

# PASTOR ACCUSED OF MURDER

## A Reward for the Arrest of Rev. J. H. Carmichael.

A despatch from Port Huron says: By means of two false teeth it was definitely established on Friday afternoon that Gideon Browning, a carpenter of Adair Village, was the man who was butchered on Tuesday evening of last week in the little Rattle Run Methodist Church in Columbus Township.

With part of the mystery which has enshrouded the brutal crime thus cleared, the supervisors of St. Clair County immediately offered a reward of \$500 for the arrest of Rev. John H. Carmichael of Adair, pastor of the little church, and the man who was at first supposed to have been killed, dismembered and then burned in the church stoves, thus becomes the alleged murderer. He is a man over 6 feet tall, weighing more than 200 pounds.

Strenuous efforts to discover some motive for the destruction of the carpenter by the minister were fruitless. Rumors that Carmichael had been seen crossing the St. Clair River into Canada could not be cor-

roborated. An officer sent to St. Thomas, Ont., reported no trace of him there.

The wife and daughter of the minister were examined on Friday by the prosecuting attorney here, and he stated afterward that he was convinced that they knew nothing of the murderer nor the man's disappearance. A statement by Mrs. Carmichael, that her husband's sister is an inmate of an insane asylum in West Virginia, may explain some of the horrible features of the crime, if the authorities' suspicious about Rev. Mr. Carmichael are borne out. Mrs. Carmichael also said that her husband was moody and restless the night before he disappeared, and apparently brooding over something.

It was also learned that on Monday, the day before the murder, Rev. Mr. Carmichael came to the post-office in Adair, apparently much agitated and perturbed, and received a letter which he took away without opening.

### MAGISTRATE AND JAILER.

#### Take Part in a Free Fight at Ste. Agathe, Que.

A despatch from Montreal says: A sensational story is reported here from St. Agathe, a small town in the Laurentians, a short distance north of this city. While the trial of a man named Roberts was in progress Jailer Loiseau entered and ordered several witnesses to refuse to give evidence. The presiding Magistrate ordered a policeman to arrest the jailer, but he refused. The Magistrate then tried to make the arrest, but a free fight followed. A Judge then condemned the jailer for contempt of court, and ordered Bailiff Garceau to take charge of the jailer. Another fight followed in which the jailer came out best. The Magistrate has declared that he will resign unless the jailer is dismissed.

### C. P. R. WESTERN LINES.

#### Thirty Million Dollars Required This Year.

A despatch from Winnipeg says: Thirty million dollars was mentioned on Thursday at the local offices of the Canadian Pacific as the sum which Second Vice-President Whyte will ask from the treasury of the company to be expended on western lines during the season of 1909. Mr. Whyte will leave for the east on Friday and will spend the following week in Montreal. He will be accompanied by the chief engineer for western lines, J. E. Schwitzer, who for several weeks past has been devoting his entire time to a consideration of the work to be done next year in connection with the building of additional track and betterment and maintenance of existing lines.

# MOUNTED POLICE MISSING

## It Is Feared They Have Been Drowned in Hudson's Bay.

A despatch from Winnipeg says: Messrs. R. D. Fry, F. Peters, and E. Morrier, surveyors, who have been working at Fort Churchill for some months, the latter two being engaged in laying out a townsite there under the direction of the Dominion Government, arrived in Winnipeg on Wednesday morning after an arduous trip in by dog train. All three were clothed in the Esquimaux garb of reindeer skins. They bring the startling intelligence that two patrols of mounted police have been lost in the vicinity of Churchill and Fullerton. One of the missing parties was in charge of Inspector Peltier of the R.N.W.M.P., and the other was in charge of Sergt. Donaldson. Inspector Peltier, accompanied by a party of Indians, left Athabasca Landing early this year for Chesterfield Inlet, on the annual patrol trip, and in search of missing Geological Surveyor Caldwell, who has been lost for two years in the north. In August Sergt. Donaldson left Churchill for Fullerton, the farthest point north in Canada inhabited by white men, to meet

Inspector Peltier. Both parties were to return to Churchill by September 1, but as yet have not shown up. Sergt. Donaldson was in charge of a squad of four, Corporal Reeves, an interpreter and two Eskimos. They travelled in one of the small coast steamers from Fort Churchill, and it is thought that this vessel may have capsized on the Hudson Bay. A party was sent out from Fort Churchill on November 22 by Major Moody to search for the missing men. They are travelling by dog train, and will go north to Fullerton. "Hudson Bay is always open," said Mr. Morrier, when asked about navigation on the Bay. At Churchill the ice left on July 10, and it froze over again on November 10. The Hudson Bay steamer Pelican was at Churchill in August. In July it was tied up at York Factory for twelve days, on account of ice in the mouth of the river. The only place where serious trouble would be encountered would be at the Straits, where the ice blocks up, but there is said to be an open channel through this.

# THE WORLD'S MARKETS

## REPORTS FROM THE LEADING TRADE CENTRES.

### Prices of Cattle, Grain, Cheese and Other Dairy Produce at Home and Abroad.

#### BREADSTUFFS.

Toronto, Jan. 12.—Flour—Ontario wheat 90 per cent. patents quoted at \$3.70 to-day in buyers' sacks for export. Manitoba flour, first patents, \$5.80 on track, Toronto; second patents, \$5.30, and strong bakers', \$5.10 to \$5.20.

Bran—\$19.00. Flour—First patents, \$5.40 to \$5.65; second patents, \$5.30 to \$5.40; first clears, \$4.00 to \$4.10; second

# MANY QUAKES YET TO COME

## Likely to Occur in Sicily for Two Years, Says Observatory Director

A despatch from Rome says: The people of Messina mourn more than anything else the destruction of their cathedral, the glory of Messina, which had been famous for centuries, defying all former earthquakes, with its beautiful cyclopean monolith column and glorious Norman, Angevin and Aragonese tombs of kings of Italy. All are ruined. The condition of the Calabrese Provinces is most desolate. They are an immense silent necropolis, stretching from the Ionian to the Tyrrhonian Sea. Father Alfari, director of the Florence Observatory, is of the opinion that earthquakes will continue two or three years, being violent at the beginning and gradually decreasing. During the following three months shocks will be felt at Messina and Reggio. If of frequent occurrence they will be slight, if infrequent they will be violent. Hence Father Alfari warns the rescuers at Messina and Reggio to be cautious.

#### RESCUED ALIVE FROM RUINS.

Earthquakes continue at Messina. Most of the shocks are slight, but several have been rather violent, causing the collapse of several houses that remained standing after the shock of Dec. 28.

Ten persons were rescued alive from the ruins on Tuesday. Soldiers are burying the bodies found on the surface of the ruins. Two thousand were entrenched in deep ditches on Wednesday. Food is plentiful. The evacuation of Messina is being hastened. Survivors are arriving at Naples on every train. Five hundred arrived at Rome on Tuesday. A majority of them were forwarded to Milan and Genoa.

Gen. Mazza, who is in supreme command in the earthquake area, has telegraphed to Premier Giolitti that the securities of the Banca di Italia, the Banca Commerciale, the Navigazione Generale Italiana and the Societa Veloce, have been recovered from the ruins of the buildings occupied by those concerns. He adds that help is being given to other banks and commercial firms in searching for their securities.

Dowager Queen Margherita will donate \$200,000 to build and en-

dow an orphanage for 100 children whose parents were killed in the recent earthquake.

An earthquake started a landslide on the mountain above Iocati, Sicily, on Wednesday. Several houses were demolished and four persons were killed.

The Bishop of Tropea, Calabria, reports that 500 churches in his diocese alone were destroyed by the earthquake.

#### TO REBUILD RUINED CITY.

A despatch from Rome says: A special session of the Chamber of Deputies, called to adopt measures for the alleviation of the situation in Calabria and Messina, met on Friday night. Over 400 members were present and the galleries were crowded with visitors. The scene was a most solemn and pathetic one. Signor Macora, president of the Chamber, made a speech commemorating those who lost their lives through the earthquake, to which the Deputies listened, standing in religious silence.

Signor Macora was often interrupted by his own and the Deputies' sobs and weeping, especially the Sicilian and Calabrian Deputies, all of whom had lost relatives and friends in the disaster. He spoke feelingly of the tributes of sympathy shown by the entire world, and praised the King and Queen for being among the first to go to the stricken districts. He expressed gratitude for the help given by the vessels of the foreign navies, the men of which performed works of heroism, and had united with Italian soldiers and sailors to aid suffering humanity. He concluded his speech by declaring that the ruined cities would rise again. The only time the silence was broken in the course of the speech was when Signor Macora referred to the King and Queen and the foreign warships, at which the Deputies cheered.

Premier Giolitti presented a project of law regulating the situation. He thanked all the nations of the world for aid they had given. He also declared that Reggio and Messina would be rebuilt.

Slight earthquakes continue. The worst have occurred at Reggio, where several damaged buildings collapsed.

important concern in the city anticipate a very busy season, and expect to have their shops running to the fullest capacity in a few weeks. The relations between the iron workers and moulders unions and the employers is most cordial, which makes the outlook for the men exceedingly bright.

Police Force is in Jail and Public Can't Find Clue.

A despatch from Simcoe says: The office of J. B. Jackson, coal dealer, was entered on Thursday night. The safe was broken open and about \$20 in silver was taken. There have been a number of petty robberies lately, and as the whole police force is in jail there is no clue to the thieves. No competent police protection has been provided by the town since Malone was arrested.

KILLED BY BROTHER.

Shot Aimed at Rabbit Entered Man's Leg.

A despatch from Petrolia says: James Bullock was shot and killed on Thursday by his brother Bert, who aimed at a running rabbit and hit James in the leg. The accident took place on the farm of John Doyle, near Oil Springs.

ATTACKED WITH A HAMMER.

Wife of Manitoba Farmer Victim of Hired Man.

A despatch from Brandon, Manitoba, says: Mrs. Hunter Cooper, wife of a well known farmer living near Bradwardine, while driving home on Wednesday was attacked by the hired man, named Harry Scarr, an Englishman, 19 years of age. Armed with a hammer, Scarr struck Mrs. Cooper a number of times over the head, fracturing her skull. He then went to Bradwardine, and meeting Mr. Cooper informed him of what he had done. Scarr was kept under surveillance for a few hours and then arrested and placed in a box car awaiting transportation to jail here.

#### LIVE STOCK MARKET.

Toronto, Jan. 12.—Business was brisk, prices good and steady, with practically no change. Everything was cleared out before the market closed. A few extra choice cattle sold at good prices, but the export trade was only moderate, owing to the limited space available on vessels sailing next week. Good steers sold at \$5.55. Butchers'—Business active; prices steady at last week's quotations, viz.: \$4 to \$4.50 for good cattle, and \$4.50 to \$4.80 for extra choice. Sheep—Firm. Lambs—Steady. Hogs—Firm and unchanged.

#### FELL ON ANOTHER MAN.

Peter Peterson Killed in Mine at Giroux Lake.

A despatch from Cobalt says: On Wednesday night another fatal accident took place at the Davis mine, Giroux Lake. Four men were engaged in a shaft down sixty-five feet; three had gone down the ladderway. Peter Peterson, a Finlander, single, aged 32, called down to his partners below that he was coming down a rope used on the whim for hoisting. Peterson started down the rope, which gave way, precipitating him to the bottom of the shaft sixty-five feet and killing him instantly. Peterson fell upon Mat Neamee below. Neamee is in the Red Cross Hospital. His injuries are not considered fatal unless complications set in.

#### FOUNDRIES HIRING MEN.

Rush of Orders for Iron Goods Sign of Good Times.

A despatch from Toronto says: The big foundries and factories are increasing their pay rolls in consequence of the rush of orders for iron goods. Managers of every
