictures, besides thirty by British artists, the whole forming one of the best Art Loan Collections ever got together.
