The manager of the Richmond Hill Creamery and his assistant had a narrow escape from being seriously hurt one day last week. The present stockholders are well satisfied, as satisfactory dividends are paid on the money invested. Representatives of the Company will be present on Monday to give full particulars.

VAUGHAN COUNCIL WON.

A case of considerable importance, involving a point in law, came before the Dominion Board of Railway Commissioners yesterday. In May last Vaughan Council passed a resolution authorizing their Reeve and Clerk to sign Plans and Profiles of the diversion of a road at Nashville, 9th con. Vaughan, near Kleiburg station, provided that said plans and profiles are first approved by the solicitor for the Township. The diversion of the road had been asked by the Civil Engineer for the C. P. R. The plans and profiles had not been presented to Mr. W. H. Grant, Vaughan's solicitor, but the C. P. R. closed the road. At the November meeting Vaughan Council rescinded the former resolution, and instructed the C. P. R. Co. to have the fences removed, and the roadway put into proper condition for public travel. As the Company did not move in the matter the fence was taken down by order of Reeve Devins. The C. P. R. then took the case before the Railway Board. The case was dismissed after a short argument by the solicitors on either side. Judge Mabee charged strongly against the C. P. R. for their endeavors to close a public highway in an illegal manner.
