

HE KNOWS FROM HIS EXPERIENCE

THAT DODD'S KIDNEY PILLS WILL CURE BRIGHT'S DISEASE.

Postmaster Cote Tells How the Great Canadian Kidney Remedy Cured Him After Doctors Had Given Him Up.

Le Petit Bois Franc, Temiscouata Co., Que., Jan. 25 (Special).—Mr. Charles Cote, postmaster here, is firmly convinced that Dodd's Kidney Pills will cure Bright's Disease or any other disease of the Kidneys. He knows it from his own experience. Hear what he says:

"For over four years I was troubled with Backache, Rheumatism and lack of ambition, and my urine was of a dark unnatural color. I was attended by three doctors who did me no good. The last one told me it was only a waste of money to try anything else as I could not live more than a year at the outside.

"At the verge of death I decided to give Dodd's Kidney Pills a trial. I used eighteen boxes and to-day my Rheumatism, Backache and Headache are gone. My urine is like that of a child. I feel I owe my life to Dodd's Kidney Pills."

Postmaster Cote had all the symptoms of Bright's Disease. The doctors evidently knew he had Bright's Disease—the most deadly form of Kidney Disease. Dodd's Kidney Pills cured him. They will cure any form of Kidney disease.

PENITENTIARY REPORT.

A Slight Decrease in the Number of Convicts.

The Dominion Department of Justice report for the last fiscal year has appeared. It shows a slight falling off in the penitentiary population of Canada. The number serving sentence last year was 1,418, a decrease of 15. There were 215 prisoners released on parole during the year covered by the report, 20 prisoners were pardoned, and 6 in British Columbia escaped. It is stated escapes were due to lack of discipline and disregard of prison regulations.

The report notes that the proportion of youthful prisoners is greater in the east than in the west. Convicts under twenty years of age form 19 per cent. of the population of the Dorchester Prison, 17 per cent. at St. Vincent de Paul and in Manitoba only three per cent. This may be attributed to the policy of the Judges in not sending youths to a penitentiary in the west. Sixty per cent. of all convicts at Canadian born, 16 per cent. British and 10 per cent. from the United States. The greatest increase has been in the case of Italian convicts. Six hundred and ninety one of the convicts profess adherence to the Roman Catholic Church, 319 to the Church of England, 151 to the Methodist, 144 to the Presbyterian, 66 to the Baptist, 43 to the Lutheran, 17 to the Buddhist, 8 Jews, 2 Mormons and 20 unclassified.

Dominion Parole Officer Archibald reports that since 1899 there have been 1,135 prisoners who completed their sentences on parole, and there are 784 ticket-of-leave men still reporting. There have been 92 paroles cancelled and 35 have been forfeited by subsequent convictions.

ON THE SAME TERMS.

Diner (who has run up a heavy bill)—"You are manager here, eh. Well, six months ago I dined here, and unfortunately, being unable to pay my bill—er—you kicked me downstairs!"

The Manager—"Very sorry, indeed, sir, but business you know—er—I had to—er—"

Diner—"Oh, that's all right, old chap—but might I trouble you again?"

HATFUL OF DIAMONDS.

Wonderful Stories from German South Africa.

A recent arrival at Cape Town from Luderitzbucht (German Southwest Africa) has supplied interesting information regarding the remarkable diamond finds in that territory. The newly-found fields, writes a correspondent at Cape Town, are situated about seven miles from the coast, and claims have already been pegged out over a considerable area, the pegs in one claim being at high-water mark actually under water.

A writer in The Frankfurter Zeitung describes the impressions of a visitor to the diamond fields:

"It is marvellous. With my own eyes I have seen a whole hatful of little diamonds, beautifully bright and glittering, and at present prices worth 24s. a carat.

"Col. Harris, a director of the De Beers Company, tried to get 25,000 £1 shares, but was refused them, as the syndicate does not want to have a single De Beers Company director in its undertaking.

"A leading expert from Johannesburg has also been on the spot, and after examining the place for a whole ten days returned quite amazed. It is extremely curious that German capital has moved so slowly and refused so absolutely to give any help at the outset.

"It will be no wonder if other people rush in and skim off the cream. We shall have the same old experience—the accursed Britisher snatching everything away before our eyes."

The Frankfurter Zeitung publishes these cheerful reflections, with the remark that the reports are beyond doubt exaggerated, and that the diamond fever seems to have got the better of cool calculation.

'Tis Well to Know a Good Thing, said Mrs. Surface to Mrs. Knowwell, when they met in the street. "Why, where have you been for a week back?" "Oh, just down to the store for a bottle of Dr. Thomas' Electric Oil," and Mrs. Surface, who hates puns, walked on. But she remembered, and when she contracted a weak back there was another customer for Electric Oil.

PREPARATORY.

In times of peace a lot of otherwise sensible people make preparations to get married.

Repeat it:—"Shiloh's Cure will always cure my coughs and colds."

Hunker—"Halloa, Ricketts, when is your marriage to Miss Flirtie coming off?" Ricketts—"It has been indefinitely postponed." "What's the trouble?" "Oh, she married another fellow."

We Must Go from heated rooms to the cold winter air, and the change sets us coughing. Curing winter colds is not hard if you take Allen's Lung Balm. A neglected cold is troublesome and dangerous.

Reefer—"Dumps looks awfully down in the mouth. What's the matter with him?" Banks—"Well, the other evening he was doing the amiable to his sweetheart, don't you know—petting her and all that, and he absent-mindedly called her Kitty." Reefer—"Well, what of that?" Banks—"Her name's Eva."

Repeat it:—"Shiloh's Cure will always cure my coughs and colds."

Just the Thing That's Wanted.—A pill that acts upon the stomach and yet is so compounded that certain ingredients of it preserve their power and act upon the intestinal canals, so as to clear them of excreta the retention of which cannot but be hurtful, was long looked for by the medical profession. It was found in Parmelee's Vegetable Pills, which are the result of much expert study, and are scientifically prepared as a laxative and an alternative in one.

ANNOUNCEMENT.

The minister regarded his congregation with the light of a happy thought on his countenance.

"Next Sunday," he said, "I will preach from the choir loft."

There was a stir in the church, and the more understanding ladies flushed.

"Yes," the minister added, "and this will be continued until the style in hats once more enables my congregation to see me standing here."

Heard Her Death Sentence.

To obtain temporary relief when suffering is a great boon, but to be permanently cured and restored to health after being assured that one has not a year to live, is an experience that cannot fail to bring joy to any heart. Yet this is what Mrs. A. E. Ternan, of Norwich, Ont., says PSYCHINE accomplished in her case. She says: "It is ten years since I took PSYCHINE, and I have not taken ten dollars' worth of medicine since. I should not have lived out the year had it not been for PSYCHINE. I am now in excellent health." Can any testimony be stronger than this? If you are feeling worn out and run down try PSYCHINE. The greatest of tonics, PSYCHINE, restores the throat, lungs, heart, stomach, digestive and blood-making organs to perform their proper functions. The only specific known that will cure chronic weakness, catarrh and decline. Sold at all druggists and stores. 50c and \$1. Send for a free sample to Dr. T. A. HEROIC.

"A hero," says the Philosopher of Folly, "is a man who goes something on the spur of the moment that he wouldn't do if he had time to sit down and think it over."

A Woman's Sympathy

Are you discouraged? Is your doctor's bill a heavy financial load? Is your pain a heavy physical burden? I know what these mean to delicate women—I have been discouraged, too, but learned how to cure myself. I want to relieve your burdens. Why not end the pain and stop the doctor's bill? I can do this for you and will if you need do as to write for a free box of the remedy which has been placed in my hands to be given away. Perhaps this one box will cure you—it has done so for others. If so, I shall be happy and you will be cured for 2c (the cost of a postage stamp). Your letters held confidentially. Write to-day for my free treatment. MRS. F. E. CURRALL, Windsor, Ont.

'NUFF SAID.

Doctor—"Good-morning! How are you to-day?"

Patient—"I got your bill this morning."

A Cure for Fever and Ague.—Parmelee's Vegetable Pills are compounded for use in any climate, and they will be found to preserve their powers in any latitude. In fever and ague they act upon the secretions and neutralize the poison which has found its way into the blood. They correct the impurities which find entrance into the system through drinking water or food and if used as a preventive fevers are avoided.

A NEW DEFINITION.

The class was studying grammar. "Now," said the teacher, "can anyone give me a word ending with 'ous,' meaning full, as in 'dangerous,' full of danger, and 'hazardous,' full of hazard?"

There was silence in the class for a moment. Then a boy sitting in the front row put out his hand.

"Well, John," said the teacher, "what is your word?"

"Please sir," came the reply "pious," full of pie."

Repeat it:—"Shiloh's Cure will always cure my coughs and colds."

"To what do you attribute your success as a ruler?" After a moment's thought, the South American President replied: "Largely to bad marksmanship."

There is no medicine on the market that can compare with Bickle's Anti-Consumptive Syrup in expelling from the system the irritating germs that colds engender in the air passages. It is suicide to neglect your cold. Try the cheap experiment of ridding yourself of it by using Bickle's Syrup, which is a simple remedy, easily taken, and once used it will always be prized as a sovereign medicine.

Dentist to garrulous woman in the chair:

"Now, madam, if you want me to fill this tooth you will have to keep your mouth shut!"

TOO MUCH FOR HIM.

Smithson used to labor under the impression that he was a born humorist, but he has given up trying to be funny now.

He called one day on an old school friend, and was shown into a room where his chum's sister was busy arranging a quantity of dried grass which she had collected.

"What a quantity of dried grass you have collected, Miss Ritchie!" he said. Then his humor burst forth. "Nice room for a donkey to get into—"

"Make yourself at home, Mr. Smithson," said the girl, pleasantly.

When he arrived home all the humor was crushed out of him forever.

NERVOUS PROSTRATION.

Of nervous prostration we hear much now-a-days, and it is comforting to know that there are places specially equipped and located for combating this phase of modern life. On the main line of the Grand Trunk Railway System, at St. Catharines, Ontario, are located the curative Saline Springs known as the "St. Catharines Well." Connected with the Springs is "The Welland," where treatments for nervous prostration, rheumatism, etc., are given by skilled attendants in charge of a resident physician. St. Catharines is the mildest point in Canada during the winter months. For further information and all particulars apply to J. D. McDonald, D.P.A., Union Station, Toronto.

LAZINESS.

Some men are too lazy to go out and meet returning prosperity half way.
