Our village is at present enjoying a period of prosperity. All of the merchants and other business men are doing a good trade, and there is a constant demand for houses to rent and to buy. The accommodation given by the temperance house, to the travelling public and the permanent boarders, is all that can be desired, and all speak highly of the way the house is conducted. Since we have had local option, trade, instead of falling off, has been steadily increasing, and we have no desire to go back to the old license system. The present law has been a great benefit to our village and the surrounding country.

It's a pity when sick ones drug the stomach or stimulate the Heart and Kidneys. That is all wrong! A weak Stomach, means weak Stomach nerves, always. And this is also true of the Heart and Kidneys. The weak nerves are instead crying out for help. This explains why Dr. Shoop's Restorative is promptly helping Stomach, Heart, and Kidney ailments. The Restorative reaches out for the actual cause of these ailments—the falling "inside nerves". Anyway test the Restorative 48 hours. It won't cure so soon as that but you will surely know that help is coming. Sold by W. A. Sanderson.
